NEW TARIFF IN CANADA TO HIT U. S. CONCERNS

Annual \$25,000,000 Loss in Exports Is Expected by Commerce Department

OFFICIAL PROTEST Klein Believes Dominion Preparing for Fall Conference on Tariffs

Washington—(P)—A commerce department study of the Canadian tariff revision forecasts that the new duties may result in American exports losing \$25,000,000 annually in exports to the Dominion.

Assistant Secretary Klein, a leading authority on foreign and domestic commerce, in announcing the findings of the study last night, said that the new duties would be a "considerable tariff" by the standards of the 1930.

Last year Canada absorbed American goods valued at \$55,325,000, while the United States' total exports amounted to about \$5,500,000,000. Klein made his statement after Secretary Stimson announced that the revision because this country considered tariff as a domestic question exclusively.

Canada, Klein suggested, made the revision in an effort to alleviate its employment situation. He added it was obvious the Dominion was "putting herself in a favorable position" for a fall conference on reciprocal tariffs.

He recalled that Canada was "putting herself in a favorable position" for a fall conference on reciprocal tariffs. He recalled that Canada was "putting herself in a favorable position" for a fall conference on reciprocal tariffs.

Perry Nears End Of Long Return Trip

Leaves Chicago With Officers to Face Trial for Murder in Vilas-Co

Chicago—(P)—George (Gigs) Perry, wanted for murder and bigamist, was brought into Chicago today in custody of four police officers and was transferred immediately from train to automobile, bound for Eagle River, Wis., where he is wanted for the murder of Cora Belle Hackett, one of his wives.

Perry, after a nationwide search and several close escapes, from arrest was apprehended two weeks ago in California.

Perry was brought to Chicago on the Overland limited of the North Western road and was locked up for several minutes in the special agent's quarters at the station until an automobile was obtained for the trip to Eagle River.

Perry refused to admit his identity and answered most questions of newspapermen with the stock reply: "Aw, rats!"

"He says his name is Frank J. Moran," said Deputy Sheriff H. W. Parker of Vilas-Co, Wis.

"No, I don't," broke in the prisoner. "My name's Yeager, Oswald Yeager."

"What will you say when your wife in Milwaukee looks at you?" he was asked.

"Aw, rats," was the reply.

A question as to how he explained his positive identification by finger prints brought the same reply.

WOUND FATAL TO SLAYER OF GIRL

Kidnaper of Evelyn Brown, Beaver Dam, Dies in Minnesota Hospital

Wabasha, Minn.—(P)—Roy Ashley, 38-year-old section worker of Beaver Dam, Wis., died today in a hospital, 24 hours after he was shot by Evelyn Brown, 15, whom he kidnaped from her Beaver Dam home.

Ashley killed the girl after she shot and fatally wounded him in the abdomen, near Winona, Minn., yesterday when they stopped for Ashley to fill the automobile's radiator.

He was taken to the hospital here after the slaying and confessed he kidnaped the girl from her home Tuesday night over protest of her mother.

Just before he died today he told authorities he had been infatuated with the girl and had planned to flee to Montana with her.

STOCK PRICES CONTINUE BRISK UPWARD TREND

New York—(P)—Stock prices rose rapidly in another active buying movement today.

Shaking off early irregularity caused by active profit-taking, the market swung strongly upward during the afternoon under the leadership of the rails, most of which soared \$3 to \$8 a share. Industrials and utilities joined the procession eventually, with United States Steel, American Telephone and Telegraph, and General Electric leading.

Some investment buying and considerable short covering provided the impetus for the move which, following yesterday's sensational spurt, lifted the gloom that had gripped Wall-st for three months.

MINNESOTA BOND ISSUE GIVEN LEGAL APPROVAL

New York—(P)—Officials of the state of Minnesota today gave legal approval for issuance of a \$10,000,000 block of highway bonds.

After a conference among Attorney General Benson, W. H. Burnes, assistant attorney general; State Treasurer Julius Schmalz, highway commissioner Babcock and members of the law firm of Thomson, Wood and Hoffman, it was announced that the attorneys had approved the issue.

The Minnesota legislature at its 1929 and 1931 sessions authorized highway bond issues totaling \$10,000,000 under three acts, but there had been some doubt as to the legality of selling all the bonds this year.

FLIER AND WIFE PREPARING FOR TOUR OF ORIENT

Seek Permission to Land in China and Japan in Long Aerial Journey

Washington—(P)—Col. Charles A. Lindbergh will leave within a month for a flying tour of the Far East, making the trip by air across the north Pacific. Mrs. Lindbergh will accompany him.

The exact date of his departure has not been determined, but at his request the state department is asking the Japanese and Chinese governments for permission for him to land in those countries.

Although the trip across the north Pacific will not involve any long water hops, Col. Lindbergh is taking every safety precaution.

His Lockheed monoplane will be equipped with pontoons and he will make fueling arrangements at necessary points. State department officials said that if it was necessary for Lindbergh to land on the Soviet territory of Siberia he would secure permission privately as other fliers do when planning flights over Soviet territory.

"The purpose of the trip, Lindbergh told the department, was to tour the Orient. His present plans call for an air tour of two or three weeks around China and Japan."

The Lindberghs will not take with them their young son. Plans for the return trip from the Orient have not been arranged, Lindbergh stating that he had not determined whether he would return by boat or by the northern air route. The announcement of the proposed flight was made by Under-Secretary of State Castle in compliance with a request by Telephone from Col. Lindbergh today.

The exact route or itinerary of the trip was not clear in the minds of state department officials. "They said they presumed he would fly across the country to some point on the Pacific coast and thence across the northern Pacific."

They were uncertain whether he would begin his trans-Pacific flight from the extreme northern part of this country or from Alaska.

Officials of the Soviet information bureau, which communicates with the Moscow government in obtaining flying permission for Americans over Soviet territory, said today Col. Lindbergh had not sought such permission.

They expressed the opinion that such a request would be readily agreed to by the Moscow government, pointing out that Lindbergh is a well-known aviator.

COL. ROOSEVELT FOR 1932

Manchester, Mass.—(P)—Col. Edward M. House, political adviser to President Wilson during the greater part of his administration today declared his preference for Franklin D. Roosevelt as the Democratic party's next presidential candidate.

House, described Roosevelt as "the most available candidate."

"If nominated, he'd be elected," the colonel said. He said he also thought well of Newton D. Baker, former secretary of war under Wilson, but he had the greatest admiration for former Gov. Alfred E. Smith. "I was sorry the people didn't elect Smith the last time," he declared.

Asked if he had ever discussed the matter of the New York governor's prospects with him directly, House said he preferred not to answer.

Roosevelt, like House, was identified with the Wilson administration serving two terms as assistant secretary of the navy. House, who has never held political office, was active in both of Wilson's campaigns.

Hussein, Former King Of Hedjaz, Dies In Jerusalem

Jerusalem—(P)—Former King Hussein of the Hedjaz, one of the most romantic figures in the Arab world, died today in Jerusalem.

He was killed at dawn today at the World War hospital where he had been after a long illness at the age of 75.

It was in this Arab revolt which Hussein started that the famous Lawrence of Arabia played so prominent a part, working chiefly with Hussein's son Faisal, now king of Iraq.

Hussein was the central figure in the Pan-Arab movement which sought to include Palestine under a federation of Arab states under his rule.

The former king, who lost his own throne in the Hedjaz to the Chieftain Ibn Saud in 1924, will be buried in Jerusalem. It is likely that interment will be in the vicinity of the mosque of Omar near where Mohammed Ali, Indian Moslem leader is buried.

From 1916 to 1924 he was king of the Hedjaz until he was compelled to abdicate by Ibn Saud, emir of Nejd and king of the Wahabites, who later absorbed Hedjaz. Hussein was then exiled to Cyprus where he lived until last year when he first became seriously ill and was brought to Amman.

In 1924, after the Turkish republic abolished the caliphate, King Hussein was proclaimed caliph by the Moslem of Hedjaz, Iraq, Trans-Jordan and Palestine. For a brief time he was the outstanding figure of the Arab world.

When he was deposed as king of Hedjaz, Hussein was still discussing with the British government the terms of an Anglo-Hedjaz treaty which he refused to sign unless it included the recognition of Palestine as one of the Arab countries.

Treasury Bond Issue Is Over-Subscribed 7 Times

Officials at Washington Surprised by Great Response Throughout U. S.

Washington—(P)—The \$800,000,000 bond issue announced by Secretary Mellon Monday was over-subscribed more than seven times when the books closed last night with total subscriptions of \$5,600,000,000.

The secretary announced today that subscriptions for the 15 year 3 1/2 per cent bonds, issued to begin the refunding of the short term debt of more than \$3,000,000,000, had been closed last night.

An announcement of the actual amount of subscriptions and the basis of allotment will be made within a few days, probably Saturday morning.

Subscriptions received by Federal Reserve banks and the treasury department through the mails up to 10 o'clock this morning will be considered as having been received before the close of the subscription books.

The huge over-subscription surprised officials because the most optimistic of them had not expected the issue would be taken up more than three or four times. The \$800,000,000 bond issue last March 15 was over-subscribed four times.

Officials expressed the private opinion that the over-subscription was due to the anxiety of investors to have safe government issues in which to place their funds and to the fact that bankers took advantage of the 3 1/2 per cent interest to put their idle funds to work.

The money derived from the sale of the bonds will be used to refund approximately \$600,000,000 of maturing treasury certificates of indebtedness and to pay \$90,000,000 in interest on the public debt.

The over-subscription indicated to experts that while the government will end the current fiscal year with approximately a \$1,000,000,000 deficit it will have no difficulty in raising all the funds it needs for the return of business to normal.

Indications are that the treasury will sell another issue of bonds when the September financing is under way.

CASTLES, CHURCHES HELD ART TREASURES

Madrid—(P)—The government issued a decree today declaring that many cathedrals and churches as well as a number of private castles, including properties of former King Alfonso, are "historic and artistic monuments belonging to the nation's artistic treasures."

The order places approximately 1,600 such buildings under control of the fine arts committee of the ministry of education.

It was explained that the decree does not mean nationalization or seizure of church property. Actual ownership continues in the hands of the church or private citizens, but these "national monuments" can not be disposed of or altered without approval of the government's fine arts committee," the order says.

INJURED MAN SOUGHT AS AIELLO SLAYER

Milwaukee—(P)—Detectives today sought an injured man as the slayer of Frank Aiello, Jr., newspaper mailer, who met death from shotgun slugs as he played cards with relatives in his home.

Testimony at the coroner's inquest showed the gun used and discarded by the assailant exploded and probably injured the slayer seriously, despite the fact that three persons testified they saw the assailant flee from the scene of the slaying.

They were unable to identify him. After five minutes deliberation the jury returned a verdict of "death at the hands of a person or persons unknown."

As a consequence, Judge Zimmerman will go to Richland Center next week to take the place of Judge Smalley, who will preside for Judge Risjord at Ashland.

FIRE FIGHTER KILLED UNDER TRUCK WHEELS

Investigate Blaze at George H. Gardner Home at Neenah

Falling under the rear wheels of a seven and one-half ton fire truck which had been summoned to the George H. Gardner home on E. Wisconsin-ave, Neenah, to extinguish a blaze in a bed on the second floor, Willis Tipler, 41, a member of the Neenah fire department for the past five years, was crushed to death at 10 o'clock Wednesday night.

Tipler died in an ambulance while on the way to Theda Clark hospital. An examination revealed that his body was badly crushed.

Gardner is in a serious condition, suffering from a nervous breakdown, and Howard Heup, driver of the fire truck, is in a state of collapse at his home. He collapsed when the body of his fellow workman was dragged from under the truck.

It is believed Tipler slipped on the wet pavement as he was straining a hose from a hydrant.

When firemen reached the building they found the door locked. The fire was reported by neighbors, who said they could smell smoke for an hour before the department was summoned.

Calls To Firemen Gardner appeared after the fire had been extinguished. He pushed his way through the crowd of spectators and called to the firemen to turn off an electric switch which led the fire fighters to believe there were dangerous wires exposed in the building.

The man collapsed and was removed to the Duhon's clinic nearby, where he received medical attention. An investigation is being conducted. He said he at first tried to gain admission to the house by breaking a rear door with a spade, and then tried to climb the railing to the porch above.

Gardner was formerly employed by the Menasha Printing and Carton company, and for the past few years has been working in the Neenah office of the Kimberly Clark Co.

Tipler was born April 22, 1890, at Neenah, the son of Mr. and Mrs. Allen Tipler. He became a member of the department about five years ago. He is survived by his widow and two children, Hazel and Earl; his mother, Mrs. Tipler, Antigo; two brothers, Frank of Vinland, Perry of Antigo and Manfred of Winchester, and one sister, Mrs. Nellie Scherger, Antigo.

Tipler was a member of the Neenah Presbyterian church, where funeral services will be held. Arrangements for the funeral have not been completed.

This is the first fatal accident the fire department at Neenah has had since 1922, when A. Klinka was killed in the same manner. The flag on the city hall and fire station was at half mast Wednesday morning.

POPE AND ATTORNEY DISCUSS ROME CRISIS

Rome—(P)—Pope Pius spent an hour and a half today discussing all phases of the crisis between the Holy See and the Italian government with the Marchese Pacelli, his attorney, who performed important work in negotiations which brought about the Lateran treaty.

The papal nuncio also took part in the conference, and when it was over it was disclosed that the pontiff had delivered a second note to the Italian foreign office, presumably a strong protest against what he considered violation of the concordat between Rome and the Vatican by dissolution of Catholic laymen's clubs.

This note, it was learned, was delivered on Monday or Tuesday after the foreign minister, Dino Grandi, acting on advice from Premier Mussolini, had refused to receive the first note on Friday.

The first note demanded apologies and reparations and the arrest and punishment of persons guilty of insulting the pope. The second note, it is believed, repeated these demands.

PATTISON CONFIRMED FOR ROAD COMMISSION

Madison—(P)—By unanimous vote, the senate today confirmed Gov. Philip LaFollette's appointment of Thomas J. Pattison, Durand farmer, as a member of the state highway commission. He succeeds Fred Seguin, Superior.

Mr. Pattison has been a member of the unemployment relief commission since it was created early this year. Sen. Walter Hunt, River Falls, told the senate that the governor is anxious to have a farmer on the highway commission, because that element has been overlooked in the membership of the board.

He said Mr. Pattison has shown insight and leadership on the unemployment board and is fitted for the new position.

INSISTS ON DIVIDENDS TAX; DECLARES HE'LL REFUSE TO APPROVE BOOST ON PROPERTY

2 La Follette Bills Passed By Assembly

Approval Given Interim Bank Study Group and Chain Stores Licenses

Madison—(P)—The assembly worked at unprecedented speed today to carry out two major recommendations offered by Governor LaFollette in his special message to the legislature.

The Rowlands bill for an interim committee to study the banking situation and the Eber bill regulating and licensing chain stores were rushed to passage by unanimous votes. A joint resolution was offered by the assembly judiciary committee to create an interim committee on unemployment as suggested by the governor.

The Rowlands bill was amended by Assemblyman John Gumber, Medford, to state that "the interim committee shall report to a special session." This amendment came after the governor had announced he would call a special session.

The Eber chain store bill licenses all retail stores and strikes at the "chain" by taxing stores according to number. The annual license for one store would be \$3; two stores, \$10, but not to exceed five stores, \$10 for each additional store; each store in excess of five, but not to exceed ten, \$20; between 10 and 15 stores, \$30; between 15 and 25 stores, \$40 and for each store in excess of 25, \$50 for each additional store.

Like Indiana Law The bill provides for a penalty of \$25 to \$100 for each day of violation. It is similar to the Indiana chain store law which was recently declared unconstitutional by the United States Supreme court.

The assembly engrossed the Groves bill taxing gifts in the same manner as inheritance, which as a separate act would raise \$1,000,000 yearly and more than \$60,000 through catching "leakage" in the present inheritance tax law. The bill imposes an annual tax on transfers of all property in excess of \$100.

DO-X CONTINUES ON LAST LEG OF FLIGHT

False Report of Forced Landing Due to Low Flight Across Water

Porto Praia, Cape Verde Island—(P)—Germany's big sea-plane Do-X, was flying over the Atlantic for Brazil this afternoon, on the last leg of a flight which has been delayed half a dozen times.

She lifted her heavy load off the harbor after a 30 second run and headed south, low over the water. So low was she flying that an erroneous report arose that she had made a forced landing in the water 60 miles at sea.

A good wind helped her off and she disappeared quickly in the haze. It was just before 1 o'clock p. m. (8 o'clock a. m. E. S. T.) when she rose from the water and got to her way.

At 5 o'clock p. m. a ship in the south Atlantic radioed that she had made a wireless contact with the DO-X whose commander reported everything was going well.

Meanwhile the report had come that the plane in trouble 60 miles off the island. A tug put out for the spot where she was reported to have come down and those who saw the take off believed that the plane might have taken aboard too heavy a load of fuel.

Favors Interim Group

An interim committee, he said, would be helpful in obtaining two requisites of constructive banking legislation, namely, "meticulous precise draftsmanship," and "clear and sympathetic understanding of the objectives on the part of every interest affected prior to its formal submission to the legislature."

The proposed committee should hold hearings to consider the aspects of the banking situation not only from the standpoint of the banker, but also from that of the businessman, worker, and industrial and professional men," the governor said.

"To those who are fearful of the possibility that this recommendation is the dodging of an issue that has become a difficult and political danger, I say that the type of hearings suggested will be held," he said.

The governor laid down the program he expects from the interim committee on banking as follows:

"The prevention of the exercise of control over our credit resources by holding companies through which these resources can be drained to great financial centers, and the positive development of adequate and safe credit resources for the legitimate industrial, agricultural, commercial and personal needs of the people of Wisconsin."

Turning to the unemployment problem, the governor advocated the same principle of procedure. The unemployment question is divided into the problem of immediate relief and of a long-time plan, he said. He pointed out that the grade crossing program is underway, and that he will continue to seek voluntary cooperation from workers and employers but admitted that "the extent of the problem of relief with

Assembly Passes Groves Surtax-Income Tax Measure, 64 To 13

WILL INCREASE STATE TAXES BY FOUR MILLION

Raises Taxes on Incomes Above \$3,000, Put Surtax on Those Over \$5,000

Madison—(P)—Voting 64 to 13, the assembly passed the amended Groves surtax-income tax bill last night and messaged it to the senate for action. The bill boosts taxes about \$4,000,000 by raising taxes on incomes in excess of \$3,000 and by imposing a surtax on incomes above \$5,000.

The bill overcomes an administration setback suffered by defeat of the Rush dividend tax bill in the senate.

The bill, by Assemblyman Harold Groves, Madison, and was drafted originally to raise but \$800,000. After failure of the dividend tax measure, the Groves bill was amended to carry a surtax.

A plan of Assemblyman Charles A. Budlong, Marinette, to raise funds for the University of Wisconsin through a surtax was incorporated in the bill with two exceptions. The Budlong measure provided a surtax on incomes over \$15,000 while the Groves amendment taxes incomes over \$5,000; and instead of adding the university, the amended bill appropriates \$600,000 annually for the conservation commission, replacing the conservation bill tax.

An appropriation of \$100,000 is provided for July 1, 1931 under the bill; \$120,000, July 1, 1932; \$125,000, July 1, 1933; \$130,000, July 1, 1934, and \$150,000 annually thereafter to carry out its provisions.

A surtax on incomes of all persons, corporations, joint stock companies or associations, or common law trusts above \$5,000 is placed in addition to the normal income tax under the provisions of the bill. Of the funds raised, \$100,000 goes to the conservation commission and the remainder to general funds.

SCHMIEGE BILL PASSED
Madison—(P)—The senate last night passed and sent to the governor the Schmiede bill requiring all counties to grant old age assistance after July 1, 1933.

Final action on the Olson bill giving counties the right to regulate dance halls and other places of amusement was blocked when Senator George Blanchard, Edgemoor, placed a call on the senate. The Rubin bill prohibiting contracts between private persons and the state for convict-made goods after Jan. 15, 1934, when the Hawes-Couper act takes effect, was advanced. The upper house concurred in an assembly bill dividing Green Bay into two parts for fishing regulation.

AUTO ASSOCIATION MEETS IN INDIANA

West Baden, Ind.—(P)—Appointments to vacancies on the board of directors and election of the executive committee was the first order of business today of the twenty-ninth convention of the American Automobile association here. The executive committee is the governing body in intervals between national conventions and meetings of the board.

Thomas P. Henry, Detroit, Mich., was elected his second year to his ninth term as president yesterday. Other officers also were elected and Ernest N. Smith, Washington, D. C., was selected to continue as executive vice president in charge of the national headquarters.

In the keynote address, Mr. Henry urged the 1,000 delegates from the United States and Canada to encourage highway transport, to resist excessive taxing of motorists, to defend federal road aid and to oppose federal taxation on gasoline and the restoration of federal war excise tax.

BADGER BRIEFS

New York—(P)—Eight hours before he was scheduled to have sailed to Europe to attend the Vienna International Rotary convention as one of six Milwaukee delegates, Fred Bonhott, Jr., 50, was fatally injured when struck by an automobile as he crossed a New York street yesterday.

Milwaukee—(P)—An approximate 10 per cent wage reduction for executives, members of the sales department and certain piece workers has been announced by the Phoenix Hosiery company because, officials said, of falling wholesale prices.

Darlington—(P)—Delegates of the Third Wisconsin district of the American Legion were scheduled to meet here today for their annual convention. About 500 persons from Dane, LaFayette, Grant, Crawford, Green and Richland counties were expected to attend.

Milwaukee—(P)—The Milwaukee Federated Trades council last night approved a resolution of the Wisconsin State Federation of Labor opposing wage reductions.

Beloit—(P)—With elaborate ceremonies, the Beloit Historical society yesterday dedicated a marker on the site of the cabin of Joe Thibault, the first white man's dwelling in the community. Assemblyman E. G. Smith made the formal presentation of the marker.

"Too Beautiful to Be Bad"

Sober-faced and somberly-clad, Mrs. Charlotte Nash Nixon-Nirdlinger, one-time American beauty contest winner, here is shown, right, as she listened intently to testimony at her trial at Nice, France, for the murder of her husband. Her chief counsel, M. Gasin, left, wound up his eloquent address by declaring, "She is too beautiful to be bad!" The jury, seven of whom were bachelors, evidently thought so too, for they took only nine minutes to find her innocent of any crime.

Junior High Students Build Small Theatres

With flags gayly waving from the towers to indicate a performance of Shakespeare's "Merchant of Venice" miniature Elizabethan theatres made by the ninth grade English students at McKinley Junior high school illustrate in detail the characteristics of early English playhouses.

The famous Globe theater, tower-like and with its open roof, displayed its balconies on the side and behind the stage was curtained and ready with the casket scene from the play with small black candy characters in costume. Donald Burhans made this theater from wood. Another Globe is in the process of construction by John Casman.

The largest wooden theater of the group, painted a dark brown and

CITY ENGINEERS TO SUBMIT ESTIMATES ON DISTRICT PLANS

Will Tell Municipality League About Cost of Sewage Disposal System

City engineers of Appleton, Kaukauna, Neenah and Menasha will submit reports on the estimated cost of a survey of the upper Fox river valley for the establishment of a metropolitan sewage disposal district at the first annual meeting of the Fox River Valley Municipalities association at Conway hotel Thursday evening. L. M. Schneider, Appleton; A. E. MacMahon, Menasha; and Arnie Pruneske, Neenah.

The group of engineers was appointed at a recent meeting of the association at Menasha, at which the proposed district was discussed. At that meeting city officials were unanimous in the belief that this is the time to take steps toward the organization of such a district.

According to present proposals the cities of Appleton, Kaukauna, and Menasha; villages of Kimberly, Combined Locks and Little Chute, and towns of Kaukauna, Grand Chute, Menasha and Vandenberg would be included in the upper valley district. The plant probably would be established on the river below Kaukauna. A main sewage line would carry the waste from all these municipalities.

THE WEATHER

THURSDAY'S TEMPERATURES		
	Colest	Warmest
Chicago	55	86
Denver	56	88
Duluth	56	68
St. Paul	56	68
Kansas City	70	88
Milwaukee	60	88
St. Paul	60	90
Seattle	52	80
Washington	68	80

Wisconsin Weather
Fair tonight and Friday, with some cloudiness; cooler tonight, continued cool Friday.

General Weather
Thundershowers occurred extensively throughout Wisconsin, northern Illinois, eastern Iowa and Minnesota and also over the region of the upper lakes. Over the extreme western border of Wisconsin and that section of Minnesota which joins it heavy rains fell. St. Paul reporting a fall of 1.12 inches. Over Central Wisconsin and the east shore of Lake Michigan moderate showers fell while in the remaining section the rainfall was light. Near freezing temperatures still prevail this morning over the west Canadian provinces and it has become considerably cooler in the rear of the disturbance which caused the rain in those sections. Fair weather is expected to prevail over this section during the next 24 hours, with cooler tonight.

Dr. A. E. Rector and Dr. W. J. Frawley are now permanently located on the 6th floor in the New Zuelke Bldg.

"LADDIE BOY" SPORTS ANNUAL HAIRCUT TO OPEN SUMMER SEASON

Officials and employees at the county courthouse Wednesday afternoon heralded the official opening of the summer season, for "Laddie Boy," Judge Fred V. Heinemann's prize airdale made his appearance sporting his annual spring hair cut.

"Laddie Boy" stepped in a barber chair early Wednesday afternoon and in 10 minutes shook off his winter overcoat of hair.

Thursday morning he was to be seen romping on the courthouse grounds showing off his new summer gown to a score of dogs from throughout the neighborhood.

State Board Plans Clinic For Indians

The initial step of the Wisconsin board of health towards conducting a health clinic on the Oneida Indian reservation was taken this week with the arrival of Miss Theresa Gardner, state nurse, who is setting up headquarters in Appleton for three months.

Miss Gardner says her work on the reservation will consist entirely of pre-clinic plans, preparatory to the clinic which will be conducted in the near future by federal and state representatives.

Plans for the clinic will be completed under the direction of Dr. C. O. Harper, head of the state board of health. Dr. Harper is expected to come to Appleton soon to help Miss Gardner complete her survey of conditions on the reservation.

During her stay in this vicinity, Miss Gardner says she expects to work with 2,000 Indians on the reservation. Part of her program, she says, will consist of educational work as well as actual examinations.

Miss Gardner expects to seek cooperation of Miss Marie Klein, Outagamie county nurse, as well as other officials. Next week Miss Klein and Miss Gardner will go to the reservation to begin the survey.

HIGHLAND SCHOOL TO PRESENT COMEDY PLAY

The three act comedy, "Deacon Dubbs," which was scheduled for presentation last Sunday by the pupils of Highland school and was postponed will be given at 8 o'clock next Sunday evening in the school house. The cast of characters is as follows: Deacon Dubbs, Lawrence Buss; Amos Coleman, Lucille Merkle; Rawdon Crawley, Harold Woldt; Major McNutt, Victor Buss; Deacon Jones, Ewald Semrow; Rose Raleigh, Viola Woldt; Miss Philomena Popover, Eleanor Merkle; Emily Dale, Regina Woldt; Trilzie Coleman, Mildred Buss; Yennie Jensen, Ethel Buss; organist, Valeria Schumann. Miss Sadie Banker is the teacher.

SCHIFF, NOTED FINANCIER, IS DEAD IN EAST

Heart Attack Believed Cause of Death of American Philanthropist

Oyster Bay, N. Y.—(P)—Mortimer Schiff, banker and philanthropist, died today at his home here. Mr. Schiff would have been 84 tomorrow.

He was a member of Kuhn, Loeb and Company and of the New York Stock exchange.

Mr. Schiff's philanthropies were varied, including gifts to the Boy Scout movement for the promotion of international fellowship, to the endowment fund of the Taft school at Watertown, Conn., Jewish Theological seminary and to the Cathedral of St. John the Divine.

Mr. Schiff was found dead, seated in a chair this morning. Death apparently was due to a heart attack. He was in usual health last night, servants at the estate said. He had intended to sail next week for Europe to join Mrs. Schiff.

Mr. Schiff was born in New York June 5, 1871. After attending private schools in New York and Amherst college, he became connected with the New York Ontario and Western Railroad company for two years. Later he was with the Great Northern, afterward going abroad to study banking in London and Hamburg.

He was the author of a number of pamphlets on economic subjects. During the World war, he was a member of the war department's committee of 11 to correlate the work of the army and navy welfare agencies. He went abroad as a member of this committee.

Among the concerns in which he held directorates were the Los Angeles and Salt Lake railroad, the Western Union Telegraph company and the American and Continental corporation.

He was active in international affairs, especially as they involved finances. As early as 1912 he took part in the six power group conference in London concerning a Chinese loan. Six years later he again was called into conference concerning a Chinese loan, this time to the Chinese republic.

In 1922 he headed the American committee at the International Boy Scout conference in London.

Mr. Schiff has been going to his office daily, apparently in excellent health. Yesterday he played a round of golf and dined with his family. He retired at his usual time, and apparently died shortly after going to his room.

WAS BOY SCOUTS' CHIEF

New York—(P)—Mortimer L. Schiff, who died today, was "Silver Buffalo" to the Boy Scouts of America of which organization he became president last month. To the British Boy Scouts he was "Silver Wolf."

The Boy Scout movement claims Mr. Schiff as one of its founders. He was a charter member of the nation-

DECLARES COLORS EXERT INFLUENCE ON MOST PERSONS

Chicago—(P)—Colors exert a "profound influence over the majority of us," Edward B. Patterson of Camden, N. J., told the Institute of Radio Engineers today in describing the progress science has made in developing color organs.

And by studying the general mood of music, "it is possible to use color which aid in interpreting that mood," he explained. "A method of cueing the color to the music is to assume that the bass notes of the drum indicate an effort on the part of the composer to create a stirring effect and hence a red color. In practice, red may be usually assigned to this position."

Various colors have different reactions on human beings, he said, giving this table as indicative of the moods associated with the various colors.

Red—Warm, exciting, passionate.
Orange—Warm, exciting, suffocating, flowing, lively.
Yellow—Warm, exciting, joyous, gay, merry.
Yellow-Green—Cheerful.
Green—Neutral, tranquil, peaceful, soothing.
Blue-green—Sober, sedate.
Blue—Cold, grave, tranquil, serene.

Violet—Solemn, melancholy, neutral, depressing.
Purple—Neutral, solemn, stately, pompous, impressive.

ANDERSON ADDRESSES APPLETON MERCHANTS

L. A. Anderson of the Community Builders of America addressed a group of local independent merchants at a luncheon at Conway hotel Wednesday noon. Organization of a branch of the Community Builders was discussed, but no definite action taken. The Community Builders is an organization formed to promote the interests of the independent merchant.

al executive board, chairman of the scout committee on foreign relations, a member of the finance committee and international scout commissioner. The scout award of "Silver Buffalo" which was conferred on Mr. Schiff in 1928, carried a citation upon his "keen foresight, devoted interest and generous support which have proved of immeasurable value to the movement."

Fishing Good This Season In Fresh Water Streams

BY B. A. CLAFIN
So much has been said and written about how poor the fishing would be this season that it is gratifying to receive such reports as are coming to me daily showing most excellent results.

M a n y fine catches of trout on the Peshigo river have been made. Also, the Hunting, the Wolf, the Pine of Florence-co, and the Pine of the Wild Rose country, the People and the Rat have all produced fine results for the anglers so far this year.

The Wolf river has been yielding some unusually good fish to those who know the right spots to fish it. There is one item that I want to mention right here, and that is, the reservation waters, the Evergreen, the Dell Creek and all the others have been closed indefinitely. The reason for that, as set forth by the Indian Agent at Keshena, is to avoid all the fire hazards that are associated with anglers.

Explains Move
I am inclined to think, however, that there is another motive behind the move. It has been my experience that very few fires ever result from the presence of fishermen. As a rule, they know too well the folly of leaving a camp fire burning while they are away fishing, or when they depart for home. I think the fires that start along the highways come largely from cigarette stubs thrown carelessly from passing autos. There has been so much publicity about putting out the fires by campers that I feel very seldom, if ever, is a fire left by campers until every ember is extinguished.

So much for trout fishing. In regard to the musky, pike and bass, I have received more reports showing plenty of these fish than I have in reference to the trout. Many lake regions that have been

COURT REFUSES TO GIVE RULING IN RADIO SUIT

Erases Case of Alleged Profane Speaker from Its Docket

BY ROBERT MACK
Copyright 1931, by the Cons. Press
Washington (CPA)—What constitutes profanity on the radio is not sufficiently ponderous a question to disturb the dignity of the supreme court of the United States. Without divulging its reason, the supreme court on Monday erased from its docket the plea of one Robert Gordon Duncan, Oregon's self-styled "wild-cat," who wanted the court to define profanity on the air. Duncan paid a fine of \$500 and got a six months jail sentence for using alleged obscene language on the air, but he contested the finding of the lower courts.

The nation's highest tribunal, however, refused to be inveigled into deciding this issue at this time and simply declined to grant the petition for review. It is possible that the court later may decide a similar case, but not until there is some material difference in the reasoning of the lower courts on the same matter.

In effect, the court was asked by

Duncan to decide whether the use of a couple of hells and a damn or two, along with similar "border-line" expressions, during the course of a radio talk, should be defined as "profane, obscene and indecent."

Review Penalty
The radio law says that a fine or imprisonment or both shall be the penalty for the use of such language over the air, but there never has been a final determination by the court of last resort—the supreme court—as to what constitutes such language.

As instances of the use of alleged profanity on the air become more numerous, broadcasters are becoming increasingly anxious for a final ruling. They don't know now just how far to go in "blue-penciling" advance manuscripts of speeches, or when to abruptly cut off some speaker who exceeds the bounds of prudent utterances.

The networks, which take the lead in all matters of this character, unofficially are understood to have ruled, for want of better authority, to permit just two "hells" and one "damn" during a single program, and then only when they are deemed necessary to lend color and effect to the presentation and when there is no personality in public life as the target for the expressions.

Duncan was a candidate for congress when his allegedly improper acts were committed during the last congressional elections. A little 15-watt station—KVEP, at Portland, Ore.—was used for attacks upon certain individuals and organizations, with the result that the station was thrown off the air by the

342 People Die In City During 1930

Of the 342 deaths in Appleton in 1930, the largest number, 43, occurred in persons between the age of 70 and 74 years of age. The second largest death rate was between the ages of 75 and 79 years, and the lowest was in three year old children, where only two deaths occurred.

There were 25 deaths under one year, three at one year, three at two years, two at three years, four at four years, eight between five and nine years, seven between 10 and 14 years, 10 between 15 and 19 years, 15 between 20 and 24 years, nine between 25 and 29 years; 10 between 30 and 34 years, 11 between 35 and 39 years, 14 between 40 and 44 years, 15 between 45 and 49 years, 21 between 50 and 54 years, 17 between 55 and 59 years, 22 between 60 and 64 years, 34 between 64 and 69 years, 43 between 70 and 74, 35 between 75 and 79, 21 between 80 and 84, 17

between 85 and 89, and five between 90 and 94.

4 Die at 100
Four persons in the entire state died after they had passed the century mark.

The death rates in 26 cities with a population of over 10,000 were: Appleton, 342; Ashland, 214; Beloit, 280; Cudahy, 49; Eau Claire, 333; Fond du Lac, 384; Green Bay, 659; Janesville, 254; Kenosha, 368; La Crosse, 660; Madison, 946; Manitowish, 269; Marinette, 154; Milwaukee, 5,570; Oshkosh, 464; Racine, 632; Sheboygan, 456; South Milwaukee, 72; Stevens Point, 171; Superior, 421; Two Rivers, 80; Watertown, 139; Waukegan, 188; Wausau, 321; Wauwatosa, 104; and West Allis, 159.

PAINT SCHOOLS OF CITY THIS SUMMER

Plans and specifications for the summer's painting work in the public schools will be distributed to Appleton painters by William Eggert, maintenance superintendent, next week. Bids will be awarded on June 12.

Outside of painting and minor repair work, little summer work is planned this year. Floors will be sanded, seats and blackboards refinished, and the Roosevelt school weatherstripped. The tower on the Jefferson school may be removed, but no definite decision has been made as yet.

Perch fry as you like them at Camel's. Combined Locks.

Just arrived, on a fashion wave —

Bathing Suits

Nautical—but very nice

You'll enjoy the summer to the fullest extent if you spend PLENTY of TIME in a bathing suit. There are no healthier recreations than SWIMMING... DIVING... RIDING A SURF BOARD and PLAYING ON THE BEACH. They are clean, invigorating sports that can be enjoyed by children and "grown-ups" alike. The new bathing SUITS are attractive, durable, and will allow plenty of freedom. Choose one tomorrow and be prepared for the coming season.

For the entire Family

A Splendid Value for Women

Women's Suits
\$2.95

This group contains a fine variety of sporty suits. They are closely woven of all wool yarns and will last for at least two seasons. In all the popular colors and trimmed with fancy designs in contrasting shades. Sizes 36 to 46.

For Women
\$3.95 \$4.95

If you want something especially nice you will probably choose one of these suits. Fashioned from the best quality wool yarns, closely woven. They feature sun-tan backs... two-toned colorings... fancy trimmings that have a strong feminine appeal. Form fitting, short trunks. In all sizes.

For Misses
\$1.59

Here are snappy little suits for the Miss who takes a size anywhere from 30 up to 36. They are all wool, and very shapely. To be had in RED... BLUE... GREEN and TANGERINE.

Misses Suits
\$1.95

This is a heavier wool suit for the particular Miss. Trimmed with contrasting colors. Neatly fitting shapes with short trunks and plenty of arm room. Many color combinations. Sizes 32 to 36.

100% All Wool

\$1.95

A feature value in the swim suit section. Good looking and practical woolen suits that are guaranteed FAST COLOR. The abbreviated trunks and sun-tan backs make them the finest kinds of suits for REAL SWIMMING. They are to be had in plain colors of NILE... BLACK... JOCKEY and PEACOCK. Sizes 36 to 46.

Towels

at 19c

Bleached terry towels with hemmed ends. They are a heavy, double thread towel with colored borders. Large size, 48 x 36. Take plenty along on your vacation, or to your cottage.

at 15c

An absorbent turkish towel that will stand plenty of punishment. They have hemmed ends and are size 18 x 36. All white, and very soft.

2 for 25c

Single loop TURKISH towels with hemmed ends. They have colored borders of blue, yellow, and green. Size 17 x 36. A practical towel for any use.

Kiddies Suits
79c \$1.00

Woolen suits for children in sizes from 24 up to 28. Carefully made and very serviceable. In BLUE... RED... NAVY and GREEN. Fit snugly.

For little Tots
45c

Consider your Adam's Apple!!* Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

The great Lord Tennyson in a beautiful poem refers to a woman's Adam's Apple as "The warm white apple of her throat." Consider your Adam's Apple. Touch it—your Adam's Apple—That is your larynx—your voice box—it contains your vocal chords. When you consider your Adam's Apple you are considering your throat—your vocal chords. Protect the delicate tissues within your throat. Be careful in your choice of cigarettes. Don't rasp your throat with harsh irritants! Reach for a LUCKY instead. Here in America LUCKY STRIKE is the only cigarette which brings you the added benefit of the exclusive "TOASTING" Process, which includes the use of modern Ultra Violet Rays. It is this exclusive process that expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. And so we say "Consider your Adam's Apple."

LUCKIES are always kind to your throat

TUNE IN—The Lucky Strike Dance Orchestra, every Tuesday, Thursday and Saturday evening over N. B. C. network.

Council Turns Down \$150 Appropriation For Kiwanis Convention

BAND CONCERT DONATED FOR FIRST SESSION

Request from Civic Club Refused by Aldermen by 9 to 3 Vote

Breaking the precedent created two weeks ago by the appropriation of \$750 to the American Legion for its Fourth of July celebration, the common council Wednesday evening turned down the request of the Kiwanis club for \$150 for decorations for its convention Aug. 9, 10, and 11. One of the city's band concerts was donated for the Sunday program of the convention.

The vote was nine to three against the donation for decorations, Aldermen C. O. Davis, Wm. H. Haggman and Mike Steinhauser voting for it. Alderman Davis maintained that the council could not consistently vote against this request when it had granted the American Legion petition. Alderman Steinhauser felt that the expenditure would be warranted because of the business the convention would bring to Appleton. Alderman George Richard reminded the council that it had definitely resolved to refuse all requests for appropriations for conventions and celebrations when the budget was being formed.

Aldermen Oren Earle, C. D. Thompson, George Richard and Phillip Vogt voted against the donation of a band concert for the convention. Mr. Vogt said that practically all the band concerts designed for the entertainment of the public would be turned over to private clubs and organizations if all requests for concerts were granted, and Mr. Thompson objected to changing the date of the regular concerts, saying that because concerts are given regularly on Tuesday nights they draw large crowds. Alderman Steinhauser argued that one of the regular concerts could easily be changed from Tuesday night to Sunday afternoon. Alderman Wassenberg felt that one of the winter concerts should be given during the convention, not one of the summer programs, which draw such huge crowds to the park.

Labor Measure Adopted

The new ordinance controlling labor in public works drew a tie vote, with Mayor John Goodland Jr. voting the vote which was carried by Alderman George Richard. Alderman Steinhauser, Richard, Wassenberg, Vogt and Wassenberg. Declaring that it was useless for the city to meddle with matters that were none of its business, Alderman Thompson pointed his finger at discrepancies in the proposed ordinance. He showed that the regulation prescribes the wage scale for one type of laborer, while the city employs that in all other cases the contractor can, if he wishes, drop the wage scale down to that paid for street sweepers. Referring to the section of the ordinance which says that only persons who have lived in Appleton for six months can be employed on public works, he asked the council why it would not require that in an attempt to prove how long a man had lived in the city. Alderman Vogt felt that the ordinance was not sufficiently specific, and that it would never stand in the courts.

Plans and specifications for the paving of W. Washington st. were adopted, and the clerk was instructed to advertise for bids. The grade for the street was approved.

The engineer was instructed to prepare plans for the widening of W. Seventh-st., to relieve congestion around the courthouse.

In the future all supplies must be secured by requisition from the department heads, committee or committee chairman, to the price committee. The committee will secure prices and make purchases on all items amounting to less than \$50.

Would Secure Deed

The city attorney was instructed to secure the deed for the Miller property necessary for the alley south of College-ave. Inasmuch as the securing of the deed is dependent upon the city's approval of the transfer of the Miller property to the commercial and light manufacturing district, Alderman Thompson objected to taking any steps toward placing the property in government, which would enhance its value, unless the city owned it. Alderman Steinhauser said that the more valuable the property became, the more taxes the city could collect on it.

The contract for the paving of Ida-st. held up for a week because the street was torn up for the installation of gas mains, and no further action was taken. The contract with E. H. Bass, construction superintendent, offered the usual five-year guarantee on the pavement, despite the fact that the recent opening of trenches might weaken it in places. Draw-st. will be graded and graveled.

R. S. Powell will be offered \$450 for the property needed for the opening of Roosevelt-st. and no further attempt will be made to acquire additional property until the property owners admit the need of a street and donate the property. The Powell property, offered to the city for \$450, has \$140 in back taxes on it, and the city does not want to feel it should assume.

The city attorney was instructed to drop all action against J. Green, apoon, Wisconsin-ave, and to settle the judgement against him and the claim he has against the city.

Named On Committee

C. O. Davis was appointed chairman of a committee to work with the chamber of commerce for the best interests of Appleton's industrial situation.

The resolution giving members of the board of electrical examiners \$7.60 each time an examination was held was rescinded, as the work at

Led Ring, Claim

Prominent in Kansas City, Mo., politics, Miss Rosemary Lyon, above, collector of delinquent taxes, and John Lazlo, below, president of the north side Democratic club, are among those arrested by prohibition agents investigating an alleged gigantic liquor syndicate which they claim was financed by Al Capone. Miss Lyon is accused of keeping the syndicate's books.

FEDERAL BOND ISSUE IS OVER-SUBSCRIBED

CONTINUED FROM PAGE 1

taken. During July and August large blocks of certificates and bills mature and while these may be met with issues of short term paper it is considered possible that the treasury will refund more of the short term debt at that time. If not then it is felt certain an additional bond issue will be announced in December.

The short term debt now outstanding amounts to approximately \$8,400,000 and through the use of the 13 year bond issue it will be reduced to approximately \$2,900,000.

FINANCE MEETING

The county finance committee will meet at 2 o'clock next Monday afternoon in the offices of John Hantschel, county clerk, to allow bills and make plans for the coming month. William Beck of Seymour is committee chairman.

MARRIAGE LICENSES

A marriage license was issued Wednesday by John E. Hantschel, county clerk, to John Cinkosky, 424 E. North-st. and Miss Mary E. Dunbar, 816 Fourth-st., Wausau.

present requires so little time that the fee is exorbitant.

Madame Goodland announced that the city treasurer now has \$53,000 in the treasury, which will keep the wolf from the door until July or August.

The ordinance making Lawest-a through street and placing the arterial now on Lawest-on North-st. was referred to the ordinance committee and ordered published.

Repairs on the S. Oneida-st. drawbridge will be done under the supervision of the board of public works, which was granted power to act.

Twenty-four applications for Class A licenses were referred to the police and license committee. All applications for Class A licenses must be in the hands of the committee by June 15.

The amendment to the milk ordinance, which calls for the publication of the names of violators of the milk ordinance, was passed, as was the ordinance changing the fee for transient merchants from \$20 to \$100.

A fire and water box will be installed at St. Elizabeth hospital.

The request of Daniel P. Steinberg that lot 1, block 6, Erb first addition, Third ward, be placed in the commercial and light manufacturing district was referred to the city planning commission and the city attorney.

The petition of the Butth Oil company for permission to install filler pipes at the curb on Oneida-ave. near its new service station was turned over to the street and bridge committee. Rabbit claims were sent to the judiciary committee.

The bid of the Seneca Petroleum company for light oil and that of the Camden Petroleum company for heavy oil were accepted, and James Keough was given permission to operate a shoe shine parlor at 519 E. College-ave. The street department was instructed to repair the street at the northeast corner of College-ave. and Richmond-st. A letter of appreciation from the Lions club for the city's cooperation in its Treat of the Codgers celebration was read.

A request for the widening of Seymour-st. from S. Oneida-st. to Memorial-d was referred to the street and bridge committee.

LINDBERGH TO TOUR FAR EAST VIA AIRPLANE

Couple Plans to Hop Across North Pacific—Date of Take-off Not Set

CONTINUED FROM PAGE 1

In November 1929 greeted a group of Soviet fliers at New York after a flight from Russia. It was said that Moscow officials and flying men held Colonel Lindbergh in "high regard."

Should Lindbergh desire to fly directly from American to Japanese territory the closest hop over the ocean would be a span of approximately 600 miles between Attu, the most western of the Aleutian islands, and Shumshu, the most northerly and easterly of the islands of the Japanese Empire.

A shorter flight of some 250 miles could be made between Attu and Copper island, Soviet territory, and the peninsula of Kamchatka. It was considered possible, however, that even a hop as long as 600 miles across the sea would fit in with the colonel's plan to make the trip in easy stages without undue risk.

Two successful flights have been made by the northern route. These were the army round-the-world flight in 1924 under the command of then First Lieutenant Lowell H. Smith, and the Russian fliers in 1929 under command of Semyon Shestakov.

Several plans for flights around the world and from the western hemisphere to the Orient are now pending.

Route Is Dangerous

If Colonel Lindbergh should succeed in flying across the northern Pacific without encountering at least two general and dangerous disturbances, the United States weather bureau would be lucky.

Charles L. Mitchell, bureau forecaster, said today that during June, July and August—the best months for a trans-Pacific flight—there generally are three disturbances over the ocean at once. Like in the Atlantic, these move from west to east and toward the north.

The flight would, however, Mitchell said, be made through a region the bureau considers "blind." Weather reports are received daily from Nemuro, Japan, but between that point and Dutch Harbor, Alaska, roughly 400 miles, no information is available.

Navy hydrographic studies mark one portion of a possible route as especially dangerous because of fog. Just south of Kamchatka and North-east of Hokkaido fog prevails for 50 to 60 per cent of the time.

Other conditions would be more unfavorable the longer the flight was delayed. Erratic summer storms begin early in August and become more severe as the summer season nears its end.

"Any man who made a flight across this Pacific and had to fly through less than two disturbances could consider himself unusually lucky," Mitchell said.

He added that the prevailing wind, which generally is east by north in the summer, would slow the progress of any westward flight.

2 La Follette Bills Passed By Assembly

CONTINUED FROM PAGE 1

terest therein, or income therefrom, whether in trust or otherwise. It exempts property transfers to municipal corporation for county, town or municipal purposes; to corporations for religious, humane and charitable purposes and provides for personal exemptions including property of the clear value of \$15,000 transferred to the wife of a donor, and \$2,000 transferred to lineal descendants. Other minor exemptions to members of a family are made.

A committee bill appropriating an additional \$1,000 to the contingent and of the assembly was passed as was the Murray bill providing for the creation and government of municipal water districts in the same manner as municipal power districts.

The committee bill on agricultural lands, limiting state aid to counties and agricultural societies for fairs to but one fair in each county, was engrossed with an amendment extending effectiveness of the bill to Jan. 1, 1932. The bill states aid would be determined by the county board.

The senate spent half the morning discussing the Loomis bill to create a state utility corporation but came to no vote. Sen. George Blanchard, Edgerton and Walter Goodland, Racine, led the attack on the measure.

Noting that the bill carries a \$30,000 appropriation, Sen. Goodland recalled Gov. LaFollette's statement in his special message saying he would veto bills which were a burden on the property tax.

"If the governor keeps his pledge he will veto this bill," Sen. Goodland said. "I can't help but construe this bill as a propaganda proposition for the next campaign."

Sen. O. S. Loomis, Mauston, author of the measure, delivered a long discussion explaining the bill and its effect on the power program. Sen. Leonard Fox, Milwaukee, also advocated passage of the bill.

MAN FRACTURES FOOT

William Murphy, 219 E. Fremont-st., fractured his foot at the Riverside Paper company. Will Murphy was on his feet when he dropped a bundle of pulp on it. He will be unable to work for about eight weeks.

FARMER JAILED FOR ASSAULT, BATTERY

Frank Grandy, a farmer who lives on Highway 76 near here, was sentenced to 30 days in the county jail by Judge Theodore Berg in municipal court Thursday morning when he pleaded guilty to assault and battery. The charge was brought against him by his wife.

Mrs. Grandy told the court that her husband forced her and her stepdaughter and son out of the house last Monday. They were obliged to sleep in the barn. She also charged him with beating them up.

LAST ASSEMBLIES AT JUNIOR HIGH SCHOOLS FRIDAY

Wilson Letters to Be Awarded to 114 Outstanding Students

The last student assemblies at Roosevelt and Wilson junior high schools will be held Friday. Report cards and awards will be given out at this time. Roosevelt will have its assembly in the morning and Wilson will meet in the afternoon. McKinley junior high school awards are made at the picnic in Pierce park this afternoon.

Wilson letters will be given to 114 students in the school for maintaining high scholastic averages during the year. These include from the ninth grade sections: Norman Becker, Laura and Leona Bruhl, Lucile Groth, Raymond Haberland, Virginia Hammill, Robert Herrmann, Carl Hoffman, Florence Hoffman, Ruth Kapp, Rosella Kersten, Ned Kraus, Harvey Lemke, Irene Smith, Pearl Tesch, Elizabeth Tretlin, Delbert Wachlin, Harold Wittenborn, Edna Zephirin, Helen Fritz, Nerissa Hoffman, Fidelia Leehr, Ludwig Olsen, Russell and Jerome Parkrat, Lawrence Plette, Vincelle Kasper, Harvey Wytoski.

Phil Bickel, Wm. D. Dunkel, Howard Schaefer, Elmer Schneider, Mildred Simon, Milan Ender, John Freude, Dorothy Kreutzberg, Robert Lamke, Bernice Mayer, Herman Pruett, Janet Riesberry, Myrna Ray, Eleanor Stengel, Walter Smith, Burton Sykes, Lewis Schlessner, Helen Weisatz, Wilmer Witt, Helen Gauthier, Charles Wagnerson, Ralph Chadack, Gertrude Feldt, Margaret Jachow, Virginia Meidam, James Morrow, Mary O'Connor, Robert O'Neill, Eleanor Poca, Frank Schult, Marion Schult, Dorothy Sellers, Mildred Tracy, Arthur and John Van Ryzin.

In the eighth grade are Clarence Ehlike, Ethel Fumal, Olivia Herrmann, Evelyn Hein, Marvina Hintz, Vivian Kasper, Charles Konyon, Germaine Krautkremer, Harold Leopold, Elsie McCarey, Pearl Mears, Zae Northrup, Florence Otto, Robert Thoms, William Witter, Mowry Breuer, Margaret Danielson, Jean Fennell, Wallace Hagman, Rosalyn Radchow, Roy Schneider, Robert Schneider, Robert Schottler, Robert Rahn, Roger Behl, Violet Behnke, Enid Bro, Gordon Chadek, Leonard Gooding, Iona Hermann, Erna Holtz, Kenneth Jantz, Dorothy Johnson, William Lohr, Ralph Moeller, Howard Wolf, Ramona Roehl, Bernice Wolf, Arlene Beringer, Robert Braun, James Bremer, Elmer Eulcer, Ellen Frappay, Miss Meidam, Althea Palmer, Marion Rademacher, Evelyn Riese, Frederick Swamer, Robert Tesch, Dolores and Donald Tevs, Geneva Vanderloos.

KIWANIS MEMBERS TO DISCUSS CONVENTION

The convention committee of the Kiwanis club and directors will hold a joint meeting at 7 o'clock tonight at the Kiwanis club. The speakers will be William E. Schubert, engineer for the Wisconsin Michigan Power company, spoke at Wednesday noon's luncheon meeting. He talked about light research work.

EDUCATIONAL GROUP TO DISCUSS PLANS

The Outagamie-co committee on education will meet in the offices of John Hantschel, county clerk, at 7 o'clock Friday afternoon. Various problems will be discussed and reports reviewed. Arthur Bergsbaken, town of Maine, is chairman.

Pick Teachers Carefully

"Members of the school board," he advised, "should first of all select their teachers carefully, then support and boost them and give their teachers the advantages of adverse criticism, which usually arise. As officers of the board, you must make sure that the school is a place where education is made, and that it is a place where education is made."

He spoke of the value of backing teachers, and especially upholding the new teacher until she has adjusted herself to the work. He also spoke of the necessity of supervision in the fact that supervision in the "building of lives and character" is just as important as it is in the construction of highways and buildings. The points which he stressed for training include book learning, outside experiences such as travel, summer school, and to develop a teacher's outlook; the necessity for ability to attend to details; and the use of technique on the part of the teacher who must be the master hand of every day's work. He described three courses which are given to teachers in training that help them understand children at various ages, and that aid in a rural teacher's study adaptation to country needs.

Gustave Sell characterized 4-H club work as one of the outstanding developments of rural educational work in the last 25 years. It was begun as an educational program of the state department of agriculture and has become a nationwide county work with more than 850,000 club members. Some of the outstanding things that 4-H club work does for the rural child were outlined by Mr. Sell. He said that this club work teaches children to actually do things such as raising calves or sewing clothes rather than reading about them.

He explained that the work is entirely voluntary and such club work gives the child an opportunity to choose the work in which he is interested. That the work is far-reaching is evidenced in its growth. Club work encourages co-operation among the children and puts forth a well-rounded program based on mental, physical, practical and spiritual activity.

Perhaps the most important phase of 4-H club work according to Mr. Sell is that it develops rural leadership, which means that the leader in club work today will be the community leader in the future.

Outlines Crippled Work. In the discussion of the educational program for the crippled and disabled child, W. F. Faulkes brought forth the idea that every crippled child who is mentally normal is a potential citizen of the world. According to statistics most of the cripples are victims of disease before the age of 7 and 14. A survey of 14 counties in the state it was found that Wisconsin has 9,000 permanent disabilities every year. Mr. Faulkes explained what has been done for these children, but suggested that the work be carried further than the public schools. He said that the crippled child should be brought into the community as a normal child, and that the school should be a place where work wins and idleness results in failure and either factor is as contagious as measles among the student body. This means that the teacher should be one who will work co-operatively with them.

EDUCATION IS DEFINED FOR SCHOOL HEADS

Importance of Attendance at Classes Stressed by Dr. M. H. Small

With the subject, "What is Education?" for a convention theme, about 300 officers of Outagamie-co schools gathered in the auditorium of Wilson Junior high school this morning for the annual school board meeting.

A. G. Mealing, superintendent of county schools, presided at the morning meeting. Dr. M. H. Small, principal of the Wilson Junior high school, extended greetings to the group. The meaning of teacher training was discussed by W. P. Hagman, principal of the Outagamie-co Rural Normal school, Kaukauna. Gustave Sell, county agent, described the educational value of 4-H club work among girls and boys living in rural communities. George S. Dick, state rural school supervisor, spoke of "The Influence of the Unseen." W. F. Faulkes, connected with the new children's orthopedic hospital in Madison, briefly described the duty of the state and citizens in a rehabilitation program for crippled and disabled persons in the state.

Dr. Small pointed out the importance of attendance at school, the education of a child, not only from the standpoint of better education for the pupil but from that of the law. The law reads that no child shall be absent from school except in case of medical attention.

Communities Slack

"The rural community," he said, is slack in enforcing state attendance laws. You can't make young law-abiders by starting children out in school breaking the law because of parents' whim."

Dr. Small discussed several cases in which parents have tried to obtain permission for student absence from school because either the child was helpful at home or the parents desired to make a trip. This, he said, was not only a detriment to the child's education but an attitude that might kill the child's vital interest. He also pointed out that student failures may be traced to occasional absences, caused by the student missing some fundamental in his study, which, consequently he never understands thoroughly.

Dr. Small believes the need of rural education to revolve around the factors of work, cooperation and attendance. He stated that work is not only necessary, but it is an honorable thing in which to take pride. Cooperation may be achieved through the idea of seeing "what is beyond a small community horizon and acquainting one's self with what is happening outside of one's own backyard."

Mr. Hagman pointed out that a teacher should be a man, not just going to school. It is a definite type of training that should extend over a period of years, which often forms its nucleus in high school vocational guidance work and selection of studies. Mr. Hagman gave six important phases of teacher training which is being carried out in the normal school in Kaukauna. He also discussed the part that school boards have to play in their teacher selection.

Pick Teachers Carefully

"Members of the school board," he advised, "should first of all select their teachers carefully, then support and boost them and give their teachers the advantages of adverse criticism, which usually arise. As officers of the board, you must make sure that the school is a place where education is made, and that it is a place where education is made."

He spoke of the value of backing teachers, and especially upholding the new teacher until she has adjusted herself to the work. He also spoke of the necessity of supervision in the fact that supervision in the "building of lives and character" is just as important as it is in the construction of highways and buildings. The points which he stressed for training include book learning, outside experiences such as travel, summer school, and to develop a teacher's outlook; the necessity for ability to attend to details; and the use of technique on the part of the teacher who must be the master hand of every day's work. He described three courses which are given to teachers in training that help them understand children at various ages, and that aid in a rural teacher's study adaptation to country needs.

Gustave Sell characterized 4-H club work as one of the outstanding developments of rural educational work in the last 25 years. It was begun as an educational program of the state department of agriculture and has become a nationwide county work with more than 850,000 club members. Some of the outstanding things that 4-H club work does for the rural child were outlined by Mr. Sell. He said that this club work teaches children to actually do things such as raising calves or sewing clothes rather than reading about them.

He explained that the work is entirely voluntary and such club work gives the child an opportunity to choose the work in which he is interested. That the work is far-reaching is evidenced in its growth. Club work encourages co-operation among the children and puts forth a well-rounded program based on mental, physical, practical and spiritual activity.

Perhaps the most important phase of 4-H club work according to Mr. Sell is that it develops rural leadership, which means that the leader in club work today will be the community leader in the future.

Outlines Crippled Work

In the discussion of the educational program for the crippled and disabled child, W. F. Faulkes brought forth the idea that every crippled child who is mentally normal is a potential citizen of the world. According to statistics most of the cripples are victims of disease before the age of 7 and 14. A survey of 14 counties in the state it was found that Wisconsin has 9,000 permanent disabilities every year. Mr. Faulkes explained what has been done for these children, but suggested that the work be carried further than the public schools. He said that the crippled child should be brought into the community as a normal child, and that the school should be a place where work wins and idleness results in failure and either factor is as contagious as measles among the student body. This means that the teacher should be one who will work co-operatively with them.

DISABLED WAR VETS TO MEET AT Y. M. C. A.

Appleton disabled war veterans who recently joined the national organization, will meet at 8 o'clock Friday evening at the Y. M. C. A. The veterans will discuss ways of making application for compensation and will hear reports of the recent state convention at Green Bay. Theodore Corrado, national liaison officer, will attend the meeting.

INDIANS ACCEPTING JESUS, BUT DO NOT LIKE CHRISTIANITY

Ready to Pick Errors in Teaching of Whites, "Y"

India accepts the teachings of Jesus, but it has drawn a clear cut line between his teachings and what is called Christianity, H. C. Herman, for many years a Y. M. C. A. worker in India, told members of Appleton association at their annual dinner and meeting last night at the Y. M. C. A.

"The Indians have accepted the teachings of the American and Nordic missionaries as far as the new testament and Jesus are concerned, but because the people whom the missionaries represent and who are supposed to be Christians, apparently do not live up to their teachings, they have drawn a clear cut line between the two."

"Your professions are very high," the Indians say, according to Mr. Herman, "but your practices are very much different." And then they will tell how the English and other white nations preach Christianity to the natives all the while eyeing their lands, the country and the things they might get out of the ground, as diamonds in Africa.

Mahatma Gandhi was the subject of part of Mr. Herman's talk. The Indian leader is frank and fair, in Mr. Herman's opinion and challenges his opponents to high ground. His actions are always those of the Christian and he takes many of his spiritual teachings from the sermon on the Mount.

India Nearer Now

"The changing, shrinking world has caused the events which we call problems in India," Mr. Herman said. "Years ago it took months to reach India; now it can be done in a few days and cable messages are exchanged in a few hours. People who once were strangers to us now become neighbors and with that condition comes problems."

"India has rebelled against political domination by the whites, just as Korea is rebelling against the Japs and the Philippines against the Americans. The feeling of the white races that 'we are white and we are superior' has been challenged by the other races. Two Indian leaders, one who received the Nobel prize a few years ago and another who was invited to London to meet European scientists and discuss with them the problems of the world, subjects about which the Europeans knew comparatively little, bears out the challenge."

"White people tell about how civilized they are. When they visit foreign countries, they try to impress that upon the Indian and other colored peoples. The Indian, in his inquiring mind, asks the whites, 'What do you call this? This is not civilization.' He finds many things that he doesn't understand."

scribed three courses which are given to teachers in training that help them understand children at various ages, and that aid in a rural teacher's study adaptation to country needs.

Gustave Sell characterized 4-H club work as one of the outstanding developments of rural educational work in the last 25 years. It was begun as an educational program of the state department of agriculture and has become a nationwide county work with more than 850,000 club members. Some of the outstanding things that 4-H club work does for the rural child were outlined by Mr. Sell. He said that this club work teaches children to actually do things such as raising calves or sewing clothes rather than reading about them.

He explained that the work is entirely voluntary and such club work gives the child an opportunity to choose the work in which he is interested. That the work is far-reaching is evidenced in its growth. Club work encourages co-operation among the children and puts forth a well-rounded program based on mental, physical, practical and spiritual activity.

Perhaps the most important phase of 4-H club work according to Mr. Sell is that it develops rural leadership, which means that the leader in club work today will be the community leader in the future.

Outlines Crippled Work

In the discussion of the educational program for the crippled and disabled child, W. F. Faulkes brought forth the idea that every crippled child who is mentally normal is a potential citizen of the world. According to statistics most of the cripples are victims of disease before the age of 7 and 14. A survey of 14 counties in the state it was found that Wisconsin has 9,000 permanent disabilities every year. Mr. Faulkes explained what has been done for these children, but suggested that the work be carried further than the public schools. He said that the crippled child should be brought into the community as a normal child, and that the school should be a place where work wins and idleness results in failure and either factor is as contagious as measles among the student body. This means that the teacher should be one who will work co-operatively with them.

Senate Nine Whips House For First Time On Record

Madison—(P)—Senate defeated assembly 12 to 9 for the first time in the history of Wisconsin's legislative baseball games at Camp Randall field Wednesday. Gov. Philip LaFollette umpired the game.

Entering the last frame of a six-inning contest with the score 9 to 6 against them, the solons collected seven runs to win the game. During that time the assembly was unable to score as Sen. George Blanchard, pitching for the upper house, tightened up. The Edgerton senator struck out six players.

Assemblyman Cornelius Young and Milton Murray, both of Milwaukee, first to the plate for the assembly counted home runs to give the lower house a 3 to 2 advantage in the first inning.

Madison threatened to defeat the senate single-handed from the field, making five spectacular catches. Nearly three hundred spectators, including state employees who were given a half-holiday, watched the contest. It was from assembly supporters in this group that the cry "give us a progressive pitcher" arose when it appeared certain the senate had won. At another point of the game senate fans asked Sen. O. S. Loomis, author of the administrative power bills, for a "power drive." The Mauston solon answered with three clean hits during the contest. When Assemblyman Edward Hukker, captain of the assembly team, tried the "hidden ball" trick, holding up play for nearly a minute, someone shouted "let's have an investigation."

The lineup:

Assembly: Young 3B, Murray 5B; Fox, C. Hukker, 1B, Wiczynski, 2B; Gorman, CF; Harper, RF; Kuptz LF, and Long P.

Senate: Blanchard, P; McHugh, C; Fellenz, SS; Foss, 2B; Nelson 1B; Loomis, 3B; A. Miller, LF; Polakowski, CF; Roethe, RF.

242 STUDENTS TO GRADUATE TONIGHT

High School Commencement Exercises at Lawrence Chapel

A class of 242 students will be graduated from Appleton high school at commencement exercises which will start at 8:10 tonight at the high school.

Two outstanding students, Miss Ellen Balliet and Norman Clapp, will give addresses. Miss Balliet will speak on "The Worthy Use of Leisure." Clapp on "The Challenge to Education."

H. H. Heblie, principal of the school, will present the class, and E. J. Rohan, superintendent of schools, will accept the class. Seymour Gmelin will make the presentation of diplomas. The invocation and benediction will be delivered by the Rev. R. A. Garrison, pastor of Memorial Presbyterian church.

Musical numbers will include the organ procession and recessional by Miss Leone Tesch, a violin solo by Miss Eloise Smeltzer, and a piano solo by Miss Suzanne Jendings. Miss Tesch will play "Jenny's Song." Cora Mae March will play the opening number, and "Marche aux Flambeaux" by Clark as the concluding selection. Miss Smeltzer's composition will be the first movement of the Mendelssohn "Concerto in Minor." Miss Jennings will play the "Blue Danube Waltz" by Strauss-Mills.

PERSONALS

Miss Dorothy Adst has returned from New York to spend the summer with her parents, Dr. and Mrs. A. E. Adst, at their summer home on Lake Winnebago. Miss Adst spent most of the winter in Chicago, and filled an engagement in New York just prior to her return to Appleton.

Miss Dorothy Ornstien left Thursday for a month's visit at Appleton and Detroit, Mich., and Chicago, Ill. While in Ann Arbor, she will attend the reunion for graduates of the University of Michigan.

BOYS REGISTER FOR CHERRY PICKING CAMP

Twenty-five Appleton boys have registered for cherry-picking at the Horse Shoe Bay cherry camp this summer. The camp will be in charge of Harold Bries, 720 E. Eldorado-st.

STOCK MARKET PICTURE LOOKS DIFFERENT NOW

valuation of Many Issues
Sliced Heavily in Past
18 Months

BY CHARLES F. SPEARE
Copyright, 1931, By Cons. Press
Wall Street, New York—(CPA)—
the midst of the gloom engendered
the long stock market decline, it
easy to forget the length of the
ad already traversed. It may not
row any light on the immediate fu-
re but it is interesting to look back
d take stock of the readjustment
far brought about.

For this purpose let us take three
ocks, Atchison, Topeka and Sante
s, United States Steel and Standard
l of New Jersey and compare the
esent market valuation of the com-
on shares in the case of the two
st named and of the capital stock
the case of the last named with
e valuation on Nov. 13, 1929, the
y of the greatest panic in the his-
y of Wall Street. The comparison
uld, of course, be all the more
-iking if the high prices of the in-
tion of that year were taken and
t over against the quotations ob-
-ining now, but that is unnecessary
make the point. Admitting the ex-
-avagance of the late lamented bull
-arket, we do not need to take the
-ak prices of that time to show the
-ormous deflation that has taken
-ice.

\$150,000,000 Deducted
The low price for the common
-ck of the Atchison railroad of
-v. 13, 1929, was \$200 a share.
-ere are 2,410,293 shares outstand-
-g, so that at the extreme low of
-at panic Atchison common was
-ued at \$483,258,600 in the open
-arket. Atchison sold under 135 this

week, but taking that price as a
round number the market value of
the equity in that great railroad is
\$326,199,555 or a difference of \$157-
059,045. In other words over \$150,000-
000 has been deducted from the val-
uation in the past eighteen months.

Now look at United States Steel.
The low for steel on that historic
day was \$150 a share and the recent
price was below \$85 a share. At \$150,
the market value of steel common
was \$1,304,560,950 for the 8,699,073
shares outstanding. Steel stock was
then in the billion dollar class by the
comfortable margin of over \$300,000-
000. Today as \$85, the market value of
the junior shares is \$739,421,205, or a
marking down of \$565,139,745. In this
instance over a half billion dollars in
market valuation has been cut off
since the panic.

Then consider Standard Oil of New
Jersey, which is particularly interest-
ing because of the fact that the pan-
ic was checked at half past two in
the afternoon of Nov. 13, 1929 by the
announcement that a bid for a mil-
lion shares of "Jersey" was in the
market at \$50 a share.

It has always been understood that
this bid came from the Rockefeller
interests. At any rate, if the stock
had been bought at that price it
would have involved the neat little
sum of \$50,000,000 in cash. Now Stan-
dard of New Jersey has 25,564,906
shares outstanding and the stock
sells today around \$31 a share. The
market valuation of this equity on
Nov. 13, 1929, at \$50 was \$1,278,215,300.
At \$31 today, the market values the
same shares at \$792,493,486, or a re-
duction of \$485,721,814, almost a half
a billion.

Excess Partly Atoned
Illustrations could be multiplied
and readers mathematically inclined
may figure them out for themselves.
Everyone now believes that at the
height of the insanity of the bull
movement stocks were overvalued,
but the stock market of today be-
lieves on this statistical showing that
stocks were grossly overvalued on
the day of the panic. Even if that be
true something of the excess has

LIBRARY REPORTS CIRCULATION GAIN

Increase of 21,000 Over
Figures for Five Months
Last Year Revealed

A gain of 21,000 over last year's
circulation figures in five months
was reported by Miss Florence Day,
librarian of the Appleton public li-
brary, at the monthly meeting of the
board of directors Tuesday after-
noon.

During May, 14,162 books were cir-
culated. Of this number 10,664 were
fiction, 3,972 non-fiction, 162 un-
bound periodicals and 34 foreign
books. Pictures loaned during the
month number 276, and clippings
124. Nine books were received as
gifts.

Registrations dropped from 11,013
to 10,999 during May. New registra-
tions totalled 125, and 144 were can-
celled. At the beginning of the
month there were 34,531 volumes in
the library, and at the end the total
count was 34,576. One hundred books
were withdrawn and 146 added.

been atoned for at the price level in
June of 1931.
It will be said that industrial con-
ditions are different now from what
they were two years ago and that
then no one could have foreseen the
breadth or the depth of the present
depression, which is perfectly true.
The market picture has changed al-
so. The question is now whether val-
ues have been written down far
enough to measure the change in the
business outlook.

GIBSON'S Used Car Sale

Includes 20 repossessed, nearly new cars, just
received from a large nearby financing company

These cars will be sold for amount due on their notes, regardless of how little may
remain unpaid.

Your car will be accepted in trade at all it's worth. You may dictate terms as easy
as you can be sure of making.

1930 BUICK COUPE, the large size master "Country Club" model.
Like a new car. Natural wood wheels with two
side mounts. Special at \$1175.00

1929 BUICK SEDAN, master six, four door type.
Four new Goodyear tires free with this special at \$795.00

1926 BUICK SEDAN, a master six, four door model. A trial trip will be
it's best salesman. \$345.00

Going for only \$195.00

1925 BUICK COACH, master six model, two door type. Paint and
general condition exceptionally fine. \$435.00

Take it away for \$325.00

1930 CHEVROLET COACH, many extras on it. \$435.00

Cannot be told from new and going for only \$325.00

1929 CHEVROLET COACH, we have three cars of this model. Each
one has been thoroughly inspected. \$325.00

You'll like them at, each \$325.00

1929 CHEVROLET COUPE, an extra nice car. You
must see it to appreciate its goodness. Special at \$325.00

1928 CHEVROLET SEDAN, four door, new duco finish, new tires and
new upholstery covers. Extras too. \$350.00

Priced at \$395.00

1925 CADILLAC SEDAN, just received from an Appleton family on
a new Cadillac. Closing out \$395.00

this perfect bargain at \$295.00

1928 ESSEX SEDAN,
with all new Goodyear tires \$295.00

1929 FORD TUDOR SEDAN, new Goodyear tires and seat covers	\$295.00
1930 FORD COUPE, a sporty looking, red wire wheel car. Looks and runs like new	\$450.00
1927 JORDAN SEDAN, a De Luxe type, straight "S" four door model at	\$325.00
1927 MARMON SEDAN, (Little Eight), a perfect used car for	\$450.00
1927 NASH COACH, advanced six, new duco paint job. Special at	\$165.00
1929 OLDSMOBILE COACH at a real bargain. Looks and runs like new	\$395.00
1929 PLYMOUTH COACH, new Goodyear tires and extras. Special at	\$395.00
1926 RICKENBACKER straight eight sedan. A perfect used car locally owned and driven very little	\$195.00
1929 STUDEBAKER COUPE, victoria type for four passengers. It is the President "S" model with sport equipment and side mounts	\$795.00
1930 WHIPPET SEDAN, a four door car that has been broken in. Looks and runs like new	\$375.00
1927 WILLYS KNIGHT sedan. The great "66" model with new duco paint and new heavy tires. Take it away for	\$395.00
1931 CHEVROLET COACH, brand new. Five oversize 6 ply tires, complete equipment. Will go at discount of	\$100.00
1928 BUICK SEDAN, a beautiful De Luxe type, four door. This car cannot be told from new. A real value at	\$575.00
1930 CHEVROLET SEDAN, sport model with wire wheels and side mounts. Hot water heater and other extras. Special at	\$495.00
1929 DODGE SEDAN, four four standard six series. Original rich blue and black finish perfect. You can take it for	\$495.00
1929 ESSEX COACH, Challenger series, tan with black trim	\$335.00
1926 ESSEX COACH	\$ 35.00
1925 FORD COUPE	\$ 30.00

300 Witness Seating Of Lodge Heads

NEARLY 300 persons witnessed the joint installation of officers of the Fraternal Order of Eagles and the Ladies' Auxiliary Wednesday night at Eagle hall, Judge Fred V. Heinemann acted as installing officer and he was assisted by Otto Tilly, grand conductor, and Mrs. Elsie Felton, grand conductress.

Officers of the eagle include Elmer E. Koerner, past president; Arthur J. Daelke, president; George A. Magnus, vice president; P. P. Donnelly, chaplain; Charles Schrimpf, secretary; Howard D. Crosby, treasurer; Frank J. Huntz, conductor; Ray B. Voigt, inner guard; Frank Rammer, trustee; Dr. D. S. Runnels, Dr. William C. Felton, and Dr. William Verbrick, eagle physicians.

Those who were inducted as leaders of the Aerie include Mrs. Elsie Felton, past president; Mrs. Mae Schroeder, president; Mrs. Zada Gosh, vice president; Mrs. Irene Spaay, chaplain; Mrs. Meta Huntz, secretary; Mrs. Freda Moore, treasurer; Mrs. Stella Schneider, conductress; Mrs. Regina Ulrich, inside guard; Mrs. Caroline Kramholz, outside guard; Mrs. Luella Frenberg, trustee; and Mrs. Lily Albrecht, musician.

Peter Rademacher, Julian Bender, Webster Schillhabel, and Alvin Krambe, retiring officers, were presented with gifts on the occasion of the Memorial Day celebration, commended the marching club, the drum corps, and the ladies' drill team for their part in the parade, and gave a talk on patriotism.

The ladies' drill team seated the officers at the beginning of the meeting and presented an exhibition drill after the ceremonies. A lunch was served and dancing followed.

Ladies Auxiliary of Eagles held a visiting day party Wednesday afternoon at Eagle hall with 12 tables of cards in play. Prizes at schafkopf of cards in play. Prizes at schafkopf of cards in play.

The annual banquet of the group next Wednesday at Eagle hall. The committee in charge of the party included Mrs. Marie Wankey, chairman; Mrs. Lily Albrecht, Mrs. Freda Shepherd, Mrs. Elsie Deltour, and Mrs. Hortense Pope.

Routine business was transacted at the meeting of Deborah Rebekah lodge Wednesday evening at Odd Fellows hall. The officers will entertain the lodge in two weeks.

The Three Links club will meet next Wednesday afternoon with Mrs. Ada Blake, 403 E. South River, Mrs. Stella Sharp will be assistant hostess.

Eleven members of the Missionary club were entertained at the home of Miss Helen Schomach, W. Lawrence, Wednesday evening. The next meeting will be held June 17 at the home of Miss Helen Gabriel, Spring st.

Mrs. Leo Ziske, 114 E. Wisconsin, entertained the M. and A. bridge club Wednesday evening at her home. Prizes were won by Mrs. E. Weller and Mrs. L. E. Wirtz. This was the last meeting for the summer.

The Marathon Bridge club met Wednesday night at the home of Mrs. Leo Keating, route 1, Menasha. Prizes at bridge were won by Mr. and Mrs. Thomas Keating. The club will meet in two weeks with Mr. and Mrs. Orville Perrine, 1039 W. Winnebago-st.

Waverly lodge, Free and Accepted Masons, held its last meeting for the summer months Tuesday evening at Masonic temple. A dinner was served at 6.30 to about 125 persons of a class of candidates followed. The Master Mason degree was conferred.

A meeting of Catholic Knights of Wisconsin was held Tuesday evening at St. Joseph hall with about 35 members present. It was decided to eliminate the July meeting because of the convention that month. Routine business was transacted.

Arrangements for a fish fry to be held June 14 at Stroebe's Island were made at the meeting of Charles O. Baer camp, Spanish War Veterans, Tuesday evening at the armory. Twenty-seven members were present.

Appleton Commandery, Knights Templar, will meet at 7.30 Friday night at Masonic temple. Election of officers for the coming year will take place.

Modern Woodmen of America will meet at 8 o'clock Friday night at Odd Fellows hall. Regular business will be transacted.

Loyal Order of Moose met Tuesday night at Moose temple. Regular business was transacted.

ENGAGEMENT OF VIRGINIA GEROU IS ANNOUNCED

Mr. and Mrs. Ben Gerou, 512 N. Onondaga, have announced the engagement of their daughter, Virginia, to Harold Sager, son of Edward Sager, 201 Lakeland, Menasha. No date has been set for the wedding.

2 Bands at Greenville Sunday Night.

Geo. M. Smith and The Wis. Blue-Sun Nite, Greenville.

On to Hollywood

Meat Heather Thatcher. You may be seeing her again, with or without the monochrome, for the London actress is on her way to Hollywood and expects to have an awfully jolly time making some perfectly ripping American movies. Miss Thatcher is pictured here as she said toodle-oo to New York.

PARTIES

Mr. and Mrs. Daniel P. Steinberg, 532 N. Durkee-st, entertained at dinner Wednesday evening at their home in honor of the senior members of Delta Iota fraternity. Marcus Plant was toastmaster and represented the juniors. Charles Barnes gave the class history. Norbert Pfeiffer gave a resume of football activities and spoke in appreciation of the new coach at Lawrence college, and Gilbert St. Mitchell presented the class prophecy. Charles Barbach received the Elmer Miller scholarship cup for having the highest average in the fraternity for the year. Sixteen persons were present.

The annual banquet of Lady Eagles was held Wednesday afternoon at Candle Glow tea room with 22 members present. Cards preceded the dinner and prizes were won by Mrs. P. Van Roy, Mrs. George Hogriever, Mrs. Martin Van Roy, Mrs. F. Franzel, Mrs. C. Langdyke of Little Chute, Mrs. Otto Zuehlke, and Mrs. J. Van Roy. Mrs. Hogriever was in charge of arrangements.

The last meeting of the season will be held next Wednesday afternoon at the Woman's club.

Christian Mothers' society of St. Theresa church held the third of a series of card parties Wednesday afternoon at the parish hall. Nine tables were in play. Prizes at schafkopf were won by Mrs. Mick Dorn and Mrs. Ben Kohler at bridge by Mrs. Henry Bast and Mrs. W. A. Schultz, and at dice by Mrs. John Laux. Mrs. Albert West and Mrs. Clarence Tibbets were in charge. There will be another party next Wednesday afternoon.

Thirty-six tables of cards and dice were in play at the card party given by Mrs. A. Zickler, Mrs. C. Miller, Mrs. J. N. Wagner, at bridge by Mrs. Mary Langenberg and Mrs. Ray Stark, at plumpack by Mrs. A. Zickler and Mrs. William Storm, and at dice by Rosella Osley and Margaret Dressang. Mrs. John Wagner was chairman of the party.

A card party and social was given by the ushers of St. Mary church Wednesday night at Columbia hall. About 17 tables of cards were in play. Prizes at bridge were won by Mrs. Norbert Roemer, Appleton, and Mrs. J. Kasel, Menasha, and at schafkopf by B. J. LeMoine and Mrs. P. Melcher, Harold McGinnis was chairman of the party.

A picnic entertained members of the Christian Endeavor societies of Emmanuel Evangelical church, Appleton, and the Evangelical church of Neenah Wednesday evening at the Neenah Klavitters home at High Cliff. Forty-four persons were present. Swimming, games, and a viener roast provided entertainment.

Mrs. H. M. Osteria, 622 N. Appleton-st, entertained at a 1 o'clock luncheon and bridge Wednesday afternoon at Candle Glow tea room. Eight tables were in play. Several

out of town guests were present from Green Bay, Neenah, Menasha, and Oshkosh.

Mrs. Ray Leisen, Menasha, entertained at dinner Wednesday evening at her home in honor of the first wedding anniversary of Mr. and Mrs. Claude Giesch, Appleton. Five couples were present. Bridge followed the dinner.

The second of a series of card parties to be sponsored by Christian Mothers' society of St. Mary church will take place at 2.30 Friday afternoon at Columbia hall. Bridge and schafkopf will be played. Mrs. Giles Courtney and Mrs. Nora Bailey will be in charge.

Ten members of St. Martha Guild of All Saints Episcopal church were entertained at a picnic Wednesday at High Cliff. A picnic dinner was served and the afternoon was spent informally. This was the last meeting of the group for the summer.

Child Day Exercises At Church

CHILDREN'S day exercises will take the place of the regular morning service Sunday at First English Lutheran church. The exercises will begin at 10.30 and will be in the nature of a missionary program.

Recitations and songs will be given by the children of the primary department under the direction of Mrs. E. Sager, and the junior and intermediate program will be under Mrs. Floyd Eber's direction. Final rehearsal for the exercises will be held at 3 o'clock Friday afternoon at the church.

The Rev. R. E. Ziesemer gave several readings at the meeting of the Ladies Aid society of Mt. Olive Lutheran church Wednesday afternoon at the church. About 60 members were present. A social hour followed the business meeting and a lunch was served. The committee included Mrs. William Kramer, chairman; Mrs. F. Kuschel, Mrs. Alex Korth, Mrs. Max Koletzke, Mrs. Armin Knoke, Mrs. Theodore Knuth, Mrs. Carl Kreiser, Mrs. H. Kobs, Mrs. R. Lutzow and Mrs. William Lipske.

The next meeting will be the first Wednesday in July with Mrs. Ida Knoke, Linwood-ave.

A social meeting of Zion Lutheran church was held Wednesday afternoon at the parish school auditorium. Rook was played and prizes were won by Mrs. Bertha Radtke, Mrs. Elizabeth Hoffman, and Mrs. Hulda Holtermann. The entertainment committee was composed of Mrs. Ida Braeger and Mrs. Anna Brown, and the hostesses were Mrs. Lillian Wheeler, Mrs. Emma Wichman, Mrs. Freda Wiese, Mrs. Wynne Wels, and Mrs. Tillie Ziske. The next meeting will be July 1 in the city park.

The Auxiliary to Spanish War Veterans will meet at 7.30 Friday night at the armory. Business pertaining to the convention to be held at Oshkosh June 25 to 27 will be discussed.

The mixed choir of St. Joseph church will meet for rehearsal at 8.30 Friday night at the parish hall. Music for Corpus Christi will be practiced.

HONOR WRIGHTS

Paris Orville Wright will be present when a monument to him and his brother, Wilbur, who made the first successful airplane flight, is unveiled at Pau on July 23. Among those expected to attend the ceremonies will be those intrepid French pilots, Coste and Bellonte, who laid the first stone of the monument during their tour of France last year.

FLYING FORT

New York — A single engine, high-speed military plane has been tested by the Air Corps here for use as a flying fort. The low-wing job carries a crew of two, a quarter ton of bombs and six machine guns. It is of all-metal construction, and four of the guns are buried in the leading edge of the wings. It is said the plane has a top speed of 200 miles an hour.

SEEK STOLEN ROAD

Police are making the search for a 1930 model Ford coupe which was stolen the night of May 20 at Menominee. The car bore the duplicate license number C-37 and the motor number is A-2831569.

Child Needs To Get Into Some Wrong

BY ANGELO PATRI

"Fred is such a nice boy. Never makes a sound in the house. Never goes out unless with us. He's past fourteen now and there is none of the silly talk about girls and all that. Never smoked; never said a bad word. The only interest he has is his music. He plays the cornet. Lovely boy if I do say it myself and lay myself open to being labelled 'a proud father.'"

If that were my boy I should be troubled. I should want to know why he did not play with other lads; why he did not make a noise; why he did not like the girls of his own age. I'd want a good physician who knew something about the growth of boys and ask him what ailed this one.

Boys and girls of adolescent years, who are mentally and physically fit, thrash around some in their effort to adjust themselves to the new life that is opening before them. Usually they open their mouths so wide to get a big enough bite of life that they choke on it. We who teach them rather expect some spluttering and choking and gurgling along with the grins and the chuckles and shouts. That is the way it youth develops. They do not spring full fledged from the home nest.

It is time to have good children. I can think of no greater good fortune than that. The parents who can say, "I have a good child," need ask no higher gift from heaven. That one precious grant is sufficient for a happy life. But silence, agreement, docility, acceptance, is not always the indication of health. Sometimes it means the stillness of the end. There is no life in him who sits so still in the presence of throbbing life. Better that he get out on the lot and take his whack at the ball even though he fan wide of the mark and kiss the dust. A good bump is often educative.

The still child is a relief to the household. For a time. By and by, when that stillness settles into solidity, there is neither rest nor peace in that household. Tragedy dwells there, and its restless paces feed tend on aching hearts. No, no, let's have a little noise and a lot of nonsense at the right time—at growing time. So it is that our children grew up and put away childish things.

Put up with their restlessness. Give them a chance to move about in the home, the school, the community. Let them try out the rash and wasteful experiments—as they seem to you—so they can prove themselves. Given a home and a school and a playground that are nearly right, there is

little danger of their straying too far for safety. Have more faith in them and hope.

You must know how to live with children. How to stand them in the house. They must bring in their friends; they must go places and see things; they must try out processes, test traditions, experiment with people and things and so learn to meet life. Noise, confusion, motion, errors of judgment, patches of illumination—all these are expressions of youth and its development. It is just as well if your son is not one of these "nice" boys who never make trouble. A little trouble indicates life.

Copyright, 1931, by The Bell Syndicate, Inc.

Mr. Patri will give personal attention to inquiries from parents and school teachers on the care and development of children. Write him in care of this paper, inclosing stamped, addressed envelope for reply.

AN AERIAL PREDICTION

Washington — "Commercial aviation is going to have the best year it ever enjoyed during 1931," says V. Irving Glover, second assistant postmaster general. "The entire industry has settled down and is on the way to greater accomplishments as the result of conditions experienced last year," Glover encouragingly reports.

Two-thirds of the world's expenditures on roads, which exceed almost \$3,000,000,000, will be spent in the United States.

MISS VAN WYK IS MARRIED TO PARK FALLS MAN

Miss Nellie Van Wyk, daughter of Mr. and Mrs. William Van Wyk, 905 E. Wisconsin-ave, and Ralph Schutz, son of Mr. and Mrs. Louis Schutz, Park Falls, were married at 8 o'clock Wednesday evening at the home of the bride's parents. The Rev. Frank Schoenfeld, of the Congregational church of Park Falls performed the ceremony. Miss Ann Kellner, Beaver Dam, was bridesmaid, and Lawrence Schutz, brother of the bridegroom, acted as best man. Mrs. Schoenfeld, Park Falls, played the wedding march. The home was decorated in bridal wreath pink and yellow snapdragons, and yellow roses.

A wedding supper was served at 6 o'clock at the home. Out of town guests included Mr. and Mrs. Louis Schutz, Gene Schutz, the Rev. and Mrs. F. Schoenfeld, Park Falls; Lawrence Schutz, Green Bay; Ann Kellner, Beaver Dam; and Frank

Van Wyk, Milwaukee. Others present were Mr. and Mrs. William Van Wyk, Mr. and Mrs. H. J. Van Ooven, Mr. and Mrs. Fred Van Wyk, Minnie Van Wyk and Elmer Hollander.

Two classmates of the bride, Marian Ingethron and Hazel Johnson, Appleton, served the wedding supper. Mr. and Mrs. Schutz left on a month's trip to the western coast and on their return will reside in Park Falls where the bridegroom is employed. The bride taught English and Latin in Park Falls for the past seven years. She is a graduate of Appleton high school and of River Falls normal school. She attended Lawrence college for two years and is a member of Beta Phi Alpha sorority.

START HANGAR SOON

Washington — Work on the \$2,250,000 hangar to house the first of the Navy's two 735-foot airships at Sunnyvale, Cal., will begin in midsummer, it is reported here. The cost of constructing the entire naval air station will run about \$5,000,000. The hangars will be the largest in the country.

"YOU'RE ALWAYS WELCOME HERE"

The Story of Sue

MARGERY HALE
© 1929 BY NEA SERVICE, INC.

WHEN Sue saw Sybil standing over her, with a revolver in one hand and a flashlight in the other, her first impulse was to scream. But she quieted that. If she did Sybil would shoot.

"At last, Sue Merryman, I have you where I want you," Sybil said. "You can't get away. Your game is up. So you thought you would marry Jack, did you? That is one of the dreams that can't come true."

"He's going to die. I don't know about you. Life might be harder for you without him. Still... I think on the whole it would be rather nice to send you trailing after him."

"Sybil, you're crazy. Put down that gun!" Sue said, wondering from where she was getting her boldness. "Don't do anything idiotic. You'll have to die for it." Curiously, a strange, freakish kind, got the better of her for a second. "Where did you hide after you shot Clifford?"

"In the basement. I leaned through the window of the sun porch to do the work. Then I slid down the basement window. And nobody looked. Blind of the detectives, wasn't it? Stupid work. I'll keep you covered, but if you don't mind I'll stop being sociable. I want to spot the right man when he comes. I would hate to shoot the wrong one."

Sue didn't answer. She stood up, though, straight and slim in the pink and blue dress.

"Leander and Hero died together when the Hellspoint maroon didn't get across," Sybil's voice went on spinning sinister witchery. "Maybe you are thinking up some sort of stunt to do after Jack gets his bullet. You might do like Dido, the queen that couldn't get Aeneas. She burned herself to cinders. Or Cleopatra. She used an asp when Anthony forgot the muddy road up the Nile. Take your choice."

Sue could tell by the very carelessness of Sybil's words that the girl was delirious or demented. Maybe both. She was trying to be melodramatic. She was enjoying her role.

And down the road the lights of a car flashed, and went by in a minute. Sue couldn't scream for she knew that there would be a check from the revolver and she would be the second to die from Sybil's weapon. She would have to wait until help was near, then throw herself on Sybil, very quickly, trusting and hoping that the revolver would not go off. She counted on her own skin strength against Sybil's weakness to help her carry off the battle. Sybil was still convulsing from her flesh wound.

Sue wondered where the girls had gone. They should be back by now. Then she saw them through the living room windows. She hoped that they would miss her and search for her.

"I think we'll go into the basement. There's a window that will make a good shooting spot," Sybil said finally. "Follow ahead and go where I tell you to or I'll shoot. My revolver happens to be soundless so nobody will know where you are."

She walked in front of her through the garden, down the steps to the basement, through the recreation room with its ping-pong table, billiard table, (up)place and all the other things which made it a social center. The long fruit cellar was next, and finally they came to the laundry. Sybil took up her station and Sue sat down by the wall. She tried to get near the window but Sybil refused to let her. As it was, Sue couldn't see Jack when he came. Her eyes searched the room frantically. Then suddenly she saw the thing she wanted.

NEXT: Sue struggles with Sybil.

Bolero Jacket

3127

BY ANNEBELLE WORTHINGTON
The bolero jacket dress is engaging much attention of dobs, debutantes and youthful type of woman. No small wonder—when so smart and so thoroughly wearable as this one.

The good skirt, slightly flared, lends height to the figure. In emerald green shantung with plain white, this model is very snappy.

Opal-yellow linen with opal-green eyelet batiste, cotton mesh in white with handkerchief linen, dusty-pink novelty pique with white dotted swiss and pale blue flat washable crepe are ideal for summer wear.

Style No. 3127 is designed in sizes 12, 14, 16, 18, 20 years, 36 and 38 inches bust. Size 16 requires 2 yards 39-inch, with 14 yards 39-inch for blouse. Vacation Days are here again! So nearly here, at least, that it's time for you to be thinking about your Summer wardrobe.

You can save \$10 by spending 10 cents for this book. The edition is limited so we suggest that you send 10 cents in stamps or coin today for your copy to Fashion Department. Be sure to fill in the size of the pattern. Send stamps or coin (coin preferred).

Price of book 10 cents. Price of pattern 15 cents.

DRY SKIN NEEDS SPECIAL CARE AND TREATMENT

BY ALICIA HART

If you have a dry skin, summer isn't all a bed of roses to you. Nobody with a normal skin can know what your face feels like after a day at the beach with the greatest care in treating it.

First of all, it usually is inadvisable to sunbathe if you have a very dry skin. It peels off. Nobody can tell you that that is a hand-some way for a face to act!

The only face that brings up any doubt about the use of water is, to my way of thinking, the dry skin face. If water makes your face scaly, it soap hurts it, for a week or a fortnight try this treatment: Use a soothing, cooling cream for cleansing daily. Once a week use the mildest pore paste you can get and use it with warm water and rinse in cool. Ice is not advisable. It is so harsh a treatment for a lady with a very sensitive skin. When you have a very delicate skin, you run the risk of suffering little broken capillaries if you use ice on your face.

Astringent Required

But, after you have used the cream and your face is clean, you do need a mild astringent lotion to close the pores. Get one that doesn't have the drying qualities most lotions are noted for. Some with balsam in their make-up are especially good for dry, sensitive skins. These tighten the pores without drying, which is exactly what you want done.

Before applying make-up to your skin, use the best powder base cream you can find. Some of these come high in cost, but are a boon to dry skins. They are like a caress, so velvety and fragrant are they.

WE WOMEN

By Virginia Vane

TACT CAN OVERCOME DIFFICULT FAMILY SITUATION—FOREIGNNESS TEST OF TRUE LOVE

Mrs. C. E. You have a right to keep your children from an influence which is definitely harmful to them—even though this may cause a certain amount of unpleasantness in the family. Your husband should not insist on your continuing a relationship which is detrimental to his own son and daughter.

But on the other hand, it can't possibly do any of you much harm to see the unpleasant branch of the family on such rare occasions as courtesy demands that you call on them. You have worked yourself into such a state of anxiety and dread concerning your sister-in-law and her family that you see her as a much more important figure than she really is. Surely biannual calls on her are not going to influence either you and the children to any great extent. You can keep your family safe from her, and at the same time avoid making a really big issue of the affair.

Perhaps there is a little too much resentment in your attitude. Perhaps you have disliked your husband's sister so long and so violently that you see things out of all proportion. There is no necessity to make a close friend of her, or to let your children become intimate friends with their cousins. But you can rid yourself of all this quarreling and nagging, by a little tactful treatment of the matter.

KAY: The fact that your fiancé has been truly honest with you must show you that he is

made of the right stuff. If he were a different sort, he could quite easily have lied to you about his past, and proved himself, thus, a bad matrimonial risk.

But he's told you the absolute truth and it's unfair of you to turn on him now, because you have discovered that men very often have different standards from women. You virtually forced him to tell you the truth, and then having gained your point turned against him. Think it over. The world is full of unpleasant surprises, and this one has hit you hard. But actually your man

shows no signs of being a moral leper. He seems in every way anxious to atone for having hurt you so deeply. And your attitude will not possibly do him any good. If you really love him you'll find in your heart to forgive him. You don't understand a great deal about life, so you can't judge these things. Particularly you mustn't judge harshly, or become intolerant. Give him his chance, since you love him. There are a great many things to forgive in this life, and your present task is easier than is given to most.

L. L.: Looks as if your job

were to stay home and make sure that your young son was going to have a better chance in life than you have had. If you start out now, determined to wrest happiness, at whatever cost, you'll run up against a blank wall, your self and you'll run your son's life.

He depends on you because there is no one else to depend on. You, alone, can stand up for his rights and see that he is treated as he should be. Your duty is so clear that you mustn't for one minute look away from it. There are tempting prospects on every

hand, but you must keep your eye fixed on the main job.

Don't forget that you'll suffer if you knew your going had made a shipwreck of a young life. Even if you found success and an apparent happiness, you'd be tortured with remorse. You'd experience a thousand fears. In the end, you might even find that you had to creep back—in which case your position would be far less endurable than it is now. So hang on, just for your child's sake. Good luck to you.

INDOR KILLS FLIES by entering the TRACHEA

Flies and insects breathe through minute air tubes known as the trachea. The openings to the trachea are located on both sides of the body under the wings. In order to kill flies and insects, the fly spray must enter into the trachea and poison the flies, or close up these small openings long enough to suffocate them.

When sprayed in a room, INDOR forms a fine atomized mist that settles on the fly... spreads over the body... enters into the small openings of the trachea, where it forms a toxic poison or stops up the trachea openings which quickly suffocate the fly.

Only INDOR, with its two-way scientific killing action, will give you positive results and protection against flies, mosquitoes, roaches and moths. INDOR is clean and clear, with a pleasant odor that soon disappears. It will not stain fabrics or taint foods.

Your Druggist, Hardware and Feed Supply Dealer and INDOR in convenient sizes.

How to make the oldest house say "Buy me"

GIVE your present home a new lease on life. Lay G-Creo-Dipt Stained Shingles right over the old siding or roof.

Cost no more than two thorough repaintings of old siding. Save 15% to 25% in fuel bills, too, because they add an extra layer of insulation. Save paint as well—for G-Creo-Dipts are stained under pressure by a patented process that forces preserving oils and 35% extra color-pigment deeper into the wood—keeps colors fresh and lovely for years longer.

For 20 years leading architects have recommended G-Creo-Dipts. Phone us now for an estimate.

COUNCIL LETS CONTRACT FOR GARBAGE JOB

Bids of \$11,500, Submitted by Peter Smojensky, Approved by Aldermen

Neenah—The bid of Peter Smojensky for the two year period for garbage collection, and the bid of Chick Remick for 27 cents a cubic yard for filling between the retaining wall between Theda Clark hospital and the Chicago and Northwestern bridge, were unanimously accepted by the city council Wednesday evening.

The bid for garbage collection was recommended by the board of health and finance committee. That of Remick for furnishing between 10,000 and 15,000 yards of filling as the board of public works. More time was granted the water works committee on the recommendation of the water works commission for a new filtration plant to cost approximately \$85,000.

Mayor Sande, speaking of the dissection of the city, stated that it was not the purpose of the commission to run the project through in a hurry, that it had been under consideration and investigation and survey for the past five or six years by the city commission. The action as quoted in the recommendation, did not mean that there is a desire to get the project through hurriedly, but that now is the time the plan can be erected at a reasonable cost, he pointed out.

A communication from the board of health stated the present fresh air camp for children is inadequate and if it is to be used this summer steps should be taken at once toward reconditioning it and placing it in shape for occupancy.

To Investigate Camp
Mrs. Stuart, member of the health board, reported that the place had been outgrown, and that neighboring cottages were encroaching upon the premises. She moved for a thorough investigation. Communications from J. P. Hawley post American Legion and the Kiwanis club stating that the Fresh Air camp be continued as a child welfare activity, were referred to the board of health.

The need of a sidewalk to the cemetery, a matter which was introduced two years ago, was suggested by Alderman Martin. Attorney C. E. Sande stated that the city had met with the town of Neenah board relative to a walk in which the city would work jointly in constructing, but the town board considered it a costly proposition. The question will be taken up again with the town.

Preliminary steps toward constructing a sanitary intercepting sewer on Vanst between Monroe and Adams-st. and a sanitary sewer on Monroe-st. to Harrison-st. and west to Vanst, were taken through resolutions authorizing such sewers constructed. The ordinance allowing the city to do the sewer work by hand labor, was repealed, the work now will be by contract.

The board of education will continue to serve until their terms expire, when they will be replaced by members elected by the people. The mayor appointed three new members on the library board to fill vacancies.

Mrs. S. D. Greenwood was appointed for one year; Mrs. R. D. Sanders and George Barnes for a three year term each.

William Schmidt, Jr., Anton Nielsen and Anton Frunisko were recommended by the planning commission on a committee to draft a building code.

Engineer Gets Helper
Alderman Aylward, was of the opinion that this committee should consist of the attorney, engineer and city clerk. The committee was appointed of the original three as recommended by the commission. The commission recommended a helper for the city engineer at a salary of \$75 a month, with a student preferred. The commission also recommended changing Cedar-st. from a 66-foot width to 50 feet to conform with connecting streets.

A petition from property owners along the street will be necessary to make the change.

A request was made for changing a portion of land now included in the residential district in the vicinity of the Danke crematory on McKinley-st. to light industrial district to permit erection of a filling station. It was referred to the planning commission. A request from property owners on S. Park-ave. for a change in the residential district in the vicinity was received. Mayor Sande reported that it was an old project but a costly one, as mains would have to be laid through solid rock. It was referred to the water works commission.

A report of the bathhouse remodeling and proposed wading pools in various parks was received by the board of health. The clerk reported a group of Soo line officials due here soon to arrange with the city for filling up a swamp hole between its tracks.

Bills totaling \$11,500.00 were approved. A petition for a light on Grove-st. near Spruce-st. was referred to the street committee. Monthly reports of the police department, justices and poor commissioner were accepted.

ANNOUNCE SUMMER SCHEDULE FOR MUSEUM
Neenah—The Doty park museum will be open to the public Wednesday Saturday and Sunday afternoons and evenings during the summer, beginning next Saturday, according to the committee in charge. Many new articles with historical interest have been added to the building's collection during the past few months.

JUNIOR CLASS NINE DEFEATS SOPHOMORES
Neenah—High school junior class baseball team defeated the Sophomore team Wednesday afternoon 11 and 4 in an inter-class tournament at Lowden diamond. The Junior class is still in the lead, with the first round of games nearly completed.

BOY BRIGADE LEADERS OUTLINE CAMP PLANS

Neenah—Boy Brigade camp officers met Wednesday evening for dinner at the home of Leo Schubart. Plans were made for the annual camp starting June 17 on Onaway Island. An effort is to be made to make the 1932 camp the banner one in Brigade history. The boys, probably will be divided into four groups with a leader and two assistants. Each group will be busy at the same time in athletics, boat racing, hikes, and other forms of amusement. It also is planned to rent a cottage nearby in which the older boys wishing to spend Saturday and Sunday at the camp will be quartered.

A crew of men has been on the island for the past few weeks riding the place of poison ivy. The camp will continue for eight days under direction of Lloyd Stitt, Cliff Roy, Ray Kall, Leo Schubart, S. P. Shattuck, Earl Williams, John Scheller, Gordon Brown, Robert Gillespie, Charles Neubauer, Aaron Dix, Ira Clough and Silas Bylow. Mrs. Marie Dick again will prepare the meals.

NEENAH SOCIETY

Neenah—Nine couples of high school entertained at a picnic Sunday afternoon and evening at Riverside park. Following a supper several new members will be admitted into the society.

The Theosophical society at the high school is holding a picnic Thursday afternoon and evening at Riverside park. Following a supper several new members will be admitted into the society.

Among the out of town people who were present Tuesday at the fiftieth wedding anniversary celebration of Mr. and Mrs. William Quandt, E. Columbus-ave. were Mr. and Mrs. Walter Quandt and Mr. and Mrs. Everett Westfall of Appleton; Mr. and Mrs. John Westfall and family, Mr. and Mrs. Arthur Quandt and family, Mr. and Mrs. Clarence Westfall and family, Mr. and Mrs. Harrison Sturgis and family, all of town of Neenah; Mr. and Mrs. Irving Quandt and family and Mr. and Mrs. Ackard Erdmann and family of Clayton.

ENGAGE CARETAKER FOR BATHING BEACH

Neenah—Herbert Kruse has been engaged by the committee on parks and public buildings as assistant caretaker at the municipal bathing beach. He will begin his duties at once. This action was taken Tuesday evening at a meeting of the committee, at which Clarence Knutson and Miss Margaret Blenker were officially engaged as caretaker of the men's and women's bathhouses. The committee on parks and public buildings, under whose jurisdiction the beach is conducted, reported to the council Wednesday evening that it had placed the buildings and equipment in readiness.

BROTHERS FINED \$5 EACH FOR LANGUAGE

Neenah—Harold and Herbert Stensko, Neenah, brothers, were fined \$5 and costs each on a charge of using vulgar and abusive language following a trial Wednesday morning in Municipal court.

Testimony revealed an altercation between members of the Mankeville family, neighbors, and the Stenskos, over a dog. Mrs. Frances Mankeville made the complaint. The Stensko boys denied having used vulgar language, but several witnesses said they did in finding them guilty. Judge pointed out they should have sought the protection of the law and should not have taken the matter in their own hands.

YOUNG MEN'S LEAGUE TO PLAY SOFTBALL

Neenah—Eight teams have been organized to play in the Young Men's softball league which will open its season Friday evening on the several diamonds. Stacker-Schmidt are scheduled to play the Island Special at Doty park diamond; Kimberly-Clark will play Draheim Sports at Lowden diamond No. 1; Nyon Puffs will play Commercial Sluggers at Lowden diamond No. 2; and Mace's Drugs will play the Island Drugs at Washington school diamond.

FINED \$10, COSTS ON DISORDERLY CHARGE

Neenah—William Francart, Neenah, was fined \$10 and costs Tuesday morning by Justice George Harness, when he pleaded guilty of drunk and disorderly conduct. He was arrested Wednesday night at Doty park.

BANK CASHIER NAMED INCOME TAX COLLECTOR

Neenah—John Powers, cashier at First National bank, has been appointed deputy income tax collector for Neenah by Earl Fuller, Winnebago county treasurer. Income taxes can be paid to Mr. Powers any time during business hours.

COMMENCEMENT FOR SENIOR CLASS SET FOR WEDNESDAY

Invitations for Annual Program at School Issued This Week

Neenah—Invitations have been issued for the annual commencement exercises, to be given Wednesday evening, June 10, by the Senior class at the high school auditorium.

The program will start at 8 o'clock. After the class of 92 members has been seated, two selections, "Aida" and "Fair Maiden," will be played by the high school orchestra under direction of Lester Mais.

Following the invocation, which will be given by the Rev. Albert Dubois, a graduate of Neenah high school, Naomi Gibson will give the salutatory address, followed by the address of the evening by Edgar C. Doudna, secretary of the board of regents of the state teachers' college of Wisconsin. The orchestra will follow with "Mignonette overture," after which the valedictory address will be given by Miss Marian Marty.

After another selection by the orchestra, "The Dance of the Cretaceous," F. H. Dances, superintendent of schools, will present the diplomas. The program will close with music, "Story Point," by the orchestra.

Miss Marty was selected as valedictorian and Miss Naomi Gibson as salutatorian by their rank in school work and study. Ronald Barnes, as president; Einarich Gaertner, vice president; and Dorothy Heilmann, secretary, are the class officers.

The class flower is the pink rose; class colors, old rose and silver, and the class motto, "Not I, But What?"

The members of the class to receive diplomas are:

Ernest L. Anderson, Mildred A. Anderson, Ronald A. Barnes, Lyle W. Barnett, Marjorie L. Bishop, Armin Blank, Margaret M. Blenker, Lucille R. Boehm, Estelle F. Brown, Blanche L. Christianson, Clifford B. Christianson, Howard C. Christianson, John E. Cummings, Dorothy Danielson, Kenneth W. Dietz, Michael M. Donovan, Charles G. Drews, Howard G. Ehlers, Mildred M. Erdmann, Catherine M. Evans, Bertine Peters, Harold H. Forsythe, Milton C. Fuhs, Heinrich J. Goertner, Max L. Gullerud, Helen K. Gibson, Eleanor Goethe, Fayette A. Gottfried, Raymond T. Graverson, John F. Grimes, William S. Grimes, Biva D. Hallock, Francis I. Hallock, Verma M. Handler, Gordon D. Hanson, Mary E. Hanson, Marjorie L. Harper, Walter H. Haure, Betty A. Heber, Dorothy M. Heilmann, Virginia R. Hoffmann, Evelyn E. Hohnbecker, B. H. Hohlbecker, Joseph D. Hough, Wilbert F. Jensen, Gerald J. Johnson, Laurence M. Kitchen, Esther M. Knaggs, Harold C. Koerwitz, Norman A. Koerwitz, Margaret L. Kohrt, Edna M. Kollata, Eleanor M. Kuhl, Alfred B. Kuhl, V. K. Kuhl, Thomas L. LeFond, Gerald Lea, Jeanette Lenz, Dorothy J. Lewis, Willard H. Lucetich, Norris C. O'Brien, Erving W. Olson, William R. Pearson, Esther J. Peterson, Lilian E. Rasmussen, Rod F. Rusch, Howard O. W. Schmidt, Charles G. Schultz, Mildred H. Schultz, Hilda V. Schwandner, Max O. Sleifer, Marvin S. Sorenson, M. S. Sorenson, Edith M. Steffen, Everett E. Thompson, Leonore M. Torsrud, Elwood A. Tyrell, Nathan H. Wauda, Lowell W. Zabel, Mildred M. Zachow and Edith C. M. Ziem.

RESUME SOFTBALL GAMES IN LEAGUE

Neenah—Games in the American league were played Wednesday evening with Wisconsin Telephone defeating Valley Inn Buicks, 5 and 1, Draheim Sports defeating Kimberly-Clark 6 and 3, and Neenah Papers of the National league losing to the Jersild Knits of the American league, 6 and 5.

Games for next Wednesday evening has Kimberly-Clark playing Wisconsin Telephone at Lowden field No. 1; Lakeside playing Draheim Sports at Lowden field No. 2 and Jersild Knits playing Valley Inn Buicks at Doty park diamond.

TWO SLIGHTLY HURT AT CAR HITS TRAIN

Neenah—Arlie Flannigan and Gerald O'Reilly, Winneconne, were out about their faces, and their car was damaged, when they were hit Wednesday when the car crashed into a freight train at the Winneconne-ave crossing of the Soo line railway. The train was not moving, and the danger signals were operating. They were on their way home when the accident occurred. After caring for their injuries, the men proceeded on their way.

NEENAH PERSONALS

Neenah—Mr. and Mrs. Arthur Eischen of Green Bay attended the funeral of Walter Stield Thursday afternoon at Oak Hill cemetery chapel.

Neenah relatives of Mrs. Emily Young Miller, who died Tuesday afternoon at the home of Mr. and Mrs. John Young, Oshkosh, attended the funeral Thursday afternoon.

Dr. A. S. Greenwood of Chicago, and Mr. and Mrs. Robert Park of Cleveland, O., are guests of Dr. and Mrs. S. D. Greenwood.

Mr. and Mrs. James Parks of Los Angeles, Calif., are visiting Mr. Parks' parents, Mr. and Mrs. M. Parks.

Miss Clara Grunski of Los Angeles, Calif., is visiting her parents Mr. and Mrs. Chris Grunski.

Mrs. John McAndrews, Neenah, submitted to a major operation Thursday at Theda Clark hospital.

Helen Coy had her tonsils removed Thursday morning at Theda Clark hospital.

Flapper Fanny Says

Some authors spend a lot of solid thought on this plot.

WATER PLANT CAN SERVICE NEENAH, CLAIM

Quality of Water Exceeds State Requirements, Thickens Reports

Neenah—That the Menasha Water and Light commission is capable, with the facilities now in operation, to fill the Neenah water tower and keep it filled, and to take care of an increase of 50 per cent over the present demand of both Neenah and Menasha is pointed out in a letter to Neenah city officials from R. B. Thickens, president of the Menasha commission.

Pointing out an inconsistency in the report of the engineers engaged by the Neenah water committee, Mr. Thickens says that the report states that the connection and a booster pumping station costing \$55,000 would be necessary. It is the belief of the Menasha Water and Light Commission that the facilities now in operation at the Menasha plant are sufficient to fill the Neenah water tower and keep it filled, and to take care of an increase of 50 per cent over the present demand of both cities. The cost of making the connection without the booster station would be approximately \$15,000. The additional expense of a new filtration and settling plant, therefore, would be \$70,000, and not \$35,000 as stated in the report.

The records of chemical analysis of Menasha water since the installation of the filtration plant have at all times exceeded the strictest requirements of the state board of health, the letter continues.

"The interest of the Menasha Water and Light commission in the problem confronting the city of Neenah is based entirely on the belief that by serving the city of Neenah an effective saving can be made to the water consumers of both cities at all times," Mr. Thickens says. "The Neenah council desires more definite information, the Menasha commission will at its own expense, engage competent engineers to investigate its contention that the Menasha plant can guarantee to deliver the required pressure at the Neenah tank at all times without the aid of a booster station."

TWIN CITY DEATHS

MRS. CHARLES POTVIN
Neenah—Mrs. Charles Potvin, 68, 208 Elm-st., one of Menasha's pioneers, died at Theda Clark hospital about 9:20 Wednesday evening. She had been in poor health for nearly 10 years.

Mrs. Potvin was born in Menasha, Feb. 25, 1863, moved to Oshkosh, Wis., in 1874, and returned to this city in 1921. She is survived by her husband, two daughters, Miss Nevada Belthe, Menasha, Mrs. John Steushor, Menasha; one son, Irvin Belthe of Menasha; two sisters, Mrs. Emma Malchow of Menasha; and one grandchild.

The body will be removed to the residence from the Laemmlich funeral home late Friday afternoon. Funeral services will be held at the residence at 2 o'clock Saturday afternoon. Interment will be in Riverside cemetery, Oshkosh.

MENASHA FALCONS TO PERFORM AT OSHKOSH

Neenah—After their game with the House of David squad in the city park Thursday evening, the Menasha Polish Falcon baseball team will resume Winnebago league play in a tilt with Oshkosh at Oshkosh Saturday afternoon.

Konietzky who held the Noffke Fuels of Appleton almost helpless for eight innings last Sunday, is manager Zelinski's probable choice for hurling duty, while Jimmy Kryslak, former first string catcher for the Neenah-Menasha Falls, is expected to work on the pitching end of the battery. The Falcons have won three and lost two games in Winnebago league competition.

RAINS DELAY OILING OF MENASHA STREETS

Neenah—Oiling of Menasha streets, started Tuesday morning under the direction of Peter Kassel, street superintendent, was delayed Thursday because of rains on the preceding night. With favorable weather, the work will be resumed Friday and Saturday.

PAPER INDUSTRIES SUSPENDS MEETINGS

Neenah—The Technical association of Pulp and Paper Industries, Lake States section, will suspend meetings during the summer, according to local authorities. The last regular session was held May 10. Monthly meetings will be resumed in September.

COUNCIL VOTES NOT TO AUGMENT POLICE FORCE

No Provision Made for This in City Budget, Aldermen Point Out

Neenah—After appearing for several months as a live city issue, the matter of additional police in Menasha was definitely abandoned by the council at the adjourned meeting Wednesday evening. The vote on the proposal following an appeal for definite action by Mayor N. G. Remmel, and a motion for the addition of two police officers by Alderman Paul Kelly, Alderman Kelly and McMillan, was the only favorable vote, six out of eight aldermen present voting no.

Although a petition, signed by more than 500 tax payers, urged council members to add to the city police department late last fall, and prominent business men appeared at the meeting of the council on May 5, definite action was delayed until Wednesday's session. The opposition, led by Alderman M. Small, was based largely on the lack of provision in the city budget for increased expenditures in police department activities.

Join Association

Definite affiliation with the Fox River Valley municipalities association was sanctioned by the aldermen, and Mayor N. G. Remmel, Melvin Crowley, city attorney, John J. McMillan, city engineer, were appointed to attend the association meeting at Appleton Thursday evening. Although Menasha representatives have attended nearly all previous meetings of the organization, official affiliation had never been made.

The association, codified under the direction of City Attorney Crowley, was passed by a six to two vote. Because reading of the entire ordinance would have taken more than an hour, the aldermen moved for its passage as printed, and only Alderman Grade and McMillan, of the new members of the council, dissented. The ordinance is similar in content to milk ordinances enforced in nearly all large cities, and insures every precaution against impure milk. The ordinance was read before a meeting of two aldermen, and met with the approval of nearly all present.

Bids on a number of public improvement projects, were opened, and action on several street improvement proposals, including the widening of Oak-st., was taken.

Award Walk Contracts

Frank Kassel, quoting a price of 20 cents per cubic yard, including grading and filling; 16 and one half cents without grading and filling; and 21 and 3 cents for repaving, was awarded the city sidewalk contracts for the coming season. Because Kassel's bid was slightly higher than the price quoted by Joseph Harold, Menasha, Alderman Small and Sensenbrenner voted against the street committee's recommendation.

The contract for the grading of the city cemetery addition was awarded to the Chick Remick company of Menasha, which quoted a price of 26 cents per cubic yard for grading, 46 cents per cubic yard for top soil, and 15 cents per linear foot to grade the necessary roadways. Remick's proposal was the lowest of four bids.

R. L. Pankratz, quoting the lowest price of four bids, was awarded the contract for a carload of coal for city use. The price quoted by Pankratz was \$8.95 per ton, before taxes, and \$9.35 per ton, including taxes. Mayor N. G. Remmel urged all successful bidders to use Menasha labor wherever possible.

To Widen Oak-st.

The proposed widening of Oak-st., a project before city officials for more than two years, was brought to a final vote by the council Wednesday approving the plans drawn by the city engineer, and authorizing the board of public works to begin preparations for the work.

With the exception of two corners the necessary 26 feet of property on one side of the street, along the city line, will be donated to the city in consideration for a sidewalk, to be installed without expense to the property owners it was reported. Although Alderman Small and Grade opposed the plan, Alderman McGillan explained the return to the city of the property, and the board of public works was authorized to serve notice on the abutting property owners.

The petition of the A. R. Timberman Ink company, prepared to operate in the Rosenthal building near S. Cook armory, for improved water facilities was referred to the water and light commission, and Mayor Remmel suggested that whenever possible, similar petitions be brought directly to commission officials. The work of the water and light commission was held during the past few weeks, was revealed when John Jedwabny, assistant secretary, read the minutes of each session for the approval of council members.

Oppose Plumbing Bill

Opposition to a plumbing bill, filed by F. J. Evans of Menasha, for work done and equipment installed in the new Mill-st. bridge tower, was the center of the most heated discussion of the evening. Doubt apparently existed as to who authorized the purchase, and Alderman Grade rose in violent protest to payment of the \$17,923 called for in the bill.

Alderman Heckrodt, chairman of the bridge committee was absent, and city engineer McMahon denied that he had ordered the equipment. Mayor N. G. Remmel launched a sharp attack against the laxness of committee action in general and Alderman Grade, a member of the bridge committee, returned that the work had been done, the equipment

SECOND WARD ORIOLES DEFEATED BY BUILDERS

Menasha—The Second ward Orioles, crack independent squad, failed to support Voss, hurling Wednesday evening, dropped a 9 to 7 decision to the Dornbrook Builders.

The Orioles have scheduled a tilt with the Palace Billiards Sunday morning. The battery will be Voss and Resch.

MENASHA PREPARED TO ENTERTAIN BOYS

Approximately 500 Scouts Expected to Take Part in Weekend Program

Menasha—Nearly 500 boy scouts will take possession of the Menasha city park Saturday afternoon in the annual Valley council camp-out. Although the official program will open at noon Saturday, several troops are expected at the park late Friday. Scouts from Menasha, Appleton, Neenah, New London, Clintonville, Marion, Brilliance, Kaukauna, Seymour, and Hilbert are expected at the camp.

All troops have been working for several months in preparation for exhibitions of scout craft and handicraft during the camp-out. Each troop will be assigned to a section of the park where it will erect its own camp and prepare for the inspection by visitors.

Exhibitions, projects, and general scout activity will feature the Saturday afternoon program, while a huge camp fire gathering is planned for Saturday evening. The camp will hold its final assembly at 8 o'clock Sunday morning when awards for outstanding work will be distributed.

UNVEIL PAINTING OF FIRST LIBRARY HEAD

Menasha—A picture of the late Miss Lucy Lee Pleasants, who was the first librarian, was to be unveiled in the children's room of the Menasha public library at 2:30 Thursday afternoon. The ceremonies were planned in recognition of the services of Miss Pleasants in the establishment of a public library in this city.

Prior to the unveiling the picture was to be officially presented to the library by a member of the Pleasants family, and accepted on behalf of the library by Roy Gear. A short talk by W. H. Miner was planned, and Miss Harriet Northrup was to read the paper on the final fate of the ceremonies.

PAROCHIAL SCHOOL GRADS PLAN BANQUET

Menasha—The St. Mary high school alumni association will hold its annual banquet and social meeting in St. Mary auditorium Thursday evening, according to Joseph Resch, president.

Following a business meeting, the St. Mary band mothers club will assist in the service of the banquet. Proceeding the program and entertainment, Joseph Resch, alumni president, will welcome members of the 1931 graduating class, and Milgatha Weber, president of the senior class, will give the response of the new alumni. A dancing party will conclude the evening's program.

CITY GRADE SCHOOLS HOLD FINAL CLASSES

Menasha—The final classes of the 1930-31 school year were concluded in Menasha public grade schools Wednesday afternoon. Students will report to receive promotion certificates Friday morning.

The second and third grades of the Butte des Morts school held their annual picnic at the city park Tuesday afternoon, and the fourth, fifth and sixth grades Wednesday. One of the Butte des Morts fifth grades held its picnic at the Menasha locks.

CATCH PIKE TIPPING SCALES AT 7 1-4 POUNDS

Menasha—Claims that they had landed a wall-eyed pike tipping the scales at 7 1/4 pounds, were substantiated Thursday morning by C. A. Heckrodt, city treasurer, and Harold Berro, water and light department cashier, when they produced photographic proofs. The two men, both inveterate anglers, landed the pike Saturday while stillishing off the northwest shore of Lake Winnebago.

APPLETON PASTOR TO PREACH AT NEENAH

Neenah—The Rev. W. Wetzler, Appleton, will have charge of the Sunday morning services at Immanuel Lutheran church in place of the

ment installed and that he failed to see how payment of a just account could be avoided. Grade again rose in protest to the matter, and the discussion soon became so heated that Alderman McGillan rose in protest to the language used, stating that the council was a legislative body, and that proper choice of words should be maintained. The matter was finally referred to the city attorney who will prepare an additional report to prepare a written opinion.

Schreibels on Board
John Schreibels was appointed on the city board of review which will meet late in June, officials expect. Schreibels was given all eight votes on the first round of the election.

The annual report of the superintendent of the poor revealed an expenditure of \$6,151.16; \$1,461.79 of which was chargeable to outside aid, and \$55.75 was returnable to the city. The May report revealed an expenditure of \$624 with \$219.05 chargeable to outside aid.

The bonds of C. A. Heckrodt, city treasurer, and John Sensenbrenner, superintendent of the poor, were approved, and the purchase of a new check writer for the city office was sanctioned. That nearly all the aldermen were present at the Municipalities association meeting at Marshfield, June 17, 18 and 19, for at least one day, was revealed in a roll call made by the city clerk.

Mayor Refuses Wine; Home Town "Wide Open"

BY JESSIE HENDERSON
(Copyright 1931, by Cons. Press)
(Hollywood)—(C.P.A.) The connection with the refusal of Mayor John C. Porter, of Los Angeles, to drink a glass of ceremonial "wine of honor" at a banquet upon his recent arrival in France, is interesting to note that Los Angeles contains, according to conservative estimates, around 1,500 "regular" speakeasies. These are exclusive of various drug stores where liquor is obtainable by prescription.

Hollywood, municipally part of Los Angeles, is said to shelter around one hundred speakeasies, also exclusive of "beer flats," of which latter there is a goodly number. A "beer flat" is an apartment managed by an amateur bootlegger. That is, a bootlegger outside the organized "ring" who sells home-brew manufactured in the flat. So far, the professional bootleggers have not disturbed the amateur "beer flat" industry because the amateurs, serving few "hard" drinks, have so far not conflicted with the local hard drink asmen.

MENASHA SOCIETY

Menasha—Menasha Eagles' Drum corps will entertain at a public card party in Eagles' hall Friday evening. Refreshments will be served.

A bi-monthly meeting of Menasha, Elks was held in Elks' lodge rooms Wednesday evening. Harold Landgraf, exalted ruler, presided, and routine work was done.

Fidelity Life association met in the Memorial building Wednesday evening. A social meeting with refreshments followed the transaction of routine business.

Winnebago chapter of DeMolay met in the Neenah Masonic temple Wednesday evening. A monthly meeting of the DeMolay advisory board was held prior to the lodge session.

Menasha Odd Fellows met in their lodge rooms Wednesday evening. Routine work was done.

The Dum Dum club was entertained at the home of Mrs. Harriet Denell Wednesday evening. Five hundred was played and refreshments served.

Ladies society of the Congregational church met in the church parlors Wednesday afternoon. A business meeting was conducted.

The meeting of Ladies' auxiliary to Henry H. Lenz post of American Legion, scheduled for Friday afternoon at S. A. Cook armory, has been postponed, according to official announcement. The postponed session will be held June 19.

The Wednesday evening bridge club was entertained at the home of Mrs. Philip Gazecki. Honors at cards went to Mrs. L

A FOLLETTE IN ULTIMATUM TO STATE SOLONS

Governor Warns He Will Not Approve Added Tax on Property

CONTINUED FROM PAGE 1

which he will be confronted next winter is as yet unknown."

No Federal Guidance
"We have had no guidance or leadership on this question from the national government, and apparently each state is to be left to shift for itself," he added.

In regard to the state's financial program, Governor LaFollette pointed out that a general property tax will not be levied in 1932 and 1933. The legislature provides means for raising the additional revenue needed for pending measures.

"But if the present legislature takes no provision for additional revenue, possibly by the end of next year and certainly by 1933, it will be necessary either to levy again a general property tax or to adopt a heavy increase in taxes on income," he said. "It is only the part of business prudence to provide some additional income tax revenue to the state at this time rather than to apply to place the whole burden tax increases."

Governor LaFollette added that the tax program "does not embody a heavy increase in the total tax burden or increase in the expenditures of the state. It represents an effort to level toward the reduction of our tax burden from the types of economic life most heavily taxed and taxed with regard to their productivity and efficiency."

Under existing tax laws, he said, 2,000,000 in income from dividends exempt from taxation, and that out of this is received by persons who pay little or no tax.

"The dividends exemption bill passed the assembly but was defeated in the senate," he said.

No Added Property Tax
"This action, together with the present disinclination of a majority that body to do anything substantial toward the reduction of our tax burden, compels me to take a position regarding further appropriations clear. I shall not approve any further appropriation for any purpose that requires a dollar additional state tax on general property. Whatever may be the merits of any such proposal, there is nothing which justifies imposing additional taxes on general property this time. I will not be a party loading another dollar upon farmers and homes, especially when there is a \$42,000,000 of income which are exempt."

The recent decision of the United States Supreme court in respect to chain store taxation should serve as a basis for such tax legislation in Wisconsin, the governor said. The state tax commission made a study of the taxes paid by chain stores which showed that assessments against chain stores were lower than those against independent stores.

"This study makes clear a sufficient inequality in taxation between chain and the independent merchants of this state to warrant action at this time," the governor said. "I recommend the passage of a law upon the chain system of retailing."

Corrupt Practices Bill
Regarding the corrupt practices bill which has passed the assembly and is pending in the senate, the governor said that defeat of the bill "will be an open defiance of the expressed will of the people of this state." The bill, he said, "encourages the participation of individuals in politics but opposes the use of money as a substitute for the voice of the citizen."

It is certain that one result of present depression will be an increase in the attempts of many interests to influence American politics," he said.

Turning to the problems of northern Wisconsin, the governor traced downward trend of its economic life since the hey-day of the lumber industry and pointed out that the north should be treated as a separate industry in regard to taxation, roads, and reforestation.

The power program being carried by the present legislature, loaded with potential timber revenues and lake transportation subsidies of northern Wisconsin, did aid in restoring the north, he said, summarizing the activities on behalf of northern Wisconsin, governor said.

Is Nine Years Old
The organization of dry women is nine years old and the organization of wet women is less than two years old. The dry women have really been organized for decades, through the W. C. T. U., the church organizations and other groups, but the prohibition reform outfit is the only organization of importance, at least—that the wet women have ever had.

The fact that the wet women had more people at their convention than the dry women probably isn't indicative as regards relative strength.

But, for that matter, you can't go on the fact that the dry women's organization claims to represent 12,000,000 women and that the wet women's organization claimed only 300,000 members. Most of the organizations which make up the dry women's committee are church or prohibition groups, but there is also the General Federation of Women's Clubs with 3,000,000 members and an obvious wet minority.

Nobody professes that the alleged 12,000,000 women can be persuaded to go out and vote for any presidential candidate. Some of the big wet majorities in the last elections and referenda made it apparent that plenty of women must be voting wet; that they weren't all dries, at

least. And the average member among the 300,000 of the wet women's organization may be more active and effective than the average woman among the millions represented by the dry women's organization.

Dries Better Organized
Nevertheless, it must be said that the dry women are really much more thoroughly organized than the wet women and it remains to be seen whether the wet women can get organized to the point where they will be an important factor in national politics.

Without making any guesses about that, one leaves off listening to the dry ladies and the wet ladies pretty well sold on the idea advanced by both that prohibition is going to be the big issue of 1932. No other issue could have brought so many earnest, valuable women swarming into the capital. No other issue could have made so many of them promise, publicly and privately, to bolt their party if it nominated for president a man with views opposite to theirs on prohibition.

The National League of Women voters, which concerns itself with various other national problems, met at about the same time with no where near as much attendance or publicity.

The Woman's National Democratic Law Enforcement League, affiliated with the larger dry women's organization, was expected to preach the doctrine of bolting if the Democrats nominated a wet candidate. And it did. But there were many wet Republican women at the wet women's convention who were promising to bolt the G. O. P., if it nominated a dry.

Bolt If Necessary
And that seemed to come under the head of news. Especially when Mrs. Charles H. Sabin, leader of the wet ladies and a former Republican national committeewoman from New York, promised to urge all women to bolt their party if that was necessary in order to vote for a wet candidate.

It may be that those meetings of nearly 2000 dry women and wet women haven't changed the course of history, but they certainly have intensified everybody's interest in the prohibition fight and in the 1932 campaign.

Huge New Airship Nearing Completion

A mass of steel framework only a few weeks ago, the giant Navy airship Akron is shown here in its hangar in Akron, O., in the final stages of its metamorphosis. The control car, shown projecting below the streamline, will house the commander and his staff. The radio cabin and commanding officer's quarters are directly above the car, inside the hull. The big ship is expected to take the air this summer.

Highlights Of Special Message To Legislature

BY THE ASSOCIATED PRESS

"Those who have greater wealth with which to pay a larger share of the costs of our public enterprises are too ready to object to an increased burden upon themselves, irrespective of the purpose for which the increase is to be used."

"It is only the part of business prudence to provide some additional income revenue to the state at this time rather than to apply to place the whole burden of tax increases in 1932 or 1933 by property taxes."

"The tax program . . . does not embody an increase in the total tax burden nor an increase in the expenditures of the state. It represents an effort to shift some portion of the tax burden from the types of economic life most heavily taxed and taxed without regard to their productivity and efficiency."

"I shall not approve any further appropriation for any purpose that requires a dollar of additional state tax on general property."

"I recommend the passage of a law upon the chain system of retailing."

Corrupt Practices Bill

Regarding the corrupt practices bill which has passed the assembly and is pending in the senate, the governor said that defeat of the bill "will be an open defiance of the expressed will of the people of this state."

Is Nine Years Old

It may be that those meetings of nearly 2000 dry women and wet women haven't changed the course of history, but they certainly have intensified everybody's interest in the prohibition fight and in the 1932 campaign.

MODERNIZE HOUSE WITH ELECTRICITY AFTER 100 YEARS

Magic Wand Transforms Old Residence Into Unique Dwelling Place

BY DONN SUTTON
Cos Cob, Conn.—A home 100 years old has become the house of the future.

The magic wand of electricity, waved over kitchen, parlor and bedroom, has transformed an ancient farm abode here into a place that probably holds for the visitor more shocks per square foot than any other homestead in America.

A thousand servants work in the house, but there is no servant problem. For the servants are a multitude of electrical gadgets which O. H. Caldwell, former Federal Radio Commissioner and owner of the estate, has installed as an example of what the world's coming to, electrically speaking.

Doors Open Themselves
When Mr. and Mrs. Caldwell drive home at night, there's no need of getting out of the car to shove open the garage doors. Instead, at the merest flash of the car's headlights on cleverly arranged photo-electric cells, the doors automatically swing open.

When they approach the house, there's no danger of stumbling over the door step, no exasperating search for the keyhole, no frantic fumbling for the wall switch. Because as soon as an outside gate is opened, the house is flooded with light, both inside and out.

The house holds forth hope, too, for an armistice in the Battle of the Radio Dial, which is waged in most American homes every evening due to the family's divergent tastes in programs. In this electrified abode, there are 10 radio sets, each placed in a different room. The bedroom radios, for instance, will lull you to sleep, and then automatically shut themselves off. And that lulling will be done in winter-time, incidentally, beneath electrically heated blankets.

No Furnace Woos
Does morning mean arising in the chilly air to stoke and fire the furnace? No, electricity takes care of all that, too. And electrically operated air heaters keep the house at an even temperature through the cold months.

Likewise, electricity defies the hottest summer day to do its worst. In addition to all kinds of electric refrigeration for foodstuffs, the rooms themselves are cooled by the electrical pumping of cold water, from two deep wells on the estate, through the steam radiator pipes of the house.

The kitchen, with its 25 places for employing electric current, would bewilder the old-fashioned housewife. There's that one electric machine, for example, that has at least 150 different uses.

The house is equipped with air circulating fans, electric piano, electric clocks, cleaning and laundry equipment, telephones for communication between rooms and various parts of the grounds, and scores of other novel conveniences. Even the children's toys all are electrical.

Take a walk around the 50-acre estate, and you will hear music and chimes mysteriously emanating from the leafy boughs of trees. Radios again! Loud-speakers concealed among the branches are apt to begin delightful air fresco entertainment at any time.

All this, Caldwell regards not as anything freakish, but simply as the logical development of electricity in the home, as we all may be employing it within a few years.

START ON ADDITION TO RETAINING WALL
Street department workers started building an addition to the retaining wall on Jackson-st Thursday morning. About 115 feet of wall will be added.

Other employees are removing the sag in the intersection at College-ave and Richmond-st.

To enable firemen to fight fires beneath wharves, a hose nozzle mounted in a vertical position on a floating buoy that can be guided by a long handle, has been invented.

STICKERS

12345 = 1
67890 = 2

The long fraction shown above, composed of the nine digits and the cipher, is supposed to equal one-half, but it doesn't. Can you arrange the digits so that they will form a fraction that will equal one-half?

(The correct answer will be printed in tomorrow's paper.)

Yesterday's Stickler Solved

The sketch shows how, with three straight lines and no crossings, you can pass through the five stars, starting and finishing at the same point.

House Of David Baseball Team Shows At Menasha Tonight

BEARDED NINE WILL FEATURE G. ALEXANDER

"Old Pete," Hero of Cardinal World Series Victory, Manages Club

NEENAH, Menasha, Appleton and Fox river valley baseball fans will have an opportunity to see a night baseball game, the House of David ball team, and that old veteran of baseball, Grover Cleveland Alexander, one time of the Cubs, and the hero of the Cardinal-Yankee world series a few years back.

The game will be played at the Menasha ball park beginning at 8:30. The opponents of the House of David will be the Menasha Falcons of the Winnebago league.

Alexander and his bearded friends are making a tour of the country. They played at Sheboygan Wednesday night, played at Menasha tonight and Friday will show at Milwaukee where Art Shires has consigned to umpire.

The invading team has its own lighting system which will be set up and which will adequately light the field so that every fly ball and grounder can be seen.

The Falcons will add a couple players to their team for tonight's exhibition, George Weisberger and Jerry Powell of the Fox River valley league, it is said. Both are members of the Menasha valley league club last year.

Pitching choices for the Falcons tonight have not been announced. Manager Zeigler who performs at second base may start Shawano Zenefeld and then again he may call on Judy Konezka. The latter is the hurler who held the Nofke Fuels of Appleton helpless for eight innings last Sunday.

SHERWOOD WINS AGAIN WITH STOFFEL HURLING

Clarence Stoffel of Appleton hurled the Sherwood baseball team to another win in the Inter-County league last Sunday when he defeated Stockbridge, 2 and 0. The Sherwood club got nine hits and Stockbridge eight. H. Borra and Gosz each got two for the Sherwood team.

The box score:

Sherwood	AB	R	H	E
Kavanaugh, ss	5	0	1	0
Schomisch, cf	5	1	1	0
Gosz, if	4	0	2	0
Hopfenberger, 2b	4	0	1	0
Evans, 3b	3	0	0	1
W. Borra, 1b	3	0	1	0

FORDS, GUARDS AND PRESSMEN WIN GAMES

August Brandt Ford won another softball game last night when they defeated the Appleton Works team, 4 and 1. The Works scored their only run in the seventh inning, DeYoung crossing the plate. The Fords outed in the second and third and in the sixth and seventh, one run in each frame.

Tuesday night C. D. beat the Legion 12 and 0, Wally Klein fanning 14 of the ex-service men who were "off" with the stick. Only one veteran saw third base, Baetz, the first man up in the first inning.

In the American league last night the Tuttle Press trimmed the Chair company 9 and 4. The feature of the game was a home run by Purdy on the first ball pitched in the game. The homer set the Pressmen off on a seven run jaunt that enabled them to cop easily. Purdy and Krabe worked for the Pressmen and A. Bell and Burnmaster for the Chairs.

Manages House of David

Here is Grover Cleveland Alexander, who hurled the St. Louis Cardinals to a world series victory over the Yankees several years ago and who now manages the House of David team. Old Alex and his gang are showing in a night game at Menasha tonight. The game starts at 8:30, the opponents will be the Menasha Falcons.

Chaff'n Chatter

By Gordon R. McIntyre

Rebellion is sprouting along the fairways of the United States where the great army of average golfers is struggling with the new standard ball. The new ball is larger and lighter—may be satisfactory to the crack professional and the star amateur but for club players, who make up the sinews of the sport and pay the bills, the performance of the sphere is anything but pleasing, says Francis J. Powers, CPA, writer in a copy righted story.

I have learned that one of the smaller regional golf associations, consisting of some 40 clubs, intends using the old heavier and far traveling ball in all of its competitions this summer. If that is done it will constitute the first official mutiny against the United States Golf Association and the large ball it has forced upon the golfers of this country.

During the winter when the new ball first was used in competition many professionals gave it their approval. Gene Sarazen even has gone so far as to announce his intention of playing it in the British open. Where the old ball still is official. But the professional and star amateur are able to hit the majority of their shots perfectly and control the flight of any ball. The duffer cannot do that or he would not be a duffer.

CLINTONVILLE OPENS ITS NEW GOLF COURSE
 Billy Sixty, golf expert and sports writer for the Milwaukee Journal and Joe Krish, Riverside golf pro, are paired to play an exhibition tournament against Johnny Revolta. Wisconsin 1930 open champion, and M. A. Carroll, former Chicago amateur champion, on the Riverside golf course at Clintonville Sunday afternoon.

This exhibition is open to anyone who wishes to witness the tournament between these experts. Visitors where the old ball still is official. But the professional and star amateur are able to hit the majority of their shots perfectly and control the flight of any ball. The duffer cannot do that or he would not be a duffer.

Knives Tossed As Italian Amateurs Lose To Yankees
 NEW YORK (AP)—International friendship between Italy and the United States has received little if any impetus through the series of boxing bouts between the amateurs of the two nations.

The first time the teams clashed in Madison Square Garden, each won four bouts, a result that was satisfactory to both sides. Last night they met again and after one of the stormiest scenes the big battle put ever has seen, the United States came out ahead, five bouts to two, but with the friendly feelings between the two nations badly battered.

But not all of the professionals are satisfied with the new ball. Here are a few expressions of opinion procured from a group of professionals during the past few days:

"I can hit the new ball farther with the midiron than the woods."

"I have had to change my entire swing, trying to play as well with the new ball as the old."

"You need more clubs in your bag now."

"You have to use heavier clubs than with the old ball. You are likely to meet the ball too quickly; that's bad."

"You have to hit the ball solidly or you are in a bad way. You generally escaped heavy penalty if you didn't hit the old ball squarely. But no such luck with the new one."

If professionals can raise such objections what, then, is the reaction of the high handicap player? The duffer may get along nicely on a calm day but when a wind is blowing his troubles start. But in imposing the new ball on the golfer the U. S. G. A. did not guarantee control of the winds.

No complaints would have been made by John Dub if the U. S. G. A. had been satisfied to make the ball obligatory only in its tournaments. Fellows playing in the national open and amateur probably could give him a good battle playing with the toy ball.

John Dub no longer can use the old, smaller and heavier ball and "e" is getting little pleasure out of socking the new missile and seeing it cut into the rough or hop one hundred yards or so and then put on the bunkers.

The thrill of an occasional long shot with the old ball was the thrill of game to the average golfer. Perhaps John Dub has no right to complain for his home never appears on any of the U. S. G. A. cups. But he is starting to growl anyway and the U. S. G. A. is likely to find its new ball one of the most unpopular decisions it ever has made.

HACK WILSON RETURNS TO BRUIN'S LINEUP
 Chicago (AP)—Hack Wilson, home run king of 1930, has been given another chance to come back with the Cubs.

He was inserted in the lineup again yesterday when Johnny Moore reported with a slight leg injury. Moore expected to be back in the lineup in a few days however, unless Hack made good.

So far this season, Wilson's bat has been impotent of his usual production of hits. In 108 times at bat, he has cracked but 27 hits for a total of 43 bases. His home run bat has yielded dividends but twice.

EAGLES RALLY IN 8TH AND BEAT K. C., 15-11

FRATERNAL LEAGUE
 W L Pct.
 Zion Lutheran 4 0 1.000
 Foresters 3 0 1.000
 Holy Name 3 0 1.000
 Junior C. C. 3 1 .750
 Eagles 2 3 .400
 DeMolay 1 2 .333
 K. of C. 0 4 .000
 Moose 0 5 .000

WEEK'S RESULTS
 DeMolay 7, Moose 5.
 Eagles 15, K. of C. 11.

WEEK'S SCHEDULE
 Thursday—Zion Lutheran vs. Foresters.
 Friday—Jr. C. C. vs. Holy Name.

Scoring five runs in an eighth inning rally the Eagles lodge softball team whipped the Knights of Columbus squad Wednesday evening in a Fraternal league game by a score of 15 to 11. The K. C. team took an early lead, but four runs in the sixth pulled the Eagles to within a run of the leaders and the big eighth pushed them ahead.

Newland and Rooney formed the losing battery and Currie and Verkuilen worked for the winners.

Eagles 110 041 52-15
 K. C. 302 102 010-11

LEGION BALL TEAMS PLAY TWO MORE GAMES

Two more games in the American legion's junior baseball league will be staged today and tomorrow, according to H. W. Miller who directs the youngsters. The Sixth ward Pirates and the 4th ward Brewers are scheduled to clash tonight at Inter-lake park on one game and Friday evening the Third ward juniors will show against the 4th ward Bears.

The legion league is bringing fine results, according to Mr. Miller, and the few games that have been played to date show likely material. This post team will be picked on June 20 and special instruction given the boys who will compete in county pay and district play—if they win in the county title.

Those who will be under 17 years of age on June 30, are eligible to play on the team. Those who are not on teams should get in touch with Mr. Miller.

JEBY, DUNDEE CLASH AT GARDEN TONIGHT

New York (AP)—Two middleweights who owe a large part of their important roles in the current ratings to victories over Len Harvey, the British champion, clash in Madison Square Garden tonight to see which one will take another step up the championship ladder. Vince Dundee, the Baltimore lad who is something of a veteran although he never before has figured in the title talk, and the up-and-comer, Ben Jeby of New York, meet in the ten-round feature bout.

Dundee, with two victories over Harvey and one over Jeby, is a strong favorite at odds of about 8 to 5. The winner may or may not earn some recognition as middleweight champion in place of Mickey Walker, now declared null and void because of his failure to defend the title.

First Ward Again Wins Grade School Ball Title
 FIRST ward grade school softball team cleaned house on the Washington schoolers last night at Jones park and copped the grade school championship for the third successive year. The Washington school team finished second and St. Theresa third. The score in last night's fracas was 18 and 8.

There was nothing to it for the First warders last night; they arrived on the scene late but "tis said some of the boys had to take their books home. After all hand were accounted for they peeled off their shirts getting down to B. V. D.s and jerseys and proceeded to clean up in a manner that befits champions of several years standing.

A walk to Whitman and a single by Slatery along with another single by Schlitz gave the First ward boys two runs in the first inning. The Fifth warders went out one, two, three and then the First ward team proceeded to go out and cop five runs on three hits, three errors and a couple four five stolen bases.

Members of the championship squad—Slatery pitcher and Whitman catcher, Smith, Fleming, Schlitz, B. Hoepner, A. Hoepner, Bailey, Bowers and Lewis.

The Fifth ward team showed Baer pitcher and Meyers catcher, and Feavel, Wittenborn, Lipski, Plovman, Zerbel, Aures, Schade, Stark, Baer and Otto.

BADGER NINE LOSES IN NO-HIT BATTLE

Walfrid Mattson, University of Minnesota, Pitching Star

Minneapolis (AP)—A no-hit, no-run game from the arm of Walfrid Mattson, University of Minnesota pitcher, yesterday blanked the University of Wisconsin baseball team as the Gophers won, 3 to 0, in a conference contest.

Wisconsin, rated as one of the heaviest hitting teams in the Big Ten, was helpless before the hurling of the Minnesota pitcher. The Badgers, however, got four men on bases. Griswold smashed a fly to left in the second inning and slipped to third when Cherp dropped the ball. A hit batsman and two bases on balls accounted for the other Badgers on bases.

The Gophers collected six hits, smothering them for runs in the fourth and sixth.

Minnesota 000 102 00x-3 6 1
 Wisconsin 000 000 000-0 0 3
 Sommerfield, Olson and Griswold; Mattson and Rugg.

Chicago (AP)—Minnesota's Big Ten baseball season has ended perfectly—for Walfrid Mattson.

In the final Minnesota game of the season yesterday, Mattson hurled a no-hit, no-run game against Wisconsin, regarded as one of the heaviest hitting teams in the conference.

Only four Badger batsmen reached base. One raced all the way to third when Cherp dropped a fly ball, two more drew passes while a fourth was hit by a pitched ball. Minnesota won the game, 3 to 0, on six hits.

Indiana finished its schedule yesterday by defeating Michigan, 9 to 5, and running its season's record to four victories and as many defeats. Michigan won five and lost four.

The championship will be decided Saturday when Chicago meets Wisconsin. A Chicago victory would give Chicago the title with a record of nine won and two lost; a defeat would give the crown to Illinois, which finished the season with a record of eight won and two lost.

Joe Vosmik, Indians — Hit home run in eleventh to beat Boston 5-4.

Eppa Rixey, Reds—Held Phillies for four hits for 3-1 victory.

Whitey Dreesen, Braves—Tripled in tenth inning and scored on squeeze play to defeat Pirates 4-3.

Oscar Melillo, Browns—Hit homer in ninth inning, eighth straight hit, and drove in runs that beat Yankees, 8-6.

Lefty Grove, Athletics—Won ninth game of season and eighth in succession, defeating White Sox 2-1.

Rolly Hemisley, Cubs—Drove in deciding run in ninth inning for 9-8 victory over Robins.

Bob Burke, Senators—Gave Tigers only three hits to win 2-1.

Valley League Gossip

Lepine and Mertz, the Valley loops' veteran pair of umpires, did the "iron" man stunt by working three games in two days. Saturday, they were at the Bay; Sunday A. M. at Kimberly and in the afternoon had the Appleton game.

Experts around the circuit can't figure what is wrong with the Bays. The Green Sox have dropped four out of five starts despite the fact that on paper, Joe Clusman's aggression looks as good as any in the Baetz wheel.

The Appleton fans are beginning to breathe easier as Sonny Tornow, the "Babe Ruth" of the loop in 1930, is beginning to find his batting eye. Over the weekend Tornow got four hits in ten times up, two of which were homers.

Ehlers, Shawano's right fielder, takes a healthy swing at the apple. In the game against Appleton, he drove two over the right field fence while his other three drives were captured right on the edge of home run territory.

Mary Lamers was much encouraged over the way Refke worked against Shawano. The reserve pitcher only allowed three hits. He breezed along easily until the ninth and then Michaelson took up the mound performance.

Eddie Schack didn't set the world afire in his slab exhibition for Kimberly against Wisconsin Rapids. The Hubertes sailed through to an 11 to 5 win as they rapped the Milwaukee hurler's offerings all over the lot.

However, Kimberly's weekend was a success because Pocan and his hurlings took Kaukauna into camp 6 to 4. This was one of those "feud" games with fans and spectators alike on their tiptoes looking for trouble.

Joe Vils, Kaukauna's center fielder, will probably be out of the game for several weeks as he sprained his ankle while sliding into second base. This is a tough break for the Kaws.

INDEPENDENTS AND BEARS IN TIE GAME

The Fifth ward Independents and the Fourth ward Bears battled for nine long innings last night and when they quit at the end of the ninth frame they had accomplished nothing, for the score was tied at 10 all.

A run in the first, another in the second, and three in the third gave the Bears a 5 and 1 lead which they improved upon until in the eighth inning when the count stood 10 and 4 for the Fourth warders. The Independents then stepped out and staged a big rally that brought six runs and a tied score. The teams then called quits on account of darkness.

Friday night the Independents will play the Tuttle Press at Roosevelt grounds.

Bob Burke, Senators—Gave Tigers only three hits to win 2-1.

Lefty Grove, Athletics—Won ninth game of season and eighth in succession, defeating White Sox 2-1.

Rolly Hemisley, Cubs—Drove in deciding run in ninth inning for 9-8 victory over Robins.

Bob Burke, Senators—Gave Tigers only three hits to win 2-1.

Lefty Grove, Athletics—Won ninth game of season and eighth in succession, defeating White Sox 2-1.

Rolly Hemisley, Cubs—Drove in deciding run in ninth inning for 9-8 victory over Robins.

Bob Burke, Senators—Gave Tigers only three hits to win 2-1.

Lefty Grove, Athletics—Won ninth game of season and eighth in succession, defeating White Sox 2-1.

Rolly Hemisley, Cubs—Drove in deciding run in ninth inning for 9-8 victory over Robins.

Bob Burke, Senators—Gave Tigers only three hits to win 2-1.

Lefty Grove, Athletics—Won ninth game of season and eighth in succession, defeating White Sox 2-1.

Rolly Hemisley, Cubs—Drove in deciding run in ninth inning for 9-8 victory over Robins.

Bob Burke, Senators—Gave Tigers only three hits to win 2-1.

Rolly Hemisley, Cubs—Drove in deciding run in ninth inning for 9-8 victory over Robins.

Bob Burke, Senators—Gave Tigers only three hits to win 2-1.

MORTELL'S HOMER GIVES HOLY NAME WIN OVER THEATRES

Gresenz and Mortell Stage Pitcher's Duel Until 11th Frame

A home run by Emmett Mortell which saw the ball parked on the back porch of a Fourth ward resident gave the Holy Name softball team a 2 to 1 victory over the Fox Aces last night at the Fourth ward school playgrounds. The homer came in the eleventh when the boys were on the verge of calling the game because of darkness.

The game was a battle of pitchers, Mortell striking out 12 batters and giving two hits. Bill Gresenz toiled for the Aces and whiffed six and allowed the Holy Name team to hit until the twelfth when Mortell's homer came along. Peotter scored the only two hits for the Aces. Nary a ball was hit out of the infield until the last half of the sixth inning.

Neither team threatened in the first but in the second the Holy Name team collected its first run on a walk, stolen base and a sacrifice hit. The teams then went out in one, two three order until the fifth when the Theatres tied the count on the first hit of the game by Peotter and two sacrifices.

The Aces threatened in the eighth when Peotter got his second hit. He was caught off third base, however. Then the teams went hitless and scoreless until Mortell blasted his homer in the eleventh inning.

The box score for the game:

Fox Aces	AB	R	H	E
Knop, 3b	3	0	0	0
Rule, ss	4	0	0	0

LOUISVILLE GAINS GAME ON ST. PAUL; MILWAUKEE BEATEN

Blues Edge Out Saints 2 and 1; Kerns Defeat Red Birds 6-4

CHICAGO — (AP) — St. Paul's front row seat in the American association pennant show tottered again today. The Colonels from Louisville were doing the shoveling.

The Colonels gained one full game on the pace-setting Saints yesterday and drew up within a half game of the lead by defeating Columbus, 6 to 4, while Kansas City edged out the Saints, 2 to 1. A repetition of yesterday's fortunes today would reverse the standings of the two teams.

Columbus hammered out 10 hits to duplicate the Colonels' batting punch yesterday but failed to bunt them. The Red Birds grabbed an early lead, which Louisville wiped out in the third inning and then went ahead to stay with three runs in the fifth. Elmer Toler of the Red Birds bagged two doubles and a single but was unable to score a single run.

The St. Paul Kansas City game was a pitching duel between Bayne of the Blues and Murphy of the Saints. Dunlap scored the winning run in the sixth, walking, hitting to third on Toler's single and coming home on an infield out.

Minneapolis won a fancy-free hitting game from Milwaukee, 9 to 3. High did most of the heavy stock work, driving in four runs with three hits. George Kelly faced out a home run. Bud Connolly, Milwaukee second baseman, crouched on Harv's grounder in the fifth inning for his first fielding bobbie in 104 consecutive chances.

BOBBY JONES QUILTS THE MOVIES FOREVER
Hollywood, Calif. — (AP) — Bobby Jones, champion of golf champions, turned his back on the village of make-believe today, putting behind him forever the business of motion picture making.

"I'm definitely out of the movies," the Atlanta, Ga., lawyer said, "as I am out of competitive golf. I'm in the gallery now at golf tournaments, and in front of the screen at the movies."

Jones is weary from three months of working on a series of educational golf pictures and intends to go directly to Atlanta. Later he will make a short trip to New York on business. He plans to attend the Ryder cup matches between American and British professionals at Columbus, O., June 26 and 27 and appear in an exhibition match for charity.

"I wasn't an actor in the pictures," Bobby said. "I was just a golfer trying very hard to show how great a game it is, and perhaps help people to play it a little bit."

Calling the Strikes
New York — (CFA) — At last the Athletics have fallen into double figures in the "games lost" column—something a lot of folks were afraid would never happen. And in sustaining that tenth defeat, Cochran and Boley were injured around their valuable legs. The second ten games are often easier to lose than the first ten.

Copyright 1931

RACINE BALL TEAM QUILTS STATE LEAGUE

Racine — (AP) — The Soft coals, member of the Southeastern Wisconsin league, today had shut out the Wisconsin State league in the pace of the original Racine State league team after directors of the old team announced they would be unable to continue because of a deficit. The Venetian Theaters replace the Soft Coals in the Southeastern circuit.

Yankees Drop Back But Nats Continue Dogging Footsteps Of Athletics

BY GAILE TALBOT JR.
Associated Press Sports Writer
ALTHOUGH their cause seems more or less hopeless in the face of the Athletics' phenomenal streak, Walter Johnson's Washington Senators are living up to their promise to give the champions a run for their money in the American league.

While the New York Yankees have dropped back the last fortnight, the Senators have plugged doggedly along, winning 10 of their last 14 engagements and keeping within halting distance of the fast-traveling leaders. They are firmly established in second place, five games behind the Athletics and two ahead of the Yankees.

The Senators, in fact, have done as well as Johnson predicted they would when he envisioned a pennant this spring. His only mistake was in figuring the Athletics were due to burn out a hearing. The champions displayed no symptoms of slipping yesterday. Lefty Grove, pitching his eighth straight win, let the Chicago White Sox down with six hits and beat them, 2 to 1.

Nats Down Tigers
Washington kept pace with its second straight over the visiting firemen from Detroit, also by a 2 to 1 margin. Bob Burke, young southpaw, allowed only three hits to beat Vic Sorrell in a tight mound duel. The Senators bunched three of their six blows to score both their runs in the first inning. Doubles by Sam Rice and Cronin did the work.

Joe Vosmik, rookie outfielder, cracked a homerun in the eleventh inning to give the Cleveland Indians their ninth straight victory at the expense of the Boston Red Sox, 5 to 4.

4. The Sox had scored four times in the eighth to tie the count. The western clubs gained an even break for the day when the St. Louis Browns, personally conducted by Oscar Millilo, beat out an 8 to 5 triumph over the Yankees. The Browns second sacker drove in four runs with two singles, a double and homerun, the latter his eighth consecutive hit in two days.

Giants 9, Cards 3
Matters stood all square after two days of National league warfare west of the Alleghenies. The New York Giants came back to lick St. Louis, 9 to 5, and again climb within a game and a half of the top, and the Chicago Cubs staged a last inning rally to down Brooklyn, 9 to 8, and even their series.

Crafty Clarence Mitchell went the route against the Cardinals, while the Giants piled up 14 hits off Jess Haines and four hurlers who followed him. The Robins contacted a bad case of the fumbles in the last inning to break their five game winning streak. Aluffs of easy rollers by Wally Gillett and Fresno Thompson, combined with hits by Cuyler and Hemster, allowed the Cubs to score the tying and winning runs off Jack Quinn Babe Herman clouted a homer, double and two singles for the losers.

Deane's triple, followed by Rabbit Maranville's squeeze bunt, gave the Boston Braves a run to nose out the Pittsburgh Pirates, 4 to 3, in ten innings. Mosoff, substitute outfielder, drove in two of the Pirates' runs with a homerun in the first inning.

Eppa Rixey, veteran Cincinnati leftlander, turned the slugging Philles back with four hits as the Reds squared their series, 3 to 1, it was Rixey's first complete game this year. Pinkey Whitney nipped him for two doubles.

SPORTS QUESTION BOX
Question—Can you give me any information concerning the boxing career of "Father" Lumpkin the former Georgia Tech lineman?
Answer—He has not been shining brilliantly. Last heard of him he had a wrestling bout with Harry Kruskamp, former Ohio State footballer and won two out of three falls.

Question—Is there any age limit to players in the major leagues?
Answer—No.

Why Shop Around?
The cost of the mileage can never be figured by competitive price tables. It just can't be done. There is a great variance in the quality of tires which are being offered to you at or near the same price and this difference to the average motorist can never be distinguished at the time of purchase. The quality of a tire can only be determined by the mileage and service which it gives. The best and safest way to make your tire purchase is to let us aid you in selecting the First Quality, Fully Guaranteed Fisk Air-Flight Principle Tire that best suits your driving requirements. These famous tires are recognized as leaders in their respective price fields and represent the most that money can buy in riding comfort and greater mileage.

Trade-In Your Old Tires

It is poor economy to ride on old, tread worn tires, when we will allow you full value for every mile in them. Drive in today and let us equip your car with a set of Fisk Air-Flights. We have the tire you want at the price you want to pay.

Hendricks-Ashauer Tire Co.

OLD SMOBILE THIS YEAR HOLDS A HIGHER PLACE IN PUBLIC FAVOR THAN EVER BEFORE

Since the enthusiastic reception given the 1931 Oldsmobile on the occasion of its introduction to the public in January of this year, Oldsmobile's popularity has continued to increase, month after month. As a result, Oldsmobile is now enjoying a greater percentage of the business in its price class than any time in its history. And new thousands of owners are telling their friends of the pleasure and satisfaction of Oldsmobile ownership. Many of the reasons for this growing popularity are understandable upon examination of the 1931 Oldsmobile Six . . . for the desirable features of the car are self-evident. But there are more fundamental reasons for the definite preference being shown for Oldsmobile. Four years ago Olds Motor Works adopted a policy toward owners which has been followed to the letter, year after year, in the development of Oldsmobile cars. This policy took the form of four great responsibilities . . . to design progressively . . . to build faithfully . . . to sell honestly . . . and to service sincerely. Upon these four responsibilities Olds Motor Works has founded its success. And these constitute the policy which the public has so wholeheartedly endorsed this year. Olds Motor Works wishes to express its appreciation to the men and women throughout the country who have made the 1931 Oldsmobile the car of their choice . . . and who, by sincerely recommending its good qualities to their friends, are adding still further to Oldsmobile's steady advancement in public esteem.

Calling the Strikes

New York — (CFA) — At last the Athletics have fallen into double figures in the "games lost" column—something a lot of folks were afraid would never happen. And in sustaining that tenth defeat, Cochran and Boley were injured around their valuable legs. The second ten games are often easier to lose than the first ten.

It was the recumbent Boston Red Sox who punched the Athletics for the count of ten, in seven innings. Those abbreviated games at Boston may be necessary to comply with the Sunday sports law, but they are not very dignified for the American league. No major league game should get a close out unless nature steps in to use the clippers.

MUST SUPERVISE CHILD'S PLAY, EXPERT STATES

Variety of Attractions Are Needed in Program, P. T. A. Is Told

New London—That the child of today, whether in city or rural districts is living in entirely different environment and circumstances than did his parents, who must be death with accordingly was brought out by L. H. Kottmayer, assistant director of civic welfare in Milwaukee at a meeting of the Parent-Teachers association, and service club representatives at Werner's hall Wednesday evening.

"We can no longer delude ourselves with the idea that any empty lot is a good playground for children if it is unsupervised," Mr. Kottmayer said. "I have seen such grounds and know that in many cases a pool of water provides a safe, wholesome surroundings, because pool halls are supervised. Supervised playground work in Milwaukee has reduced the delinquency to a minimum and the cause can be traced directly to the fact that the play of children in this city is supervised 12 months of the year."

"The time is past too when the major sports of boys is thought to be enough. The fact that there are weaklings to whom football, baseball, basketball and even the less strenuous sports are unattractive has provided a multitude of other attractions. The model playground provides everything including swimming, art, dramatics, hand work of all kinds, dancing and construction work, are taught, and in such attractive manners as to attract the boy or girl."

Need Different Activity
"The life of the child demands activity, but a different activity than when his elders were growing up. Children of yesterday knew his playmates, and parents knew the activities of their children, this is no longer true. There are stop signs for the motorist but the fundamentals of safeguarding the mental and spiritual life of a child are neglected in today's scheme of things. The child's environment foretells the future of the nation."

Asked how to proceed with the playground program in this city, Mr. Kottmayer asserted that all would depend upon the price the city is willing to pay. This, he pointed out, cannot be valued in dollars and cents, but must depend upon the valuation which New London places upon the welfare of their children.

The meeting was attended by members of the Parent Teachers association and representatives of the various civic organizations of the city. The group discussed the valuation placed upon the speaker and a future meeting will be held at which more definite plans will probably be taken up.

Mrs. G. A. Wells gave a report of various phases of the P. T. association which was held recently in Milwaukee. Mrs. Jessie Dent, also a delegate to the convention reported regarding on the work of the all summer round clinic, as maintained by the association in many cities, and Mrs. John Seering gave interesting bits from the convention.

GRADUATION PROGRAM AT SCHOOL ON FRIDAY

Special to Post-Crescent
New London—The graduating exercises at Emanuel Lutheran parochial class will be held Friday evening at the local church. A class of 19 will be addressed by the Rev. Immanuel P. Boettcher, pastor of Lutheran churches at Maple Creek and Sugar Creek.

The program includes a song by the congregation, address by Walter Boettcher, song by choir, address by Rev. Boettcher, class song, valedictory address by Luella Tank, distribution of diplomas by A. R. Margraff, farewell song by the class and an address by Margaret Ticks. A song in which the congregation joins will be followed by the benediction by the Rev. W. E. Pankow.

FUNERAL RITES HELD FOR INFANT DAUGHTER

Special to Post-Crescent
New London—The funeral of Evelyn Elaine Bruce, 12-day-old daughter of Mr. and Mrs. Herman Bruce, was held Wednesday afternoon at the residence of the parents on Shawano-st. A short service was given by the Rev. Walter Pankow and a number of the school children from Emanuel Lutheran parochial school sang a group of songs. Burial was in Floral Hill cemetery. The survivors are the parents, two sisters, and one brother.

NEW LONDON PERSONALS

Special to Post-Crescent
New London—Robert Pfeffer, in answer to an invitation from the graduating class of the Theda Clark hospital, will appear before that group in a sleight of hand performance Monday evening. The affair is being given at the Hotel Raulf, Oshkosh.

Mr. and Mrs. P. J. Dernbach, Miss Margaret Dernbach and Leonard Dernbach left on Wednesday for St. Mary's hospital, where they will attend the graduating exercises of their son, George at St. Mary's college. On their way back they will stop at South Bend, Ind., and at Chicago to remain for a few days.

Special to Post-Crescent
New London—Walter Oberstadt, Appleton, is constructing a bungalow on the Hortonville road, a short distance south of the New London Floral Co. The house will be of frame construction, comprising four rooms and a bath, with full basement underneath. Mr. Oberstadt will move to this city when the house is completed.

GRADUATES TO TAKE HOLY COMMUNION

Hortonville Public Schools Close Wednesday With Picnic at Fairgrounds

(Special to Post-Crescent)
Clintonville—The following graduates of the St. Peter and Paul Catholic school will take solemn communion Sunday at 8 o'clock: Dolores Werner, Lucille Gabriel, Bernice Sief, Mary Sexton, Sylvester Borsche, Francis Castellon, Norbert Warning, and Mathew Miller. Those who will take first communion are: Marcelle Collar, Adella Collar, Bernice Sief, Dorothy Schultz, Edith Newmehus, Anna Sexton, Lillian Gitter, Florence Seif, Dean Collar, Howard Harris, Willard Collar, Robert Gitter, Francis Hoerig.

Candle bearers for the graduates are: Helen Buchman for Dolores Werner, Marie Collar for Bernice Sief, Mary Sexton, Sylvester Borsche, Leonard Buchman for Francis Castellon, Simon Freiburg for Norbert Warning, Myron Riedland for Mathew Miller.

The public school at high school closed Wednesday for the year with a picnic in the fair grounds. The following teachers left Thursday for their respective homes: Mrs. Pearl McGranahan, London; Mrs. Ora Zuehlke, Appleton; James Nelson, Oshkosh; Miss Eunice Dooley, Oshkosh; Miss Evelyn Seybold, Forest Junction; Miss Bernice Mortenson, Minneapolis, Minn.

The school board, consisting of Mrs. Alice Haughton, Arthur Collar, M. E. Rideout, attended the Outagamie County School board convention held at Appleton at the Wilson Junior high school Thursday.

The Pirates, league leaders, were defeated by the Giants, formerly in third place, Monday night. The final score was 7 to 3.

The Birthday club met at the home of Mr. and Mrs. Ed Stenberg in Hortonville Monday night to help the former celebrate his birthday anniversary. The evening was spent playing smeer. Mrs. Nick Hess, Henry Knapf, Mrs. Henry Maldewin and Oscar Bozin took prizes.

John Brill was rushed to St. Elizabeth hospital at Appleton Monday night with a ruptured appendix. An operation was performed immediately and last reports are that his condition is favorable.

Sixty-five relatives of Mrs. Fred Jungman of Little Chute, who was brought here Tuesday for burial in the Union Cemetery, were entertained for supper at the home of Mr. and Mrs. Irvin Schmidt. The latter is a niece of Mrs. Jungman.

A son was born to Mr. and Mrs. Arthur Beschta Tuesday at Greenville.

A group of friends surprised Mrs. George Doman at her home Tuesday evening in honor of her birthday anniversary. The evening was spent in playing bridge. Prizes at cards were taken by Mrs. Edwin Gitter, Mrs. Carrie Lueck, and Mrs. M. E. Rideout.

GUESTS ENTERTAINED AT JAMES POWERS HOME

Special to Post-Crescent
Oshkosh—Mrs. James Powers entertained Sunday at a 6 o'clock dinner. Guests were Mr. and Mrs. Ed Powers and family, Mr. and Mrs. Tom Powers and daughter, Green Bay, Mr. and Mrs. Will Powers and family, De Pere, John Powers, Mike Powers and sons Gerald and Jackie of Angola, Walter Powers and family of Tulsa, Okla., Mrs. C. White and Mr. and Mrs. George Wagoster and family of Briston.

Walter Powers and daughter Charlene left Monday for Tulsa, Okla., after spending a few days here with relatives. The three sons, Jerome, Bobby and Franklin, will spend the summer with their aunt and uncle, Mr. and Mrs. James Powers.

Mrs. Charles Kahler and son Carl of Under Hill, Oley Peck, Mrs. Clara Reed of Milwaukee, and Mr. and Mrs. John Weisnicht were supper guests Sunday of Mr. and Mrs. Henry Peters.

FETE DAUGHTER, SON AT SURPRISE PARTY

(Special to Post-Crescent)
Lebanon—Mr. and Mrs. Carl Pines entertained a number of relatives and friends at their home Tuesday evening in honor of their son Gordon, and daughter Gladys, the occasion being in honor of their graduation from the New London high school. Cards furnished amusement for the evening, five tables of cards being played. High prizes were won by Mrs. Gust Stroessner and Robert Schmidt, and consolation by Mrs. Oscar Heinke.

One table of schafkopf also was played, prizes going to Mrs. John Galloway and Oscar Heinke and consolation to Mrs. Charles Klitzka.

CONSERVATION DISCUSSED AT CLUB MEETING

William Mauthe of Fond du Lac Talks at Gathering at Chilton

Special to Post-Crescent
Chilton—At the meeting of the Chilton Kiwanis held Tuesday evening members of the Lions clubs of Chilton and Hubert and the Isaac Walton club of New Holstein were present. William Mauthe of Fond du Lac, chairman of the Wisconsin Conservation commission, was the speaker of the evening.

Taking for his subject, Conservation, the speaker explained many of the administrative problems that confront the commission. No phase of state activity comes nearer the people than does conservation, and probably few phases of state activity are met with such diversity of opinion among the communities affected, the speaker declared.

Wisconsin ranks about fourth in progress in its conservation program, Michigan being ahead in the order. Pennsylvania is making very substantial progress has been made in Wisconsin during the past four years, and within the next four years this state will rank among the highest in its conservation of timber and wild life, Mr. Mauthe maintained.

Mr. Mauthe advocated instituting a county park for Calumet-co which could be established for the cost of one mile of concrete road.

He also pleaded for the formation of a state park at beautiful High Cliff, which site has been advocated for years by assemblymen and senators from this district, as well as citizens of the county.

Members of the dancing class of Miss Ethel Koch assisted by as many from Milwaukee, gave a Dance Revue at the Chilton theatre on Tuesday evening. The hall was crowded to its capacity. The program consisted of both solo and group dancing, interspersed with singing. Gib Horst's orchestra accompanied. The costumes were designed and made by Ralph Mond of Chicago.

A daughter was born to Mr. and Mrs. Anton Suttner on Saturday. George Odley was taken to St. Agnes hospital in Fond du Lac Tuesday where he submitted to a major surgical operation.

Mrs. Julia Wolf submitted to a major surgical operation at St. Agnes hospital in Fond du Lac Wednesday.

Mr. and Mrs. Reuben Maples left Wednesday, for Sturgeon Bay, where they were called by the serious illness of the former's father. Arthur Jensen received a message Wednesday informing him of the death of his cousin, Miss Dorrit Moore, which occurred at her home in Milwaukee Tuesday. She was about 55 years of age. The funeral will be held Friday. She had many acquaintances in this city, having frequently visited here.

The Ladies' Aid was entertained at the home of Mrs. Anna Heymer Wednesday afternoon. The next meeting will be at the home of Mrs. Anna Lindemuth. This will be the last meeting for the summer.

CONDUCT SERVICES FOR MRS. VANDER PAS

(Special to Post-Crescent)
Little Chute—Funeral services for Mrs. William Vander Pas, 43, who died Sunday morning at Appleton were held at 9 o'clock Wednesday morning at St. John church with the Rev. John J. Sprangers in charge. Burial took place in the Catholic cemetery.

The bearers were: John Vandenberg, William Wydevine, E. G. Williamsen, George Van Heeswyk, Nicholas Gerrits and Ernest J. Miron. Survivors are the widow; four sons, Cornelius, Nicholas, Anthony and Cyril, and five daughters, Mary, Geraldine, Elizabeth, Harriet and Catherine.

A group of relatives surprised Miss Geraldine Peeters at her home Tuesday evening. Cards provided the amusement. Those present were: Mr. and Mrs. Stephen M. Peeters, Mr. and Mrs. Richard Peeters, Mr. and Mrs. E. Holzer, Mr. and Mrs. John Ebben, Mr. and Mrs. Sylvester Vandenberg, Mr. and Mrs. William Hammen, Mr. and Mrs. Frank Weyenberg, Mr. and Mrs. Henry Timmers and Charles and Lucille Peeters.

Mr. and Mrs. Albert Van Duinhoven were surprised at their home Monday evening in honor of their fifth wedding anniversary. Cards were played. Those present were: Mr. and Mrs. Michael Verhagen, Mr. and Mrs. Willard Vanden Heuvel, Mr. and Mrs. John Derks, Mr. and Mrs. James Wallace, Mr. and Mrs. Nicholas Derks, Sr., Mr. and Mrs. William Hammen, Mr. and Mrs. S. M. Peeters, Mr. and Mrs. Albert Van Duinhoven, Sr. and Mrs. Martin G. Vanden Heuvel, Mr. and Mrs. George Vanden Heuvel, Mr. and Mrs. Nicholas Vande Hy, Mr. and Mrs. Peter Derks, Mr. and Mrs. Martin A. Hutches, Mr. and Mrs. Anton Van Duinhoven and Mr. and Mrs. Henry Van Duinhoven.

A daughter was born Tuesday to Mr. and Mrs. Nicholas Derks, Jr.

HARRISON STAR GRANGE IN SHERWOOD MEETING

Special to Post-Crescent
Sherwood—The Harrison Star Grange held its age monthly meeting at Darby Friday evening. Acting business session the lecturer arranged for a memorial program consisting of patriotic readings and songs, after which a series of stunts were staged. All members participated. In the whistling contest Mrs. Frank Moeck won the women's prize, whistling "Canoe Doodle." George Schaefer was awarded the men's prize with the same tune. In the shoe race and lacing Mrs. Charles Grode won first for the women and Nick Bruhl won first for the men, with Mrs. Kryn a close second. A singing of the hymns given the religious work committee for the splendid work they done during their term.

OUTLINE SCHEDULE FOR CHURCH PROGRAM

Special to Post-Crescent
Black Creek—The following services will be held Sunday at St. John Evangelical church by the Rev. W. Joseph Schmidt, pastor. At 9:30 in the morning, Sunday school; 10:30 worship in German, topic: "Jesus Christ, Who Gave Us Made Unto Us As Righteousness."

Tuesday 8:15, Senior choir practice. Wednesday, Ladies Aid society, 8:15 in the evening, Junior choir practice; and Thursday, Sunday school teacher meeting.

HOLT IS SPEAKER AT CLINTONVILLE SCHOOL EXERCISES

Registrar of State University Addresses Graduating Class

Special to Post-Crescent
Clintonville—Commencement exercises for the 1931 graduation class were held Tuesday evening in the high school auditorium. A large crowd attended the program. A prayer by the Rev. W. C. Kurtz was the opening number. Supt. F. D. Wartinec introduced the speaker of the evening, Frank Holt, registrar of Wisconsin university at Madison.

The girls' octette of the high school club sang several numbers and a violin quartette composed of Milton Nelson, Viola McCone, Janet Kelly and Irma Bernhagen with Dortha Carter as piano accompanist played several selections. Mr. Wartinec presented diplomas to the class of 49 graduates, which is one of the largest to be graduated from Clintonville high school.

Picnics for the various grades of the public school were held Tuesday afternoon at the school grounds and in Central park.

John D. Peterson has returned to his home in this city from a three month tour of Europe, during which he visited relatives in Denmark, his boyhood home.

Mrs. Clara Culbertson, Mrs. V. A. Shepherd and son Allen of Seymour were recent guests at the home of their niece, Mrs. Earl Siebert.

Miss Adelaide Broed attended the funeral of Mrs. Walker at Northport Tuesday afternoon.

A large number from here went to New London Monday morning to attend funeral services for Mrs. A. Klingert, mother of Anton Klingert of this city. Those who went were Mr. and Mrs. Anton Klingert and son Alvin, Misses Agnes and Florence, Mrs. M. J. and Mrs. Charles Bohn, Mr. and Mrs. Hector Dolson, Mr. and Mrs. Herman Schroeder, Mr. and Mrs. George Below, Mrs. Raymond Below, Mrs. Albert Meilke, Mr. and Mrs. John Below, Mr. and Mrs. William Below, Mr. and Mrs. Henry Kroll and daughters, Mr. and Mrs. Herman Schott, Mrs. and Mrs. Nick Schmidt, Mr. and Mrs. Carl Buelow, Mr. and Mrs. Carl Schlinger.

Routine business took up most of the time at the regular monthly council meeting Tuesday evening. Arrangements were made for two Clintonville firemen to attend the state firemen's convention at Oshkosh, June 15 and 17. The street committee was authorized to repair several bad places in the Main-st. pavement. One of these is in front of the Mossholder residence and the other is in front of the Ford Garage. The fire and police commission was ordered to issue warnings to the public to discontinue the practice of following the fire truck with their cars.

At the monthly child health clinic held Tuesday, 33 children were examined by Dr. Eleanor Hutchinson and County Nurse Hazel Barton. These cases were mostly infants and about 25 of them were return cases. Miss Amelia Metzner who is in charge of the clinic health centers was assisted by Mrs. C. E. Gibson and Mrs. Russell Rull.

Mrs. Elsie Siebert entertained at a 6:30 dinner Tuesday evening at her home in honor of her niece Miss Buradette Shepherd. Covers were laid for eight including the Misses Jean Eberhardt, LaVonne Shelton, Virginia Kelly, Gladys Speckhafer, Monica Georling, Dorothy Wega and Ruth Schultz. Two tables of luncheon were played during the evening and prizes went to Monica Georling and Virginia Kelly.

A family gathering took place Sunday at the home of Mr. and Mrs. Elmer Flopper, the occasion being the former's birthday anniversary. A 6:30 dinner was served to the following, the Rev. and Mrs. Benjamin Flopper and children of Shawano; Miss Myrene Flopper, Mr. and Mrs. Frank Flopper, Robert Sutton, Mr. and Mrs. William Wega and daughters.

Mrs. John Luchterhand entertained at a juvenile party Monday afternoon in honor of the seventh birthday of her daughter Marcella. Games provided entertainment and a luncheon was served. Those present were Florence Voigt of Tigerton, Betty Kuntz, Marjorie Speckhard, Lucille Virginia and Marjorie Smith, Margaret Schellen, Roy Roman and Myrene Fillion.

A son was born recently to Mr. and Mrs. Robert Orr of this city, at the New London Community hospital.

Clifford Orr, 8 year old son of Mr. and Mrs. William Orr of this community, is confined to the Community hospital in New London where he is receiving treatment.

Relatives and friends from here who attended the funeral of Burdette Radtke at New London were: Charles Radtke, Mr. and Mrs. William Rossow, Sr., William Rossow Jr., Mrs. Ezra Wood and Mrs. Anna Wood.

BOARD SELECTS SITE FOR NEW VILLAGE HALL

Also Names Architect and High Bidder on Bonds at Kimberly

(Special to Post-Crescent)
Kimberly—A site for the new village hall was selected at the board meeting Monday evening. It is located between Maple-st. and the alley east of the Kimberly high school. The vote was 4 to 3. A. C. Allyn and Co., Inc., of Chicago, Ill., was highest bidder for the \$20,000 village hall bonds, paying a premium of \$1,322. Nineteen architects had made application to design the new hall. At a previous meeting the board reduced this number six. At the session on June 1, it selected Frank J. Stenopski of Fond du Lac, to draw the plans and specifications and supervise the erection of the new building.

A delegation from the Kimberly fire department, headed by the Chief Alex Malcolm, Sr., will go to Madison the latter part of this month to attend the state fire school, a petition for extension of sidewalks on S. Walnut-st. was granted by the board and other minor repairs on sidewalks will be made throughout the village. The board made its annual appropriation to the Kimberly fire department of \$1,000. George Eberhart, of the Chute, agent for a fine extinguisher concern, sold two extinguishers to the village. One is to be placed next to the bridge motor on the Kimberly bridge and the other on the fire truck. I. C. Clark and Martin Wydevine, members of the Kimberly Playground commission, whose terms had expired, were reappointed to the office at this meeting.

The board voted to buy a new car for village purposes. It will be used by the marshal. The board instructed the clerk to get prices on the Ford and Chevrolet makes. The board will again meet on June 15 to begin planning the new building.

FREMONT GIRL WEDS MAN FROM APPLETON

Special to Post-Crescent
Fremont—Miss Gertrude Knoke, Appleton, daughter of Mr. and Mrs. Hugo Knoke, Fremont, and Walter Hannemann, son of Mr. and Mrs. Otto Hannemann, Appleton, were married at 2 o'clock Wednesday evening at the St. Paul Lutheran church at Fremont. The Rev. E. A. Schmidt performed the ceremony. Miss Irene Knoke, sister of the bride was maid of honor and Kurt Hannemann, Appleton, brother of the bridegroom was best man. An- and Karl, brother of the bride and Evelyn Bergman of Appleton also attended. Following the ceremony a reception was held at the home of the bride's parents and a wedding dinner was served to the immediate relatives. The young couple will reside on E. Lawrence-st., Appleton, where Mr. Knoke is employed in a machine shop.

A business meeting with installation of officers of the Weyauvega and Fremont Lions club members was held at the Hotel Knoke, Fremont. The following officers were installed: president, O. P. Wiseman; first vice president, E. E. Avelil; second vice president, E. E. Bratz; third vice president, N. J. Jardine; secretary-treasurer, H. J. Becker; Lion tamer, A. M. Sader; and tail twister, W. J. Nienhaus. A joint meeting with Wautoma and Red Granite will be held at Barney Jacob place Tuesday, June 15.

All members of the village board were present at the June meeting held at the village hall Tuesday evening at which routine business was conducted, and bills paid.

Arthur Schwartz and Benjamin Pitt, attended the school board convention of the Waupaca county schools at Waupaca Wednesday.

Mr. and Mrs. George Dobbins attended a Lions club meeting at Middleton Monday evening.

The members of the bunco club will meet with Mrs. John Drews, Friday afternoon.

WOMEN FORESTERS ENTERTAIN AT PARTY

Special to Post-Crescent
Bear Creek—A delegation of the Women's Catholic Order of Foresters from the Kaukauna and New London courts were entertained by local women Foresters Tuesday evening at the Forester hall. The time was spent playing five hundred for lowly by luncheon. Winners at cards were Mrs. Hartzheim and Mrs. Holman of Kaukauna.

Milton Murray, Lawrence Mares and John Roland of the town of Bear Creek and Miss Katherine Bates of the village attended the school board convention at Waupaca Wednesday.

Mr. and Mrs. K. E. Edge and son Richard left Saturday morning for Mineral Point to visit relatives. They will spend the summer vacation there and at Platteville. Mr. Edge will take the educational trip to Europe.

Miss Wilma Schwab, English teacher in the local high school, will spend the summer vacation at her home in Appleton.

FIVE PUPILS GRADUATE FROM APPLETON SCHOOL

(Special to Post-Crescent)
Black Creek—Among those who are graduating from the Appleton high school Thursday evening are: Adeline Beck, Genevieve Kronschable, Viola Riese, James Lard and Marion Diefenthaler, all of this village.

The Misses Emma Gosse, Mota Brusewitz and Carl and Albert Grunwaldt and Elmer Gosse, drove to St. Louis, Mo., Monday to attend commencement exercises Thursday evening at the Eden Seminary. Hulmer Grunwaldt, student of the school, will return home with them.

The Woman's Christian Temperance union met with Mrs. Fred Sassen Monday evening.

BALDWIN MILLS PUPIL WINS POSTER CONTEST

Royalton—Leola Patton, a pupil in the Baldwin's Mill school won first place and a cash prize in a Waupaca-co temperance poster contest sponsored by the Woman's Christian Temperance union. Her poster will enter the state contest.

Otis Miller, son of Mr. and Mrs. Fred Miller of Baldwin's Mills district township of Royalton, won first place in an essay contest in Waupaca-co, which was sponsored by the Woman's Christian Temperance union.

The contest is open to pupils of the fourth, fifth, sixth, seventh and eighth grades.

START GRADING OF STATE HIGHWAY 55

Fess Construction Company Gets Ready for Laying Pavement

Sherwood—The Perry T. Fess Construction Co. of Madison started grading operations on Highway 55 Friday afternoon at the curve entering the Charles Grode farm near Little Chicago. The company has also started smashing the concrete between Little Chicago and Kaukauna with a power hammer.

The Antony Wayne school closed Friday with a picnic at nearby grove. Arthur Ristow, a seventh grade scholar of the school held the attendance record with not a day absent during the entire school term. He lives two miles from school.

A picnic at the valley home farm on Sunday commemorated several events. Mr. and Mrs. Clifford E. Bishop celebrated the thirty-fourth anniversary and it also marked the fifth wedding anniversary of their son Riley Bishop and his wife. The birthday of John Bell son-in-law, and the birthdays of Mr. and Mrs. Olaf Lindquist, son-in-law, and daughter of the Bishops and the birthdays of Miss Alice Bishop and Mrs. Herman N. Hensel, sisters of Clifford E. Bishop were all celebrated.

The hostesses were Mrs. Clifford E. Bishop and Mrs. Riley Bishop. The following guests were present: Miss Alice Bishop, Mrs. Edith Chanup and Mr. and Mrs. Herman Hensel, Oshkosh; Mr. and Mrs. Olaf Lindquist and daughter Miss Gloria, Appleton; Mr. and Mrs. August Block and daughter Miss Verna, Harrison; Mr. and Mrs. Edward Ehrlich and daughters Helen and Jeanette, Kaukauna; Mr. and Mrs. Ed. Koffman, Hubert; Mr. and Mrs. Albert Bergelin, Hubert; Mr. and Mrs. John Bell, Chilton.

A car owned by Clemens Mahiberg was completely demolished at 10 o'clock Sunday night when it collided with the Danke milk truck at the Spranger farm near Little Chicago.

At 6:30 Tuesday evening the Harry Broehm farm was destroyed by fire of unknown origin. Sherwood and Hubert fire departments were called out and it was through their combined efforts that the house and adjoining buildings were saved from destruction. The loss is partly covered by insurance. Some of the farm machinery was saved by neighbors who pulled them out of the burning building.

RURAL CARRIER DIES AT HOME IN BRILLION

Brillion—Frederick G. Richter, 48, died at his home Tuesday morning, after a lingering illness. He was born in the village of Brillion, and south of the city. Mr. Richter had been rural route carrier No. 8 for 25 years. He had been on the pension list since last fall. Survivors are his widow; one son, Russell; two daughters, Ione and Myrtis at home; one brother, Fergie, this care was one sister, Mrs. Clara Krause of Marshfield. The funeral will be held at 3 o'clock Friday afternoon from the Masonic hall. The local branch of Odd Fellows will have charge of the funeral. Burial will be in the village cemetery.

A class of 19 was confirmed at the Lutheran church on Wednesday evening.

Members of New Holstein and Chilton Legion posts were guests of the Legion here at a meeting Monday evening.

The Rev. Paul Kasper and family left for Lancaster Sunday. Mrs. Kasper and daughter will remain several weeks. Mr. Kasper left on Monday for Milwaukee, to attend the Wisconsin conference of ministers. W. A. Koch is representing this congregation as delegate.

dist church. Plans are underway for a picnic to be held in the near future.

ANNUAL SUMMER SCHOOL SESSION STARTS MONDAY

Approximately 150 Students Expected to Enroll for Work

Kaukauna—Enrollment for the annual summer school session at the Outagamie Rural Normal school will take place Monday, according to Walter P. Hagman, principal. The school is conducted for a period of 30 days. The majority of high school subjects and grade school subjects are taught, including a number of teaching classes for student teachers.

An enrollment of about 150 is expected. Many pupils enroll from the surrounding villages and cities. School sessions will begin Tuesday morning and will be held daily until Saturday, July 11.

Five teachers have been engaged to conduct the classes. If the enrollment is greater than expected one or two more teachers will be added to the staff. Those who will conduct the classes are Mr. Hagman, principal of the Outagamie Rural Normal school; Olin G. Dryer, principal of the Kaukauna high school; Miss Ruth MacKenna, member of the faculty of the Appleton high school; Mrs. Luverne Evjue, faculty member of the Outagamie Rural Normal school; and J. J. Haas, principal of the Kaukauna Junior high school.

Plan Anniversary Banquet For Pastor At Kaukauna

Kaukauna—Three hundred persons are expected to attend the golden anniversary banquet at 1 o'clock Tuesday afternoon, June 9, in honor of the Rt. Rev. Mgr. P. J. Lochman, pastor of Holy Cross Catholic church here for about 25 years. The occasion will mark his fiftieth year in the priesthood of the Catholic church. Invitations have been sent to about 100 priests in the Green Bay diocese, and letters of acceptance already have been received from 80.

One hundred fifty tickets have been placed on sale for the dinner. The sale will close Thursday night. The limit is being put on the number because of limited space. The banquet will be held in Eagles hall on Wisconsin-ave. The speakers program is not yet completed, but will be in a few days. Mayor B. W. Fargo and Chief of Police R. H. McCarty will be among the speakers.

Bishop Paul Rhode, head of the Green Bay diocese, will open the celebration in the morning with a pontifical high mass in Holy Cross church at 10 o'clock. Following the mass will be the banquet. The dinner is being prepared by the ladies of the church.

HOLD LAST RITES FOR GIRL KILLED IN CRASH

Kaukauna—Funeral services for Miss Lucille Johnson, 17, daughter of Mr. and Mrs. Ed Johnson, Crookston, Minn., who died Monday as a result of injuries received in an automobile accident last Saturday, were held at 2 o'clock Wednesday afternoon at the Immanuel Reformed church. The Rev. J. Scheib was in charge and burial was in Union cemetery.

Miss Johnson is survived by her parents, two sisters, James and Sally, and two brothers, Clifford and Ralph, all at home. Pall bearers were Raymond Paschen, Carl Schulz, George Schwendeman, Harvey Mau, Elmer Stegman and A. Sager.

Miss Johnson suffered a fracture of the skull when the car in which she was riding with three others turned over near Sherwood Saturday afternoon. The driver, Ed Streich, lost control of the car when it struck some loose gravel. The other occupants of the car, Streich, Miss Lucy Foxgrover and Miss Maxine Firehammer, also were injured. They were brought to Kaukauna and then to the St. Elizabeth hospital in Appleton.

TWO ARRESTED DURING MAY FOR DRUNKENNESS

Kaukauna—Two arrests were made for drunkenness during May, according to the monthly report of Chief of Police R. H. McCarty. Three summonses were issued. City fines were \$5.25 and disbursements \$10.75. The arrests for drunkenness were taken to municipal court at Appleton. There are \$7.35 pending and city funds are \$5.25.

PULPMAKERS WIN IN SOFTBALL BY 9 TO 8

Kaukauna—Nightingales were defeated by the Pulpmakers, 9 to 8, in a City league softball game Wednesday evening. After ten innings of fast ball the Knights of Columbus defeated the Andrews Oils, 6 to 5. Thursday evening the Whip-Poor-Will's versus the Mueller Boys at the Park school and the Bakers versus the Regenuss Brewers at the playgrounds.

The Post-Crescent's representative at Kaukauna is Lloyd Derus. His telephone number is 194-W. Business with The Post-Crescent may be transacted through Mr. Derus.

INDIGENTS COST CITY \$864 IN MAY, REPORT

Kaukauna—Poor cost the city \$864.80 last month, according to the report of Chief of Police R. H. McCarty, poor master. This is slightly less than the amount spent in April, which was \$881. Of the total \$280.11 is for county charges, for which the city will be reimbursed. Ninety-five dollars was spent for aid and \$140 for care. Rent cost \$128.36, merchandise \$227.23 and \$24.01 was spent for miscellaneous items.

EXERCISES TONIGHT FOR NORMAL SCHOOL

Approximately 50 Graduates to Receive Diplomas at Hotel Kaukauna

Kaukauna—About 50 students of the Outagamie Rural Normal school will receive their diplomas at the graduation exercises and banquet Thursday evening at Hotel Kaukauna. The dinner will be given by the alumni. Following the dinner there will be several addresses and the distribution of diplomas. The graduates will enjoy dancing following the graduation exercises.

Arthur Polk, former member of the board of regents at the University of Wisconsin, will be the principal speaker. The diplomas will be distributed by A. G. Meating, county superintendent of schools. Walter P. Hagman, principal of the Outagamie Rural Normal school, also will speak.

PASTOR DESCRIBES TRIP TO WASHINGTON

Kaukauna—The Rev. H. J. Lane, pastor of Brook Memorial Methodist Episcopal church, was the principal speaker at the meeting of the Kaukauna Rotary club Wednesday noon at Hotel Kaukauna. He recently returned from the educational trip to Washington, D. C., which was sponsored by Superintendent A. G. Meating of Outagamie-co. He described the various places of interest in the route and upon the arrival in Washington. He voiced his appreciation to those in charge, saying that it inspires one with a love and a pride in his country.

Social Items

Kaukauna—The Ladies' Aid of Trinity Evangelical Lutheran church met Wednesday afternoon at the schoolhouse. Hostesses were Mrs. Frank Kloeck, Mrs. George Lau, Mrs. Jacob Konrad and Miss Emma Konrad.

Mrs. H. VanDusen entertained at bridge Wednesday afternoon at her home on Tenth-st. Prizes were won by Mrs. Hoppe and Mrs. B. Roberts.

Women's Catholic Order of Foresters, St. Anne's court, met Tuesday evening in Eagles hall on Wisconsin-ave.

Fred Ludtke and Clarence Koch entertained at the Ludtke bungalow on the lower Fox river Wednesday evening.

A public card party will be held by the Royal Neighbors of America Tuesday evening, June 9, in Odd Fellow hall. Prizes will be awarded and lunch will be served.

CONDUCT LAST RITES
Kaukauna—Funeral services for Margaret Mary Hayden, 9-month-old daughter of Mr. and Mrs. J. Hayden, died Sunday afternoon, were held at 2 o'clock Wednesday afternoon at the home of Halbert Mooney. Burial was in the Union cemetery.

FLASHES OF LIFE

BY THE ASSOCIATED PRESS
Lexington, Va.—(AP)—Special efforts are being made for all seniors at Washington and Lee university to pass their final examinations. There are 131 of them and the 181st commencement is approaching.

Rochester, England—Charles Dickens has fallen in a test for selection of "Pickwick Papers" characters for a pageant. This Charles Dickens is a boy who is too lean. One weighing 182 pounds was picked from eight entrants to represent the Pickwickian fat boy.

Washington—Ambassador Gibson has proof that Ambassador Dawes was right in saying that diplomacy is easy on the brain but hell on the feet. Both have been guests at the White House. Gibson, who has a sore foot, read Dawes' statement in a newspaper, clipped it out, drew a skull and crossbones on it and tacked it to Dawes' door.

Growing Deaf With Head Noises? Try This

If you are growing hard of hearing, and fear catarrhal deafness, or if you have roaring, rumbling, hissing noises in your ears, go to Schlimtz Bros. Co. or your druggist and get 1 oz. of Parment (double strength) and add to it 1/2 pint of hot water and a little sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy, and the mucous stop dropping into the throat. It is easy to take. Anyone who is threatened with catarrhal deafness or who has head noises should give this prescription a trial.

How To Play Contract Bridge

By Wubur C. Whitehead

AT TIMES PARTNER SHOULD BE ALLOWED TO PLAY NO TRUMP EVEN THOUGH AS BESTING HAND HOLDS A SINGLETON

We often hear the remark, "Oh, I couldn't let you play the hand at No Trump—I had three four card suits and a singleton."

There are many times where, with a strong hand and partner has made an original No Trump bid, such remark might hold, for in such case there must almost inevitably be a game at a suit bid.

However, where the No Trump bid happens to be a take-out of an original four card suit bid, there is no guarantee that the take-out bidder holds sufficient high card strength to have bid originally, and, hence, no guarantee that there is a game in a suit.

It might readily be better to play for Three No Trumps in spite of such singleton rather than to play for five odd at a Minor suit.

Where the original bid that has been taken out happens to have

been a bid of Two and a second suit has been shown over a No Trump take-out and the No Trump bidder has bid Three No Trumps, it would be folly to show a third suit, for in such case the No Trump bidder would be almost obliged to abandon any idea of playing it at No Trump, support one of the Minor suits and make five odd necessary for game.

Thus, in the above deal, South, having shown his Hearts and Diamonds, should not be bull-headed and show the Clubs over partner's Three No Trump.

Salient Points of Bidding

Contract: South, with 4 1/2 Quick Tricks in hand and three four card suits, opens the bidding with Two Hearts. West passes and North bids Two No Trumps. East passes and South bids Three Diamonds. West passes. In spite of the fact that partner has shown a distinct suit type of hand, North, with four Spades to the Q-J-10 and four Clubs to King-Ten, in addition to the King of Diamonds, should bid Three No Trumps rather than assist Diamonds in hopes of making five.

Auction: South opens the bidding with One Heart. West passes, North bids One No Trump and East passes South, with his peculiar distribution, bids Two Diamonds. West passes and North bids Two No Trumps, concluding the bidding.

The Play

East's natural opening is the Four of Spades, and West taking the trick with the King, can see nothing better to do than to return that suit. It then makes no difference what East may do for Declarer can establish two Heart tricks in Dummy, which, together with two Spades, two Diamonds and four Clubs, gives him four odd.

are popular with vacationists. Amusements of "grandpa's" days, revived by young natives, are being

Better on vacation

ROMP through the joyous hours of vacation with pep and vim. Help keep healthy with Kellogg's PEP Bran Flakes. A wonderful dish for your taste—rich in the glorious flavor of PEP—the famous deliciousness that only Kellogg's PEP Bran Flakes have. And full of healthfulness too! They contain just enough bran to be mildly laxative—to help keep you feeling fit.

Better at home

Kellogg's PEP Bran Flakes are a year-round cereal. Their three vital elements—whole-wheat nourishment, extra bran, and that peppery flavor—make them an ideal cereal for young folks. Serve them for the children's lunch and supper. Enjoy them yourself late in the evening. They're made by Kellogg in Battle Creek. In the red-and-green package.

Paints! Varnishes!

We've sold Parker's Pure Paint for 15 years and recommend it for every paint use. Always a complete stock of interior and exterior paints—also 4 Hour Floor and Linoleum Varnishes. All reasonably priced.

BAR ASSOCIATION TO BE FETED AT MEET

Delegates to Be Taken on Trips Over Scenic Drives in Douglas-co

Superior—(AP)—The 1931 convention of the State Bar association of Wisconsin, to be held here June 24 to 26, will be a semi-vacation for members and their families if entertainment plans of Clarence J. Hartley, convention chairman, are carried out. Hartley has prepared a three day schedule of events designed as an outing for visiting lawyers and an exhibition of the head-of-the-lakes region.

St. Louis Woman Loses 20 Lbs. of Fat In 4 Weeks

Also Gained In Energy—So Happy Can't Help But Write Letter of Thanks—Read It

A half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast not only quickly gives you the trim, slender figure you've eagerly craved but also brings back a degree of health and beauty you haven't had since the first pounds of excess fat made their appearance—strength and energy you forgot existed reflow your body—skin clears—you feel years younger and look it, too!

And here in a nutshell is the "why" of the amazing reducing and health-giving power of Kruschen. Kruschen is a superb combination of SIX separate mineral salts which act on glands, nerves and body organs as do the salts at the famous and expensive Spas of Europe.

It keeps the body free from harmful acids and poisons and strikes at the usual CAUSE of fat—thousands of women are amazed at the simplicity and common sense behind the Kruschen treatment and are more than overjoyed by the results. You can hasten the reducing action by going lighter on potatoes, pastry and fatty meats.

Mrs. Mae West of St. Louis, Mo., writes: "I just can't help but let you know what Kruschen has done for me. I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment. It certainly is a great relief not to be fat and bulky."

Buy Kruschen TODAY. An 85c bottle lasts 4 weeks. Schlitz Bros. Co. 3 Stores, Voigt's Drug Store or any leading drugstore throughout the world can supply you—money back if not satisfied.

tion. Trips over the scenic drives of Douglas county, golf tournaments and special entertainment for visiting ladies have been arranged.

The convention sessions will be marked by annual reports, round table discussions and addresses by leaders in the Wisconsin legal profession. President J. G. Hardgrove's address will be a judicial review of actions of administrative bodies. Questions for discussion will include: what is a model appellate court opinion from the lawyer's viewpoint; how to choose a location and get acquainted with the community, and a lawyers attitude toward public matters.

Members look to the report of the Committee on State Commissions, headed by the Hon. Theodore Biazau, Wisconsin Rapids, for the most vital recommendations to be accepted during the coming year. The report of the resolutions committee, con-

taining important matters of policy for the association to decide, will also form a major part of the convention program.

Officers of the Douglas County Bar association, under whose auspices the meeting is to be held, are Carl H. Daley, president; R. E. Kennedy, vice president, and Oscar S. Johnson, secretary and treasurer.

Washington—Nelson J. Dunlap of Kingston, Ohio, has shaken hands with 14 presidents. He is 83 years old and voted for Lincoln, but never saw him. He was presented to Mr. Hoover by his son, R. W. Dunlap, assistant secretary of agriculture.

TRADE ACCORD WITH CANADA HELD LIKELY

Reciprocity Issue of 20
Years Ago May Be Re-
vived Between Countries

BY DAVID LAWRENCE
Copyright 1931 By Post Pub. Co.,
Washington. (CPA)—Will his-
tory repeat itself and revive the re-
ciprocity issue of 20 years ago be-
tween the United States and Can-
ada?

This question arises now because
Canada has proclaimed a new set of
tariff duties in answer to the Haw-
ley-Smoot law.

Officially no protests against Can-
ada's action can be made, because
the duties are to be applied equally
to all countries which sell goods to
Canada, and no discrimination
against the United States is involved.
This, however, is merely a techni-
cal statement of the case for actually
no other country is exporting auto-
mobiles in the same quantity as is
the United States hence, any duty
against automobiles bearing in ef-
fect a levy against the American
product.

Whenever a country promulgates
new tariff regulations, the world cus-
tom is to regard the duty-making
power as purely domestic unless a
special discrimination can be proved.
The United States, itself, has long
contended that the tariff making
power was wholly national and not
international.

See Special Agreement

When there is a conflict occur-
ing between Germany and Austria on
the one hand or the United States
and Canada on the other, a special
commercial agreement can be negoti-
ated, whereby the two countries
make mutual concessions in order
to stimulate their trade with each
other. Such a reciprocity agreement
between the United States and Can-
ada, exactly the same, however, as
being made of the German-Austrian
agreement.

Much water has run over the dam
since the annexation of former
Speaker Champ Clark which frus-
trated the reciprocity agreement ap-
proved by President Taft. Nowadays
trade relations are better understood
and Canada is America's best cus-
tomer in the export field.

The new Canadian duties are
bound to have a far-reaching effect
on Canadian-American trade. They
may compel American automobile
companies to increase their factories
in Canada and even use Canada as
a base for exporting to other coun-
tries. Water, power in Canada, is
cheap, and every inducement has
been made in recent years to attract
foreign capital.

American dollars have gone to
France and Germany to build auto-
mobile plants and it is argued that
one of the effects of the Hawley-
Smoot law has been to force Ameri-
can companies to open branches and
assembly plants abroad. Such com-
panies, however, are subject to local
taxation and may even find in the
course of time that local capital may
bring about increased burdens on
foreign owned companies. Mexico, for
example, and some of the Latin
American countries have resisted
foreign exploitation of natural re-
sources and have carried on a na-
tionalistic campaign which has re-
sulted in various governmental regu-
lations and taxation devices.

Factories Moved
Temporarily at least the moving
of American factories to other coun-
tries, with the possible exception of
Canada, is not a serious menace to

RICHARDSON AGAIN NAMED U. W. REGENT

Madison—(AP)—Victor P. Richard-
son, Janesville manufacturer, was
reappointed Wednesday a member of
the University of Wisconsin Board
of Regents by Gov. Phillip LaFol-
lette.

Mr. Richardson, who represents
the First district on the board, was
first appointed by Gov. John J.
Blaine, and recently had completed
his term.

Gov. LaFollette today also reap-
pointed Dr. S. F. Donovan, Tomah,
as a member of the state board of
mental examiners. Dr. Donovan has
been a member of the board for sev-
eral years, serving as secretary. He

is a graduate of Marquette univer-
sity. The appointment of Mr. Richard-
son marks the third regent named
by the governor. Harold M. Wilkie,
Madison attorney, was selected to
succeed Harry L. Butler, Madison at-
torney, and Dr. Gunnar Gunderson,
LaCrosse, replaced his father, Dr.
Adolph Gunderson.

In ancient Greece and Rome it
was the fashion not to sit at tables
as we do, but to recline on couches.

AWARD SCHOLARSHIP TO FENNIMORE STUDENT

Fennimore—(AP)—A \$2,000 scholar-
ship for a four-year education at the
University of Wisconsin has been
awarded to Mae Maurer, who will
graduate from the local high school
this month. The award, left in the
estate of the late William Marsden,
is awarded every four years and
goes to the pupil with the highest
scholastic average.

Haug Auto Service Station Opens This Weekend On Memorial-Dr

NEW BUILDING S CONSTRUCTED OF CAMEO BRICK

Structure, of Mediterranean
Design, Cost Approx-
imately \$30,000

The new John Haug and Son automobile service station will open for business Saturday at the corner of W. College-ave and Memorial-dr. Completed a few days ago, the one story mosaic cameo brick and reinforced concrete building, with its tiled green tile roof which houses the service station, gives Appleton a new \$30,000 structure of Mediterranean design.

The building is located on the southwest corner of the intersection Memorial-dr and W. College-ave, and affords a widening of the street at that point.

Construction of the building was started in March when several old sheds and buildings were razed. Decision to build a new service station there was made by John Haug about the first of the year.

The site marks the place of the late Haug and Son wood storage shed and an old cobbler's shop, the latter having been in operation for over 25 years. With the passing of a wood burning era in Appleton, the sheds fell into disuse.

Ample Room Available
The new service station has ample room for servicing of cars both in the station and on the concrete platforms outside. Pedestrians will not be bothered by cars that may be driven up to the station for gasoline, or servicing, it is said.

Facilities for servicing automobiles consist of air and water on the station platform. In the building there is a wash rack for washing cars and an oil derrick for oiling and greasing automobiles. Facilities for inspecting and servicing batteries are also handy. Gasoline and oil will be sold.

Two modern rest rooms have been built. Running hot and cold water is available. The floor in the rest rooms is terrazzo.

Construction of the service station is a step forward in the history of the John Haug and Son company, an effort on the part of the owners to supply Appleton residents with every type of fuel for home and automobile. Entrance into the oil business by the company a few years ago was the first step in its business. The erection of the service station and handling of gasoline, motor oils and fuels is the next step.

Plans Drawn Here

The Appleton architectural firm LeVe and Gmeiner, drew the plans for the building and foundations. Pat Miron, Appleton contractor, built the structure, Herman Epner and Sons, Appleton, did the

Open for Business Tomorrow

The new \$30,000 service station of the John Haug and Son company will open Saturday. The building is a modern automobile servicing plant erected at the corner of W. College-ave and Memorial-dr. It replaces several storage sheds and buildings which formerly occupied the corner. The building is of brick and reinforced concrete construction and has a large platform in front to facilitate handling of cars for servicing.

Sculptor Resumes Task Of Carving On Mountain

Rapid City, S. D.—(AP)—The rattle and roar of big drills once more reverberates through the peaceful Black Hills region.

Work of carving the gigantic memorial monument on the face of Mount Rushmore, 25 miles from here, has been started again with another spring.

Through the vast canyons of granite resound noises again to those of riveters in man-made steel canyons of metropolitan centers, for art has joined hands with engineering genius to carve this memorial on Nature's mile-high easel.

The head and face of George Washington, dominating figure in the group which will honor four presidents, already is clearly discernible.

This summer the head of Thomas Jefferson will be "roughed out," and work started on the head of Abraham Lincoln. Theodore Roosevelt, the fourth heroic figure, will probably

carpentry work, and Reinhard Wenzel, Appleton, installed the plumbing.

Heating facilities were installed by W. S. Patterson Co., Appleton. The flooring was laid by the Art. Moslac and Tile company of Green Bay, and the concrete flooring and driveways by Robert Schultz, Appleton.

The Art-Kiloren company, Appleton, installed the electrical fixtures and appliances, the five gasoline and fuel oil tanks were installed by the Fox River Boiler Works, Appleton, and the pumps and equipment by the Automotive Supply company and the Schaefer Hardware company, all of Appleton. Painting was done by George Jackson, Appleton decorator.

ably be left for another summer's labor.

Five Years' Work

Work on this sculptural colossus has been going forward, except during winter months, since 1927, and it probably will be another five or six years before it is finished. Gutzon Borglum, the sculptor, is in charge of a crew of some 40 men. W. S. Tallman and Hugo Vila are his assistants and supervisors.

About 30 men are engaged in the actual carving—a precarious job indeed, drilling dynamite-holes with a heavy, bucking, potting compressed-air jack hammer while suspended in a leather sling with "nothing but scenery" below for a mile or so straight down!

In order that the men in these slings may be lowered or raised or shifted from side to side on signal, an elaborate system of winches is installed on the top of Rushmore. Ponderous cable and electric lines span the valley, bringing supplies and power to the little construction camp.

The figures are to be of tremendous size—in the proportion of men some 450 feet tall, which means that from chin to the top of the head they will measure about 60 feet.

Keeping the images in true proportion was a comparatively simple problem. Borglum constructed a huge plaster model of the trio—on a 1-10-12 scale—in a studio in the valley.

From the end of a swinging steel boom, pivoting on a point in the exact top-center of Washington's head, a plumb-line drops on the model, and by this the distances to various points on the figures are measured. A similar boom, but 12 times as

large, swings from the top center of Washington's head on the mountain-top. Measurements are taken on the model, then transferred to the actual work, where "inches" become "feet."

Borglum, profiting by his experience on the Stone Mountain sculptural group in Georgia, has not attempted to do this job by hand-chisels. From the first it has been art on a sky-scraping, mechanized scale.

Actual treatment of the granite consists of three major processes. First, some 40 feet of rough rock surface is removed by drilling countless holes and filling them with dynamite charges, which send great avalanches of rock sloughing off into the valley.

Supplementing these four figures will be a great entablature on which will be engraved significant dates in American history, and a 500-word history written by Ex-President Calvin Coolidge.

HAUG COMPANY HAS BEEN OPERATING IN APPLETON 11 YEARS

Brief Period Marked Passing of Wood, Anthracite Coal

John Haug and Son company, opening a new \$30,000 super service station at the corner of Memorial-dr and W. College-ave Saturday, has been in business in Appleton since April 29, 1920.

The company was founded by John Haug and his son, John. The senior Mr. Haug died two years ago, and his son carried on the business. The junior Mr. Haug also has a son named John and although the youngster is but six years old he is being groomed to be the "son" in the company name when he becomes of age.

The founder of the company was a resident of Appleton for 45 years before his death. His son, now the business head, has always lived in Appleton. The company's main offices which are located at 719 W. College-ave, will be continued there despite the fact there is an office in the new service station.

When the senior Mr. Haug and his son started the business in Appleton they handled coal, coke, wood and building materials. Now the wood business amounts to very little and in its stead the company handles fuel oils, gasoline and motor oils. The new service station is the direct result of the success in handling the latter articles.

Points Out Changes
Eleven years is a comparatively short time to trace history of any business, yet there have been several big changes in the fuel business, Mr. Haug points out.

For instance, there is the wood business which once thrived on the site now occupied by the new service station. A few years ago gas became a cheaper article for kitchen

EQUALITY OF RACES IS URGED BEFORE SYNOD CONFERENCE

Milwaukee—(AP)—If the Christian churches are to uphold the ideal of the equality of man they must accord intermarriage and social equality between the races, Dr. James M. Yord of Northwestern university said here before the Wisconsin district conference of the Evangelical synod of North America.

"We could compel segregation," he said, "while the Negro was uneducated and uncultured, but now the Negro race has brilliant leaders who refuse to be segregated."

"The situation we face with the Negro must be faced similarly in the case of the Japanese and Chinese and Indian."

"I do not advise intermarriage of whites and blacks, but I believe the time is here when we can no longer prevent it. We cannot deny their de-

cooking use and with it the wood business passed out of existence. Very few Appleton housewives still use the old wood burning range in their kitchens.

Another interesting change has been in anthracite coal sales. Time was when sale of anthracite was a big item. But the coal always was high priced and with numerous strikes that sent the prices higher and made the coal hard to get, people turned to soft coal to heat their homes, and with that came the furnace. The results is that soft coal has almost pushed the hard coal business out of existence. At any rate it no longer is a big business.

Building materials still continue as an old stand by for the Haug company. People always will build, it seems, and when they build they need materials with which to do the work. Therefore the business remains stable. It is one item that probably never will go the way of the wood business and the anthracite coal business according to Mr. Haug.

mands without driving all of them out of the church."

Varied comment resulted from delegates. One asked:

"Would you permit your daughter to marry a Negro?"

"I certainly should advise against such a marriage," Dr. Yord replied, "but I would not forbid it."

The Rev. Ernst Grauer, Wausau, was elected moderator, and the Rev. Paul Wendt, Milwaukee, vice moderator of the conference. The meetings continue through tomorrow.

Wisconsin Rapids—(AP)—L. M. Nash, president of the Wisconsin Rapids Street Railway company

which runs trolleys between here and Nekoosa, appeared before the city council with a request the line be discontinued on the ground it was losing money. At the same time, petitions were presented by others to operate bus lines in the event the railway company was abandoned.

Milwaukee—(AP)—By ruling of the federal court here, Henry Harden, Sheboygan-co farmer, accused of operating a 10-gallon liquor still, will not appear in court until he gets a ride into Milwaukee. It was pointed out his family was destitute and he had no way of getting to court.

Gagnon achieves another success!

In furnishing all brick and tile for the new Haug Super-Service Station, the Gagnon Clay Products Company has again demonstrated its ability to fill an order in the right way.

The materials used in this attractive station are representative of only a small part of the Gagnon line. When you build next, specify Gagnon brick and tile. Ask your dealer. He can give you just what you want, save you money and guarantee satisfaction.

PAT. G. MIRON Scores Again!

General Contractor for the New
Haug Station

The opening of the new Haug Super-Service Station marks another structural job successfully completed by Pat. G. Miron.

Built to exacting standards with the best of materials, the new Haug station has been completed ON TIME. This factor we regard to be equally as important as satisfactory work and fair prices.

The Miron effectiveness in performing good work in the least amount of time should be a determining factor when you choose a contractor or mason for your next construction work.

This element of efficiency plus the other factors in successful engineering has helped Pat Miron to score again.

IMMEDIATE DRAFT OF 4,000,000 MEN PLANNED BY U. S.

Create Powerful Advisory
Council—Compulsory Or-
der of Plants

BY RODNEY DUTCHER
NEA Service Writer

Washington — Detailed plans of vast scope for mobilization of man power and industry when the "next war" breaks out have been formulated by the War Department.

Immediate draft of 4,000,000 men and registration of 7,000,000 more within the ages of 21 to 30, creation of a powerful Advisory War Council, compulsory orders for 15,000 manufacturing plants and special low-profit contracts for purchase of necessary supplies are some of the most important phases of the general war plan.

The War Policies Commission is now studying drafts of the plan along with proposals made at its recent hearings. This commission was created by Congress to make a study and prepare legislation designed to equalize the burden and minimize the profits of war. It consists of six cabinet members, four senators and four representatives. It will report to the next Congress.

Major Wars Only

Bills drafted by the War Department, which Congress would be expected to pass immediately in case of war, include measures making available to the president the man power and material resources of the nation, relating to federal acquisition of private property in emergency, authorizing or creating a bureau of marine war risk insurance, a war trade board and a war finance corporation and a bill covering the draft of man power.

The plans would apply to a major war. General Douglas MacArthur, chief of staff, points out that an emergency involving no more than the regular army, even raised to full strength and strengthened by some National Guard units, "would cause scarcely a ripple in American life and industry."

The proposed selective service plan is based on the provision designating all able-bodied males between the ages of 18 and 45 as the country's unorganized militia. It calls for primary selection of men of "those ages which best fit the needs of the particular war," pointing out that this range was originally 21 to 30 years, inclusive, in the World War.

There is an estimated reservoir of 11,000,000 registrants within the ages of 21 and 30 and the Army estimates that about 4,000,000 men would be immediately available for induction into the armed service. These would be designated members of Class I by local registration boards.

The other classes would be II. Those whose drafting would be deferred because of the importance to the nation of their service in civilian life. III. Those whose drafting would be deferred because of dependents. IV. Those deferred from service by law whose induction would be undesirable.

Each year about 800,000 men will arrive at registration age and be added to the rolls.

There would be no exemptions, but military service would be "deferred" by a man's own neighbors on the draft board "for industrial and humanitarian reasons only." After the group selections and individual determination by lot.

About 5000 local draft boards of three members each would be functioning in decentralized local board areas each including about 30,000 population. The national system would be under a "Director of Selective Service" with a headquarters staff, but operated within each state under direction of the governor. The president would proclaim a certain day on which all male persons between certain designated ages would register at their voting precincts. The local board then sends a questionnaire to each registrant to gather information about dependents, occupation, physical condition, war, citizenship and any claims for deferment. This information is used to separate the registrants into the four classifications.

Plan Deferments

The matter of deferments, General MacArthur points out, is one of paramount importance. Disturbance to the economic structure of the nation must be to a practicable minimum.

LIFE'S ODDITIES

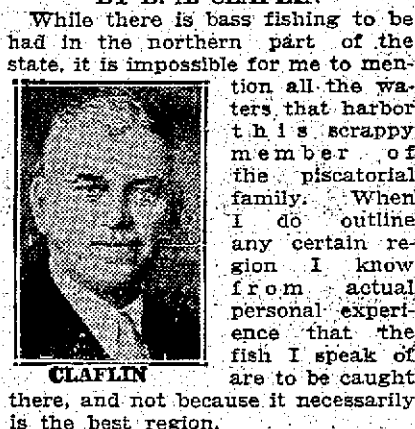

By George Clark

"Now, now, please don't start crying. Remember how red it made your face the other times."

Black Bass Inhabitants Of Many Lakes In State

BY E. A. CLAFLIN

CLAFLIN

While there is bass fishing to be had in the northern part of the state, it is impossible for me to mention all the waters that harbor this scrappy member of the piscatorial family. When I do outline any certain region I know from actual personal experience that the fish I speak of are to be caught there, and not because it necessarily is the best region.

You can go right up in Marinette to catch bass. I know a number of good lakes for them, yet they are by no means as plentiful as are certain waters much farther away from civilization. Up in Langlade co there are numerous waters from which I have taken many bass, and also in the Three Lakes country there are some very fine bass waters. Farther west, in the Lake Tomahawk region you will find great sport with these fine fish.

Bass In Cham Lake

I desire in this article, however, to speak of a country that I visited last season. A glance at your map will show you some lakes east of Cable, in Ashland co. Take Cham Lake, for instance; we caught bass about as fast as we could get our lures out to them, and they ran very good size.

This lake is drained by the west fork of the Chippewa River. In the same region there are several others just as good as Cham. No. Four Lake is also drained by the Chippewa. Big Lake and McClure Lake are both drained by the Ghost Creek, which empties into the west fork of the Chippewa. They are excellent waters for bass. Ghost Lake, farther down, is another very good place for bass. In addition to the

and essential factories and industries must not be robbed of necessary man power. Also, MacArthur says, "If the selection of a certain able-bodied man would cause his invalid wife and three small children to become public charges, it is evident that the public interest will not be served."

1,600 TO GRADUATE FROM UNIVERSITY

Commencement Program to
Open at Madison Satur-
day, June 20

Madison—(P)—With June days graduating days, plans for the seventy-eighth annual commencement at the University of Wisconsin have been announced with word that approximately 1,600 students will be granted degrees.

Although the final list will not be compiled until after examinations, which open Monday and close June 16, university officials estimate 1,400 seniors will receive bachelor degrees, while higher degrees will go to about 200 other students.

The commencement program will open June 20, and the graduating ceremonies are to be held on June 22. The opening day of the commencement week-end is Alumni Day, and the annual meeting of the alumni association will be conducted in the morning. The reunion celebrations will get underway that afternoon with the following reuniting classes: 1886, 1891, 1892, 1893, 1894, 1895, 1896, 1906 crew, 1911, 1912, 1913, 1914. All crew men of former years also are to re-une.

The exercises leading to graduation will start June 21 with baccalaureate service to be conducted in the field house. Dr. Glenn Frank, president of the university, will give the address.

For the first time, the graduating exercises will be held in the field house on the morning of June 22. Exercises were held in the stock pavilion here prior to 1925 when they were moved into Randall stadium, but the question of weather was so great that officials decided to move the ceremony to the field house, which can accommodate more than 10,000 persons for graduation.

At the graduation, the Rev. E. H. Lumpkin, pastor of the Grace Episcopal church here, will read the invocation and benediction, while President Frank will deliver the charge

OFFER SOLUTION TO CRIME SITUATION

Sofia—(P)—More marriages, easier divorces and less liquor are offered by Bulgarian police authorities as a combination that will aid in solving the crime problem here.

The president of the police department reported that crimes of violence have quadrupled in this country since the world war.

PARIS STYLES SHOW TRI-COLORED IDEA

Late Spring Coats in French
City Are Slinky, Expert
Says

BY AILEEN LAMONT

Copyright 1931, by the Cons. Press

New York—(CPA)—Incredible though it may seem, Paris has another twist for the tri-color idea. For some time now, she has been insisting on three colors in a frock. Well, you may wear a frock all of one plain color if you like, but for any sakes wear with it a black shiny straw hat with a leather band about the crown. And have the band in two colors plus white and fastened with a steel buckle and slide.

A number of the late spring coats in Paris are pretty slinky. In black marocain, for example, with a black fox collar, one such coat fits the figure closely and falls nearly in a petal effect—the effect achieved by loose folds. Moreover, the hem line is uneven by reason of a double panel in back which ends before the hem of the coat itself is reached. Sounds complicated? Ma Foi, it is! Perhaps the most popular and ef-

fective trimming of the moment is the button. Red buttons on blue, gray on green, black and white on

gray or red, yellow on brown, deep red on yellow, crystal on anything

on white, amethyst on certain blue tints, or just name your own choice in color contrasts.

for the university, and Gov. Philip La Follette that of the state.

The new Mechanical Engineering building on the campus also will be dedicated June 22.

Best Wishes

Chapter 1
 "POOR OLD TONY"

THE people of Orchard Hill, a small country town in Ohio, call him "Poor Old Tony" and laugh. I have often wondered why they laugh.

Antonio himself, when he notices my indignation, always says in his gentle way, "Never mind; in laughter fools betray their ignorance, wise men their understanding."

Among those who know his history and appreciate his character, Antonio Latour is not a person to excite ridicule. His name once promised to endure with the names of both and Barrett and Irving and Mansfield and other actors of their day and rank. You who are old enough to remember the theater in the years from '76 to '88 will recall the great artists with whom he was associated. He had only small parts it is true, but the critics spoke very kindly of his work. Many villagers have seen the newspaper clippings, yellow with age and worn by much handling, which the old actor treasures with such pride.

But Antonio Latour's career was ended when he was still a young man. He is old now, with silver-white hair, faded blue eyes, and thin trembling limbs; but his fine old actor's face is lighted with rare intelligence and feeling; he carries himself with that proud erectness which distinguishes gentlemen of the stage and he never appears without a flower in the lapel of his ancient coat.

Antonio lives alone in the ancient house in which his father was born. From it he can see the many acres that once belonged to his ancestors. His family was rich, the villagers will tell you, as they wonder how the old actor manages now to keep soul and body together.

One evening, with a chuckle of mirth, Antonio said: "I overheard that Buxton woman talking about me today. She and two other women stopped in front of my house. 'And this here,' she said (the old actor mimicked the Buxton woman's voice to perfection), 'is the old Latour home that I've been telling you about. Old Tony Latour he's lived here all alone ever since he come back from actin' on the stage in New York. He's a good-for-nothin'—a disgrace to his family and the community. Look, the house ain't had a brush of paint nor a tap of a hammer since his poor paw died. His paw and maw they was a real credit to the town and church. Elder Latour his paw was She was a Deaconess. Ain't nobody ever heard tell what it was Tony done when he was an actor that made him quit and come home like he did, but it must 'a' been somethin' awful 'cause he ain't never been no good to himself ner to anybody else since.' With another chuckle, the old actor explained: "The good ladies did not know I was just behind the hedge, digging up the ground for violets."

Because his life experience is what it is, Old Tony thinks of his story as a play and of life itself in terms of the theater. Many times I have heard him declaim.

All the world's stage.

And all the men and women merely players.

They have their exits and their entrances. . .

"Circumstances," the old actor says, "shift the scenes; Fate is the stage manager; Nature the director; God the producer; we, the actors, enter, play our parts and exit. The play goes on and on and on. And always there are members of the company in the wings."

Our little village of Orchard Hill, with the First National Bank, the Owl Drug Store, Harriet's house, the home of the Careys and the county jail, to Old Tony is a stage set. The black drop is a scene of rolling hills with farm houses and fields showing here and there amid the woods. Tony's house is well down stage—close to the footlights, as it were—at the edge of the village, overlooking the river, the valley and the wide sweep of country beyond.

The Orchard Hill set has been changed since Antonio Latour's first entrance over 70 years ago. The simple peace and quiet of the country village where Harriet and

Righteousness against evil . . . So do the villagers view the budding romance in the old scene which Tony reconstructs tomorrow.

DAILY VACATION CHURCH SCHOOL OPENS TUESDAY

ninth Consecutive Session to Be Conducted at Methodist Church

The ninth consecutive session of the Daily Vacation Church school will open at 9 o'clock Tuesday morning at the First Methodist Episcopal church. As last year, the school is being conducted by the Methodist and Presbyterians.

The theme of the school this year will be "The World's Children," the first of a series of international programs built around world peace and Christian living. An exhibit of international dolls and handwork of children of other nations has been secured to promote this theme, and names of other children will be the out of the play hours. Bible stories of the New Testament, stories of other nations, songs and dramas will be taught, and there will be workbooks in manual training, soap-making, painting and drawing. Missionary collections will be taken three mornings a week, from "Cease Firing" will be by Mrs. Harriet Nicholson before each collection.

Classes will be held from 9 to 11:45 a.m. Monday, Tuesday, Wednesday, Thursday, Friday and Saturday. There will be three departments, beginners, primary and junior. Boys and girls of all denominations, from four to 14 years of age, are invited to attend.

An exhibit of handwork and a program demonstrating the school's work will climax the session on June 11.

Miss Esther Miller, assistant to J. J. Holmes, will be the superintendent of the school. Mrs. H. K. Hart and Miss Eloise Smeltzer will have charge of the singing, with Miss Wichmann as pianist. Department heads are Mrs. J. R. Denton, Mrs. C. C. Bailey, Mrs. H. T. Hanson, Hanford Wright, Walter C. J. Earl Miller, and Grace Lewis. J. A. Holmes, the Rev. R. A. Harrison, C. O. Davis and Miss Elizabeth White will give special addresses during the session.

Though the teaching staff is practically complete many assistants are needed for the large registration which is anticipated. Anyone ready to assist is asked to call Miss Miller at the church office.

ALL FIRST WITNESS IN "GIRL MART" CASE

San Diego, Calif. (P)—The first witness was called today in a Hollywood "girl market" case involving Alexander Pantagos, theatre man, for eight days had been required to sit the jury of nine men and three women.

Pantagos, Jesse H. Shreve, San Diego real estate dealer, William Belmont and Olive Clark Day are defendants.

They are charged with conspiracy in contributing to the delinquency of Lydia Nitto, 17, in bringing her to a hotel party from the "market" jobelmann and the Day man are accused of operating.

Toma Whelan, district attorney, said the Nitto girl and John P. Mills, real estate man, would be the first to testify. Mills has pleaded guilty to a charge of contributing to the girl's delinquency.

ATTEMPTS TO TRACE HIDDEN AUTOMOBILE

Brookhead (P)—Sheriff J. S. Pesiden today investigated the finding of a buried automobile on the rman Stephan farm near here in an attempt to determine if the car is hidden by Illinois gangsters.

The roadster was found by the mer's two sons who discovered a .32 calibre revolver buried in the machine. The farm previously was rented to several Chicago gangsters. At that time federal prohibition agents raided the place, destroyed it, but made no arrests.

en! Banish Those Pimples Right Now

Isn't it a pity to see a fellow with a looking features—but his whole appearance is ruined by a pimply face?

People shun him — those ugly pimples are so disgusting to them, they even hate to dance with him. Now would you like to have a persay to you. "Tomorrow morning when you wake up you will not have those pimples have started disappear—in three days they'll be gone—in a week you'll have a clear, velvety skin."

This is exactly what Peterson's skin ment offers you and if your skin is marvellously cleared your eyes will be returned.

Cursey Pentecost of Springfield, Mo., says: "I had used several of Ointment but they did not work. I used Peterson's 3 or 4 times my face was at last cleared of pimples."

Let your faith in Peterson's Ointment and be free from pimples and blemishes in a week's time — one small box will prove it — all druggists.

Teach Children To Read With Thorough Methods

Reading when father and grandfather went to school meant repeating the words in a story out loud while the teacher corrected the pronunciation. Not so with the modern child who learns how to treat books how to use a dictionary and encyclopedia, and the use of references and indexes.

Reading today is filled with phonics, diacritical marks, book lists and reading diplomas for the student who reads library books outside of class.

Little tots in the first and second grades have lessons in the proper care of books along with learning consonants and their stories about "the grass is green" and "the cat plays with a ball." These first graders learn how to open a book properly and are taught to use attractive bookmarks and posters. They also have their first lessons in behaviour in a library in that they are taught to be quiet. The pupils are given attractive books to look at and their attention is brought constantly to notices and posters for their story-telling value.

An outlined aid to better reading for grade school children in Appleton is made by several Appleton teachers working on a special committee.

Miss Pearl D. Fellows, sixth grade teacher at McKinley, was chairman of the committee. She was assisted by Miss Marian MacVean, first grade, Columbus; Miss Genevieve Thulien, second grade, First Ward; Miss Genevieve Murphy, third grade, Jefferson; Miss Dorothy McDonald, fourth grade, Washington; Miss Florence Rademacher, fifth grade, Franklin.

Borrow Books

By the time a child is in the third grade he is borrowing books from public libraries. Part of his reading lessons is to learn the value of the library and how to obtain books. The children visit the library with the class teacher and they obtain library cards. Part of the schedule for this group is to have each child read at least five books during the year and one book from each of the lists which the teacher makes out. Dismissals for outside reading are given to the child as an award of achievement. Every third grader is acquainted with the table of contents in books before he leaves the class. The children practice locating certain designated pages quickly and they are taught to find a title in the content table.

Library instruction is carried further in the fourth grade with the children learning the method of finding specific fiction books. They are taught the alphabetical arrangement of books according to the authors' names and they also learn how to scan book backs for desired material under its title. This group has the same required amount of reading to accomplish with special honor seals being given to the child who reads twice as many as the required number of books.

It is in the fourth grade that children learn how to use a dictionary. This is accomplished through constant drill of searching for certain words and reviewing the alphabet as an aid to find the sought word quickly. These students learn to determine rapidly the alphabetical order of words with different initial letters; they arrange words alphabetically according to the first letter, the first two letters and the first three letters. They are drilled in opening the dictionary in approximately the right place.

Learn Index Use

The use of the index and encyclopedia is taught to fifth graders. A need for the encyclopedia is developed through topics from history, hygiene, geography, reading and picture study in art. Students develop their own topics and learn to find reference material for themselves. This same work is developed in the sixth grades with an increased use of reference material in all the student subjects. The teachers work out reading problems in connection with actual school work. Throughout all the grades the children learn the various pronunciation marks and terms and progress with words study as they reach a higher grade in school. The study of antonyms, synonyms and homonyms, prefixes and suffixes are an important part of sixth grade work.

Under such a program the school child no longer drowns his reading lesson out loud with the teacher making corrections. To a modern child reading is not mere pronunciation of words that often form no meaning to him, but it is a definite series of steps which teach him how to acquire more knowledge.

DISCUSS PLANS FOR RETAIL TRADE EVENT

Plans for Merchants' Cooperative Reviewed at Division Meeting

Final plans for a cooperative trade event for Appleton retail merchants were presented by Herb Goldberger, chairman of the committee in charge, at a meeting of the retail division of the chamber of commerce in the chamber offices Wednesday morning. Mr. Goldberger reported that the event will take place the third week in June, but that no definite dates had been set.

The division also discussed evening opening on the night of July 3, but sentiment was divided. It is expected a definite decision will be made at the next meeting.

It hopes that the common council will take definite steps toward establishment of more parking space for automobiles were entertained by several members. Members reported that there is dire need for more parking space, inasmuch as rural traders are experiencing considerable difficulty finding adequate parking on College-ave and adjoining streets.

FOUR ASSEMBLY BILLS SIGNED BY GOVERNOR

Madison (P)—Governor LaFollette signed four assembly bills yesterday. They are:

By Charles Perry, Wauwatosa—providing that the rate of dividends declared and paid upon paid up stock in building and loan associations shall not exceed the rate declared and credited at the same time on installment stock.

By John Eber, Milwaukee—permitting the borrower who refinances his mortgage loans in a building and loans association to defer the charges of refinancing until the loan is repaid.

By committee—permitting the creation of trusts in life insurance policies.

By committee—centralizing the regulation of public health nursing.

NATION STILL SUFFERS FROM LONG DROUGHT

Lack of Reserve Moisture Is
Menace According to
U. S. Weatherman

Washington—(AP)—American farm lands are not yet out of danger after last year's drought, and may suffer a serious relapse if a single hot, dry month should come along.

This is the outlook as described by J. B. Kincer, chief of the division of agricultural meteorology of the United States weather bureau. Although the country in general is convalescing from the 1930 dry spell, it has not yet built up enough reserve strength in the form of moisture in the subsoil, he says, to resist another prolonged attack of dry weather.

There is a faint possibility of another drought this summer, Kincer points out, for weather bureau records of the past show a tendency for one dry year to follow another. This tendency is not sufficiently reliable to be used as a basis for forecasting, however.

Rains in many sections so far this spring have been below normal, as was the case last year, and some areas have had even less rain in 1931 than in the drought year of 1930. States in the northwest have had subnormal rainfall for as long as fourteen years, and their reserve of moisture in the soil has practically disappeared.

Rainfall of normal intensity is essential all summer until the end of September to prevent serious damage to crops this year, Kincer says. More rain than normal would be preferable in order to build up a reserve.

Rain so far in 1931 has been largely on a "hand-to-mouth" basis, enough to give crops a start, but not enough to insure a successful growing season unless moisture is plentiful all summer.

Moisture in the subsoil in North Dakota is the lowest on record for the state, say reports to the weather bureau. Surface and upper subsoil moisture in the spring depends on rain and snow that have fallen

To Sing Abroad

Remember her? She's Mrs. Milton Sills, the former Doris Kenyon of the screen, and widow of the late Milton Sills, movie star. She and her 4-year-old son, Kenyon Sills, are pictured as they sailed for Europe, where she will appear as a singer on stages in London, Paris and Vienna.

from September to April, and moisture in the lower subsoil depends on rains of preceding years.

The northern prairie states and the Northwest are badly in need of more rains, Kincer says. Rain also is needed, but less urgently, in the middle prairie states. Sections along the eastern seaboard have a moderate moisture supply, but more rain there would be beneficial. The south has enough moisture for present needs, but will require plenty of rain through the summer. Only the southwest has a plentiful reserve supply of moisture in the soil, he reports.

In the spring wheat belt, surface

U. S. DEBT TO GROW BY HALF BILLION

Treasury Deficit at End of
Fiscal Year to Be 950 Mil-
lion, Estimate

Washington—(AP)—The administration expects the national debt to be increased by \$500,000,000 and the treasury deficit to total \$950,000,000 at the close of the fiscal year June 30.

The condition of the government's finances was attributed in a White House statement Tuesday to the business depression. A decline in treasury receipts from taxes and customs was caused, it said, by the economic situation. On the other hand, it added, unusual expenditures for construction work, agricultural relief and veterans services amounting to more than half a billion in excess of those of last fiscal year placed an unusual drain on the treasury.

The announcement was made after President Hoover conferred with the cabinet. During the conference, Secretary Hyde informed the chief executive the agriculture department would save \$11,000,000 this fiscal year and \$20,000,000 next year, largely from unused relief funds.

At the same time, Mr. Hoover invited Secretary Adams and high naval officials to his camp at Rapidan, Va., to discuss, over the weekend, ways of cutting costs of the naval establishment. However, naval officials have pointed out that

moisture is scarce. Wheat is suffering severely, much replanting is necessary, and dust storms actually are blowing the seed out of the ground in some sections, the weather bureau says.

New Face Powder Smooth as Satin

That lovely, natural bloom of youth! Find it in MELLON-GLO. Finest, smoothest face powder known. New French process makes it stay on longer. Coloring, approved by United States government, blends perfectly with any complexion. No flaky or pasty look. No ugly shine. MELLON-GLO prevents large pores, never irritates skin. ADV.

SCORES OF SOUTHERN BANKS ARE REOPENING

Atlanta, Ga.—(AP)—Gradually the pocketbook of the south is being reopened as scores of banks resume

already, appropriations for the coming fiscal year are less than those of this year, while the five year aviation expansion program remains uncompleted; and the navy has not built up to the London arms conference limitation.

business after being forced to close their doors in 1930 and early weeks of 1931. Since Jan. 1 deposits of more than \$39,000,000 have been restored to circulation with the reopening of 150 banking houses in Arkansas, Mississippi, North Carolina, Kentucky and Florida.

Great Britain and Germany have installed two more circuits from London to Berlin and Cologne, on account of increasing telephone traffic.

What lively soapy suds!

Dishes, pots and pans soak spotless

SAVE yourself work three times a day! Use Rinso, the richer soap, for dishwashing. It cuts grease like magic. A hot rinse—and your dishes dry clear without wiping! Wash pots and pans this easy way, too.

Rinso gives twice as much suds, cup for cup, as lightweight, puffed-up soaps—even in hardest water. No grit; marvelous suds for tile, porcelain, woodwork. Wonderful on washday—gets whiter clothes without scrubbing or boiling. And colored clothes come bright as new.

Millions use Rinso for the dishes, for the wash and for all cleaning. Get the BIG household package.

Rinso
The granulated soap for week's wash, dishes and all cleaning.

Had Pimples and Blackheads Very Badly. Healed by Cuticura.

"I had pimples and blackheads very badly. The pimples were large, hard and red and itched so much that I scratched and squeezed them making my skin very sore. I had them about six months. I tried so many other remedies without success that I thought my case was hopeless. On the advice of a friend I purchased some Cuticura Soap and Ointment. In one week's time there was a big difference, and after using three cakes of Cuticura Soap and one and a half boxes of Cuticura Ointment I was completely healed." (Signed) Miss Adeline Sonnenberg, Box 397, Atlantic Mine, Mich.

Soap 25c. Ointment 25c. Sold everywhere. Sample each free. Address: "Cuticura Laboratories, Dept. H, Malden, Mass."
